

Red Feather Campaign Goal Set at \$300,000

Solicitation To Start On October 21

Newton's Red Feather Campaign has set a goal of \$300,000 for its drive this month, Franklin N. Flaschner, campaign general chairman, announced at the Kick-off meeting of the Advance Gifts division. The overall Greater Boston goal is \$6,567,000 for 277 welfare and health agencies in 48 metropolitan communities.

Sessions of the Little Red Feather Schoolhouse, information meetings for the volunteer solicitors, got off to a good start this week and are continuing with three more groups next week. The schedule is Monday, October 8 at Newton Police Station, West Newton with the Boy and Girl Scout representatives; Tuesday, October 9 at Newton Boys' Club, 98 Dalby street, Nonantum, and the concluding session at the West Newton Community Centre, 429 Cherry street, West Newton.

Death Takes High School Principal

Leo J. Barry, 45, principal of Newton High School, died yesterday morning (Wednesday) at his home, 344 Woodward street, Waban, after an illness of several weeks.

Mr. Barry was appointed principal of the high school of July 1, 1954. Prior to that time, he had served as administrative assistant and was named assistant principal in 1951. He had been a member of the high school faculty since 1941.

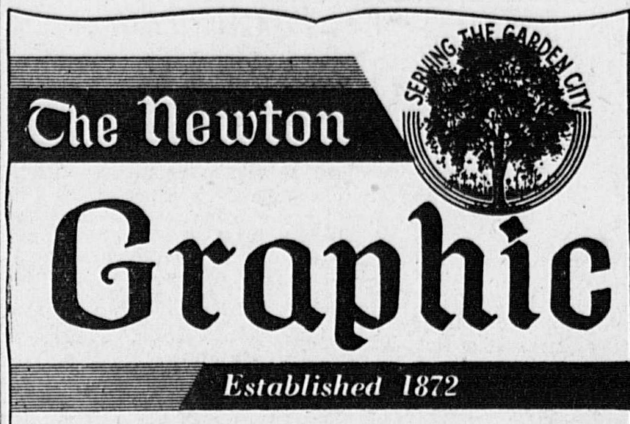

Before coming to Newton, Principal Barry taught English at Danvers for seven years. A graduate of Bates College, Mr. Barry edited "Navy News in the Pacific" as a Navy lieutenant during World War II. In April, 1954, he was elected president of the Newton Community Council.

Dr. Barry earned his master's degree in education from Boston University and received his Doctor of Education degree from Harvard University.

Funeral services will be held at St. Philip Neri Church, Waban, Saturday morning at 10 o'clock. Visiting hours at the Gregg Funeral Home, Watertown, will be this evening, Friday afternoon and Friday evening.

Mr. Barry is survived by his wife, Mary, and a son, Mark, who is in the ninth grade at the Warren Junior High School.

How Well Do You Know Newton? Unique Illustrated Lecture Available to Civic Groups

Do you know which is the oldest church edifice in the city of Newton? Can you locate the "1810 Milestone"? Could you find some 17th century houses still standing in this city? Where in Newton did John Eliot preach to the Indians?

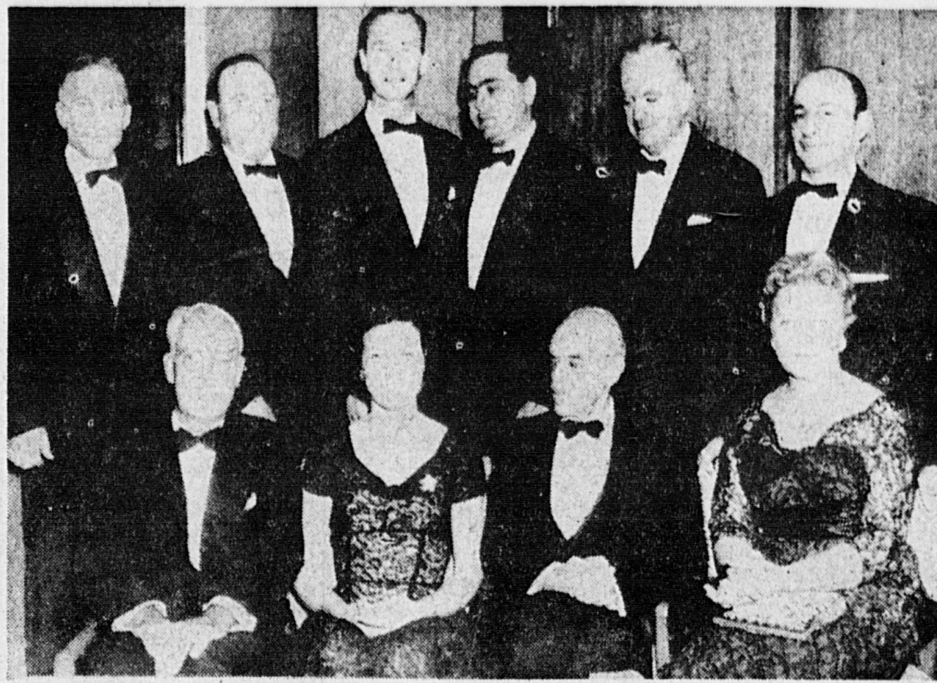

The answers to these and many other questions are revealed in the unique illustrated lecture entitled "Newton's Historic Landmarks." This talk, presented before various civic groups in the past few years, has been most favorably received.

Again during the coming season, the Jackson Homestead, Newton's Historical Museum, located at 527 Washington street, Newton, is offering this program free of charge as a community service. Showing as it does the houses in this city which date back a hundred and fifty years or more, historical markers, ancient trees, the three old fenced-in graveyards, old mills, and many other historical features, it is particularly appropriate for Improvement Societies whose members would have a special interest in learning more about their city. Other groups for whom it is well adapted are Women's Clubs, church and fraternal groups, P.T.A.'s, and service and community clubs.

Much research has gone into the preparation of the narrative accompanying the slides. The facts have been assembled by Fred C. Alexander, chairman of the Historical Committee of the Friends of the Jackson Homestead and member of the Board of Trustees, who has searched old maps and histories of Newton, studied documents and interviewed countless individuals.

The lecture makes a comfortable hour's program but is variable in length. The exterior slides were taken by Mrs. E. Graham Bates, chairman of the Board of Trustees.

Receive Achievement Awards

Ten Distinguished Citizens Recognized for Outstanding Contribution to Public Service

Ten distinguished citizens were presented First Annual Achievement Awards at a dinner sponsored by the Boston Town and Country Clubs and officially opening the new Commonwealth Country Club in Newton, last Tuesday evening.

Presented by Mayor John Hynes of Boston and Mayor Howard Whitmore Jr. of Newton, the awards were made for achievement in the ten fields of public service, medicine, sports, entertainment, culture and arts, science, education civic service, press and business, with the aim of encouraging further individual efforts to further Greater Boston's growth.

Awards were received by the following: Governor Christian A. Herter, for public service; Dr. Paul Dudley White, for medicine; Tenley Albright, for sports; Arthur Fiedler, for entertainment; Edwin O'Connor, for culture and arts.

Nathan Pusey, for education; Walter Brown, for civic service; Erwin D. Canham, for press; Charles F. Adams, Jr., for business; and Bradford Washburn, for science.

As a "token of esteem and gratitude from the citizens of Boston and Newton" for his initiation of the 1956 Achievement Awards, a special citation was presented Ben White, managing director of the Boston Town and Country Clubs, by

Mayor Hynes and Mayor Whitmore.

Planned as an annual event, the awards were this year decided by ballot among representatives of the Greater Boston press, radio and television after nomination by a press committee.

The function was held in the newly renovated Commonwealth Country Club in Newton, officially opened to the public this past weekend. An adjunct of the Boston Club on Beacon Hill, it is operated by the Boston Town and Country Clubs to provide a combination of city and suburban recreation centers.

Church Groups Protest Elicits Answer on Issue

Replying to a vote taken by the trustees of the First Unitarian Society regarding the proposed extension of the East-West toll road over the roadbed of the Boston and Albany Railroad, Chairman William F. Callahan of the Turnpike Authority, in a release issued Tuesday stated "you are anticipating our decisions before any have been made."

In its vote the trustees of the First Unitarian Society said that "it is common knowledge that the proposed extension, including the construction of 19 bridges, will split the City of Newton, destroy homes and businesses, cost the city millions in property values and will probably deprive commuters in Newton, Wellesley, Framingham and Natick of the service on which they depend. It is also well known that the proposed extension will be extremely expensive, a cost which the users must pay, and apparently violates all good practice in toll road construction."

Continuing, the trustees stated: "Another fact which may not be so well recognized is that the proposed extension, over only a distance less than two and one half miles, will physically destroy or severely disrupt 10 churches and the newly renovated Newton Y.M.C.A. The churches are: Corpus Christi Church, Church of the Messiah, Myrtle Baptist Church, St. Bernard's Church, Mt. Zion — TOLL ROAD — (Continued on Page 2)

Arrive Tomorrow Morning

Ottawa Exchange Group On Five Day Visit Here

Glebe Collegiate Institute students arrive this week to return the April visit to Ottawa, Canada, of a Newton High School Exchange Group. Thirty-three students from Grades 12 and 13 in Glebe Collegiate and their faculty leaders arrive early Friday morning at North Station and will be welcomed by Newton students and teachers.

Mayor Howard Whitmore, Mrs. Irene K. Thresher, and other distinguished guests will take part in a special assembly during the hour before lunch, which will be in the high school cafeteria. A full day of classes, getting acquainted with Newtonites and the families of exchange partners, and an evening of dancing at the Totem Pole are scheduled for the first day.

Shopping and sightseeing in Boston, the Brockton football game at Newton, and a progressive supper party are the highlights for Saturday. As usual in all School and School Exchange programs, Sunday is family day and kept for church, short excursions, and rest.

After a morning of classes on Monday, October 8, the Glebe Collegiates and their Newton pals will have a sightseeing tour that includes historic points in Boston. In the evening the exchangers, parents, and faculty guests will go to Concord for a New England Thanksgiving Dinner in celebration of Canada's Thanksgiving Day. The menu and program are planned to provide a worthy substitute for the home holiday the guests are missing in Ottawa.

An extensive tour on Tuesday will take them to places of historic and literary interest.

School Board To Meet Twice Monthly

Announcement has been made that the Newton School Committee, for the first time in its history, will hold regular meetings twice a month.

Beginning this month, the committee will meet on the second and fourth Mondays instead of just on the fourth Monday as it has in the past.

POLITICAL OVERTONES

Stevenson Given Outside Chance to Carry Massachusetts Fewer Blank Votes for Governor Among the Republicans

Massachusetts is now being listed by most political experts as one of the States Adlai Stevenson must carry in order to have a real chance of defeating President Eisenhower in the November election.

That probably is an accurate appraisal of the Presidential situation. If the election were today, however, Ike would be favored to top Adlai in the Bay State.

It is not likely that President Eisenhower's margin would be anywhere near the 208,000 votes by which he carried the State in 1952; neither is there any present pre-election evidence to indicate that the President's advance of four years ago has been entirely wiped out.

The fight for the Massachusetts electoral votes shapes up as fairly close. Where Adlai was trailing far behind Ike at the comparable stage in their first race, as now seems to be within striking distance in this state of the man who overwhelmed him here in '52.

It's possible that Stevenson will carry Massachusetts when the returns are counted four weeks from next Tuesday. If the tests and checks of voting sentiment that have been made to date are correct, however, he will have to come from behind to do it.

All meetings run from 8:00 to 9:30 p. m.

Executive and staff members of Newton's thirteen Red Feather Services will meet with Mr. Flaschner next Tuesday morning at the Newton Y.M.C.A. to discuss their participation in the 1957 campaign. Alex R. Miller, general secretary of the 'Y' is chairman of the Community Chest soliciting the employees of local Red Feather agencies.

The Campaign Kick-Off Meeting for the Residential, Women's Retail, Men's Retail, Public Schools, Industrial and Municipal Employees Divisions will be held Thursday, October 18, at 6:30 p. m. in the Newton High School Gymnasium.

Jesse Owens, famous Olympic track star, is key note speaker, and Milton Cook, 62 Fenn Road, Newton Centre is chairman of this event.

General solicitation begins October 21. Red Feather Sunday, Newton's objective, as expressed by Residential Chairman Victor M. Kumin of Newton Highlands is to "Sweep Clean by Halloween."

Campaign slogan is "Their Future Depends on You", emphasizing that one half million Greater Boston youngsters benefit annually from Red Feather Services.

"The Red Feather Campaign raises five times as much money as the next largest fund appeal in this area," Robert F. Cahill, executive director of Newton Community Chest, stated this week. "This is because Red Feather is the one campaign that helps all children—sick or well, happy or troubled."

Red Feather funds help support thirteen Newton agencies as well as 264 more organizations located in the neighboring communities of Greater Boston. These private voluntary agencies provide a full range of services from family counseling to hospital care to recreation and must depend on generous contributions from the public, rather than tax support, for their maintenance.

All witnesses who testified at the inquest in Newton District Court on July 10 will testify again.

The inquest was held on the deaths of Gordon M. McMullen, 53, of 30 Oak Terrace, Newton Highlands, and Mrs. Marion C. duMont, 50, of 41 Glenley Terrace, Brighton.

Death was attributed to "sodium nitrite" a chemical used for sterilization of surgical instruments which was administered to both patients in place of sodium phosphate which is used as a mild cathartic.

Judge Donald E. Mayberry found on the inquest that evidence warranted a "finding of criminal negligence" on the part of William S. Brine, director of the Newton-Wellesley Hospital; Damon Van Buskirk, chief pharmacist at the hospital, and Clyde R. Claus, pharmacist at the hospital.

No decision on the action to be taken by the grand jury is expected before today (Thursday).

Reception-

"It is our hope that the Massachusetts Turnpike Authority will find the proposed extension unacceptable when it has had an opportunity to consider the damage to the spiritual life of the community, as well as the loss in property values which will result."

In his release answering the trustees of the First Unitarian Society in Newton, Chairman Callahan stated: "This will acknowledge your letter of September 18 regarding extension of the Massachusetts Turnpike into Boston."

"We disagree with the statements contained therein because there are no facts to sustain them. You are anticipating our decisions before any have been made. For your information and for the information of the Board of Trustees of the First Unitarian Society of Newton, the Massachusetts Turnpike Authority now is undertaking a thorough engineering study of the proposed extension."

"When the studies are completed the Massachusetts Turnpike Authority, in conformity with established policy, will hold public hearings in Newton and Boston before any final decision is made by the Authority."

"In view of the previous publication of your letter to me, I am taking the liberty of releasing a copy of this reply to the press."

Next week, October 7 through the 13th, is National Fire Prevention Week, and it will be duly observed here as elsewhere.

It is during this time that people all over the nation are requested to consider the past year's fire losses of life and property and to renew their efforts to stop the needless fires from starting.

Memorial Day in May has a very significant relation to Fire Prevention Week, because on this day many of the new graves that will be decorated, will have been victims of death due to fires. Deaths that might have been avoided if someone had taken heed to have performed some much needed fire prevention work around the home or place of business.

Many times it is only necessary to cultivate Safety Habits to make a place much safer from fires starting. It is thoughtless disposal of lighted matches and "smokes" that cause the largest number of fires throughout the nation. Taking an extra second to be sure that these smokes are dead before throwing them away would save lives, property, natural resources, jobs, and our recreation grounds. This in itself may seem a small

thing to do, but most fires are small when they start, but expand exceedingly fast.

The real large fires that we hear about and make the headlines constitute but a fraction of the losses. It is the innumerable small fires that we do not always hear about that swells the property loss. The small fires which are mostly in the home usually start from carelessness, poor housekeeping, and lack of safety precautions.

Consider for a moment if you will a community such as ours to be mostly destroyed with a loss of 12,000 citizens. If such a thing did happen, everyone would be talking about it and what should or could have been done to prevent it. But because usually only a few lives are lost, we sort of overlook such things as not going to happen here. Maybe we are too over-confident.

Now is the time to check your home from attic to cellar before the cold season starts and find out just what hazards you have that should be removed and remove them. Fire and Death go hand in hand and grant no favors, lives and property is all they seek, none are spared.

Make every day Fire Prevention Day—instead of regretting it on Memorial Day.

Of Hot, and Cold

Sometimes it happens that campaign oratory generates more heat than light—and there is a lot of it these days on the air and in person.

Cold as they are, facts and figures may well be studied, as the election ap-

proaches, by every voter as he reads his newspaper and receives campaign literature in his mail.

These facts and figures add up to "the record." As Al Smith used to say, "Let's look at the record!"—and be sure it is in the interest of every American.

The Big Block

Consider the plight of the nation's 4,000,000 small businesses which, in the words of a Senate committee, form "the basis of our progressive economy."

In order to grow, they need a tax system which permits growth out of earnings. But in getting cash for expanding operations, they face the block of the high, discriminatory Federal income tax.

The corporate tax rate consists of 30 percent on taxable income up to \$25,000 and 52 percent on all income over that. Even worse is the plight of the businessman operating a small unincorporated business as a sole proprietorship. Out of every dollar of next taxable income above \$16,000, he pays 50 cents or more in taxes. Truly the tax system puts a penalty on success.

--- the informed citizen ---

A Weekly Column written and prepared by the Newton League of Women Voters and devoted to the principle that an informed citizen is a good citizen.

"COMPETITION IS HEALTHY"

For the first time in many years, the subject of "Trade" is not a major issue in a presidential election campaign. However, it is a subject with which the next Congress will have to deal.

The League of Women Voters has been interested in and has studied United States trade policies which might help to solve both national and international economic problems. The need for public understanding of existing facts and attitudes toward the trade problem led the League in 1954, to undertake to survey the impact of foreign trade on individual American communities on a nation-wide basis. Newton was one of 530 local leagues in 41 states which conducted 11,229 interviews to produce the findings which were recently published in a book called, "Facts and Attitudes on World Trade."

The main purpose of the survey was to stimulate people to examine for themselves how international trade, both export and import, affects their own communities. The project was divided into three parts:

1.) There was to be prepared a summary of pertinent economic data concerning each area to be surveyed;
2.) A representative sample of manufacturers, farmers, and miners was to be selected and approached, preferably by personal interview, to obtain facts concerning their current stake in foreign trade;
3.) An opinion check-list was to be given to each person interviewed to obtain attitudes toward government policies with respect to competitive imports from abroad.

The completed survey reports that extreme protectionist views

on trade are now held by only a minority of United States citizens. It further states: "If the balance of opinion is in favor of a more liberal expanding trade policy, it is also true that a surprising number of those interviewed did not have a clear idea of what their personal stake might be or what present trade policies and proposals are. Nevertheless, it can hardly be overstressed that the survey showed that acceptance of new economic realities concerning our stake in world trade has far outstripped general attitudes toward decisions on public policy relating to the maintenance and development of this trade."

The sturdy spirit of the Yankee trader was evident in the five New England states where more than 1,000 manufacturers contributed their views to the league effort. The textile industry was, as elsewhere, most worried. The overwhelming majority of other producers interviewed, however, favored expansion of trade and a major approval of liberal or moderately liberal trade policies.

Reasons for these opinions varied. Furniture manufacturers in New Hampshire felt that United States trade should be expanded "on a basis of competitive value without benefit of tariff protection." Several manufacturers echoed the statement that "competition is healthy"—a sentiment heard throughout New England. In Vermont, answers to questions were described as "cautious, independent and humanitarian" brushed by a burning preoccupation with defense needs. Green Mountain state manufacturers and farmers said explicitly that efficiency rather than

protection is the solution to the problem of competition. Although nearly half of the manufacturers interviewed said their business has been hurt in some degree by foreign imports, they still adhered to the principle of building a better mousetrap to attract profits.

In all the New England states, Canada was regarded as a sister state with tourist traffic a mutually profitable bond. Vermont lumbermen and manufacturers of wood products mentioned Canadian competition, but generally considered it as an amiable contest in which they felt they could take care of themselves.

Massachusetts, Connecticut and Rhode Island manufacturers also expressed the desire for an expansion of trade, even though the textile and yarn manufacturers in these areas said that they are feeling a serious pinch from the competition of foreign imports. Even in minority opinions there is a deep thoughtfulness, as reported in the Cambridge, Mass., study. There the leagues noted that manufacturers feel "there are many problems for which there are no satisfactory solutions," but also quoted them as feeling that "as a whole we have more to gain than to lose from expanding our foreign trade."

Rhode Island, which tended to be more conservative than the other New England states in the group, said that foreign trade "is of considerable importance" to its economy. The textile and rubber industries there made up the bulk of the 37 percent of manufacturers responding who said that imports had affected their business adversely. Asked about the effects of a more liberal trade

ST. FRANCIS OF ASSISI
Editor, the Graphic:

In the hurly-burly and aimless drift of modern life it is well to pause and take our spiritual bearings. October 4 is such a day, dedicated as it is to St. Francis of Assisi, whose ideal was to live in literal accordance with the example and teachings of Jesus and whose life was consecrated to the work of implanting that ideal in the hearts and minds of his fellow men. On this day what can we do better than to recall his famous prayer and reverently meditate upon its message. May I share it with those of your readers who may not be familiar with it? Thus it reads:

"Lord, make me an instrument of Thy peace; where there is hatred let me sow love; where there is injury, pardon; where there is darkness, light; where there is despair, hope; and where there is sadness, joy. O Divine Master, grant that I may not so much seek to be consoled as to understand; to be loved, as to love; for it is in giving that we receive, it is in pardoning that we are pardoned, and it is in dying that we are born to eternal life."

It might be added that St. Francis regarded the lower animals as his spiritual kinsmen and addressed them as his little brothers and sisters. His sermon to the birds is a classic. His festival on October 4 has been fittingly set aside by humanitarians as World Day for Animals.

policy. 35 percent responded that it would hurt their business, while 48 percent felt it would have no effect and 17 percent favored free trade.

New Bedford, Mass., surveyed cooperatively by four New England leagues, is described as an outstanding example of Yankee tenacity. Once a top whaling port, New Bedford was forced to adjust itself to change in the middle of the last century. Rather than decay gracefully, it adopted itself to the textile business. With the decline of cotton manufacturing, New Bedford was called upon to adjust itself again. League surveyors now characterize it as "a city of diversified industry and with a hope for the future."

"Facts and Attitudes on World Trade" is believed to be the most comprehensive study of its kind ever made at the grass roots level. In the course of the survey, 3500 league members conducted more than 11,000 interviews. Mrs. Stanley J. Ebb, publications chairman of the Newton League, may be called at BI 4-1724 by anyone interested in obtaining a copy of the 36-page pamphlet.

Now faith is the substance of things hoped for, the evidence of things not seen.—(Hebrews 11, 1.)

Can you "see" how your TV and radio bring distant scenes and sounds into your home, or even how voices come over your telephone? Yet we know they do. . . . Why should it ever be difficult to believe in God—that He is, all good, all love?

Recent Deaths

Deborah Barron Blazer

More than 1000 persons Sunday attended services for Mrs. Deborah Barron Blazer, 33, of 410 Lowell avenue, Newtonville, at Temple Israel. Rabbis Roland Gittelsohn and Leon Jick officiated.

Mrs. Blazer, who died last Friday, for the past two years was chairman of American Affairs of Hadassah. She also was a member of the Beth Israel Hospital Women's Auxiliary, the League of Women Voters, and the executive committee of the Parent-Teacher's Association in Newton.

Among those attending funeral services were Sidney Rabb, president of Beth Israel Hospital; Dr. Abram L. Sacher, president of Brandeis University; Superior Court Judge and Mrs. Charles A. Rome, Superior Court Judge and Mrs. Louis Goldberg, and Superior Court Judge Reuben Lurie and Justices Daniel J. Gillen, Frank W. Tomasello, Jacob Lewitov, George W. Roberts, J. John Fox and Elias Shamon of the Municipal Court of Boston.

Also attending were former Gov. Paul A. Dever, Lewis H. Weinstein, president of the Combined Jewish Appeal, Mrs. Viola Pinanski, widow of Judge Abraham E. Pinanski; Judge Jacob J. Kaplan, former special justice of the Dorchester District Court, and Judge David A. Rose of that court; Judge Martin Colten of the Brookline District Court; Mrs. Nehemiah Whitman, honorary president of the Beth Israel Hospital, Women's Auxiliary; Joseph B. Grossman, former governor's counselor; and Bernard Grossman, president of Temple Shalom, Newton.

Representatives of the New England Hospital and the Beth Israel Hospital medical staffs, and from Hadassah, the Women's Zionist Organization of America also were present.

Pall bearers were Eugene Baker, Leonard and Sheldon Blazer, Dr. Albert Cohen, Leo Dunn, Manny Green, Bernard Grossman, David Kaplan, Herbert Kornblit, Dr. William Schwartz, Ralph Semenov, and Dr. Lester Steinberg.

Mrs. Blazer leaves a husband, Dr. Howard A. Blazer; three children, Jean, 9, Richard, 7, and Sally, 3; her parents, Mr. and Mrs. Samuel Barron, Jr. (Judge Jennie Loitman Barron) of Brookline; and two sisters, Mrs. Erma Barron Wer-

One of the reasons Massachusetts is mentioned so often as one of the States Adlai might swing over to his column is that it voted Democratic in every Presidential election from 1928 to 1948.

This is how the national experts think Stevenson might roll up the 266 electoral votes he must get to win the Presidency.

They give him all 11 States of the Confederacy, four of which he lost to Ike in 1952. Only Florida, however, is classified as doubtful this time.

Next they concede him the border States of West Virginia and Kentucky, which he carried four years ago, and Oklahoma and Missouri, which he lost in '52 but where he appears to be much stronger in this campaign.

Those 15 States between them have 167 electoral votes. Few political observers would dispute that Stevenson is likely to carry all 15, although they might express some reservations about Florida.

That alone would be an improvement over his 1952 performance when he carried only nine States possessing 89 electoral votes.

The experts then assert that if Adlai can win back Massachusetts, Rhode Island, Arizona and New Mexico, all States with a strong Democratic background in the Presidential elections preceding 1952, he would pick up another 28 electoral votes and boost his total 195.

Of those four States, the one Adlai is likely to have the most difficult time reclaiming is Massachusetts which is almost by far the most important since it has 16 electoral votes compared to four each for Rhode Island, Arizona and New Mexico.

Next the pundits say that if Stevenson could then pick up two industrial States—and they list Pennsylvania and Michigan as possibilities—it would give him 247 electoral votes.

Pennsylvania with 32 electoral votes and Michigan with 20 are considered within Stevenson's possible reach because Pennsylvania has had a big Democratic registration and Michigan has had unemployment in the automobile industry.

That would leave Stevenson 19 short of the 266 electoral votes he would need to win, and to put him over the top the experts give him a chance of capturing Minnesota and Iowa, where the greatest farm unrest is considered to exist.

Those 23 States would give Adlai 268 electoral votes, two more than a majority. That reckoning does not give President Eisenhower any the best of it because, although he has unquestionably suffered heavy losses in Iowa's farm vote, he is still being picked to carry the State.

But if Stevenson were to win all the other 22 States which the political sharps think might conceivably go into his column but lose Massachusetts to Eisenhower, he also would lose the election—unless he can capture some other state with an equally big electoral vote.

The political seers say that the big "Ifs" in their appraisal of how Adlai could win are Pennsylvania, Michigan, Iowa and Minnesota.

We would be disposed to add that Massachusetts also stands in the "If" column. Stevenson certainly has a long way to go before he would be favored to carry it.

Primary Figures Give Hope to GOP . . .

Republican leaders, after studying the official returns for the recent primary, now feel that the figures are much more encouraging for their party's cause than was first believed.

In searching for straws in the election winds, the professionals and experts center their attention not only on the vote

nick and Mrs. Joy Barron Rachlin, both of Brookline. Burial was in Sharon Memorial Park, Sharon.

The Chesapeake & Ohio Railway has reported revenues for 1955 from hauling coal and coke of \$189.4 million dollars, a total exceeded only once before—in 1951.

Political Overtones

(Continued from Page 1)

totals that the candidates did roll up but also on the number of votes they were unable to get from members of their own party.

The so-called "blanks" in a primary can be very revealing in indicating whether a contender for high office has any noticeable weakness in his own party ranks.

An analysis of the primary returns points clearly to the conclusion that Sumner G. Whittier and his running mates on the GOP State ticket are very strong in the Republican party. Here is the reasoning behind that opinion:

The Democratic turnout for the primary was just about what the political experts expected. The Republican vote was a little bigger than was anticipated.

The political pundits, who studied all the aspects of the primary, predicted that between 500,000 and 600,000 Democrats and between 250,000 and 300,000 Republicans would go to the polls.

Official tabulations now show that 532,228 Democrats and 316,652 Republicans cast votes in the primary. With no contests at all for places at the head of the Republican ticket and with comparatively few real fights anywhere in the party, the fact that nearly a third of a million GOP voters took the time and trouble to go to their polling places is surprising.

Republican leaders, however, consider the figures on the number of "blanks" even more significant than the statistics on the total turnouts of the two parties.

Ordinarily, there is a tendency on the part of the voters to pass over candidates who are standing unopposed, as were Whittier and his GOP ticket mates, and to center their attention on the positions for which there are contests. A vote for Whittier was strictly of a complimentary nature.

Yet, the figures disclose that there were more Democratic blanks for Governor than there were on the Republican side where there was no special incentive to vote for Whittier.

Democratic politicians may shrug that off by pointing out that the turnout in their primary was substantially higher than in the GOP, but that does not completely change the picture.

Of the 532,228 Democrats who went to the polls in the primary, 358,051 voted for Furcolo, 131,496 for Buckley, and 42,672 didn't bother voting for either candidate.

What the political scholars try to figure out in analyzing those returns is whether Furcolo in November will get the votes of the 171,168 Democrats who went to the polls in the primary but did not cast their ballots for him.

Strange as it may seem, there is a greater likelihood that he will get the support of the people who voted against him in the primary than of the people who while they were in the polling places didn't bother to vote at all for the Governorship.

On the Republican side, 286,013 Republicans went to the polls, and 30,610 didn't take the time to vote for Whittier. It is a fairly safe assumption that the reason most of them didn't do so was that they felt it didn't mean anything. The same thing is not true in the case of Furcolo who had a fight on his hands.

It would appear that the Democrats have more cause to worry about the one voter in 13 in their party who didn't vote for either gubernatorial contender than the Republicans do about the approximately one person in 10 in their primary who didn't take the time to give Whittier a complimentary vote.

A surprising thing about the Republican primary returns was that the six members of the GOP ticket were closely bunched, with the totals falling off only slightly as the voter went down the ballot.

Paper Drive To Be Held by Church, Oct. 6

For those who have been wondering what to do with old newspapers and magazines, the Newton Methodist Church will solve the problem with a paper drive Saturday, October 6.

Since accumulated papers constitute a fire hazard, the gift to the church will not only aid the community, but will also clear out the basement, states Dr. Paul Uhlinger, minister of the church.

Those with cars may bring paper and old rags to the rear of the church on the corner of Centre and Wesley streets where a truck will be parked on Saturday. Those unable to bring the papers should call the Parsonage, LA 7-6094, and arrangements for pickup will be made.

Tied bundles of paper and old rags may also be placed in the garage between the church and Parsonage at any time before Saturday.

THE "SOLISTI DI ZAGREB," Yugoslavian chamber orchestra, will make its premier American appearance as the first program on this year's Lasell Junior College concert series on Wednesday evening, October 10, at 8:30 in Winslow Hall. Under the direction of Antonio Janigro, conductor and cello soloist, the orchestra is the first group of its kind to appear from behind the Iron Curtain.

World Vision Conf. Starts Sun.

Representatives of the major mission fields of the world will be present at the eighth annual World Vision Missionary Conference which will be held for eight days beginning this Sunday, October 14 at the Immanuel Baptist Church.

Dr. George W. Linhart, pastor, reports that a fine faculty of speakers have been assembled for the coming conference and that the sessions are to be held daily and at 7:00 p.m., each night at the Newton church. Curious, exhibits and films, as well as messages, will be part of the conference.

It was also announced that starting with a budget of \$2,000, a fund for missionary giving has steadily climbed to \$20,000 for the current year.

Yugoslavia Orchestra to Give First American Concert at Lasell Junior College October 10

The "Solisti di Zagreb," a 14-piece chamber orchestra from Yugoslavia, will be making their first appearance in America as they open the current concert series at Lasell Junior College on Wednesday evening, October 10, at 8:30 in Winslow Hall. First orchestral group to come from behind the Iron Curtain, their concert at Lasell immediately precedes their New York debut at Town Hall.

Under the direction of Antonio Janigro, Yugoslavia's most distinguished cellist, the group will perform their complete Town Hall program at Lasell. Included will be the Beethoven Cello Concerto in B flat, with Mr. Janigro as soloist, and the "Funeral Music for Viola and Strings" by Paul Hindemith. Other composers represented will be Rossini, Mozart, and the contemporary Yugoslav composer, Milko Kelemen, a student of Milhaud and Messiaen. Tickets are one dollar and may be purchased at the door on the evening of the concert.

It is interesting to know that there are two factors which set this ensemble above others in its class. First, and perhaps most important, is the unique fact that all of the violin players are the product of a single school, giving each a familiarity in style and technique possessed by all the others. In addition, within the orchestra are two complete string quartets, both recognized as foremost in Yugoslavia. They are the Quartet of Radio Zagreb, and the Zagreb Quartet. Together they form a secure and accomplished core to the orchestra. Add to this the fact that practically every member of the group has performed both as a soloist and/or a regular player with noted orchestral ensembles, and one can therefore expect only the highest quality of performance from a group of such rich experience.

Antonio Janigro, the group's conductor, is a native of Milan, Italy, and has distinguished himself all over Europe as conductor and soloist, as well as a teacher of the highest quality. In this country, he has been known principally through his recordings of all the major cello works on Westminster labels, but the present tour will undoubtedly establish his reputation as a conductor equal to that as a cello soloist.

The "Solisti" will ride to the United States on a wave of critical acclaim. In Vienna, where the entire musical public rates itself as connoisseurs of chamber music, the Bild Telegraph declared, "Comparable in technical finesse to the Virtuosi di Roma, musically the Yugoslavians offer far more. Their music making has qualities which trace the inner life of music... and convert it into the most beautiful tone."

In Paris, London, Rotterdam, The Hague and many other cultural capitals, the work of these 14 artists has been equally acclaimed. There can be no doubt that Lasell audiences will have an exciting and rewarding experience when the "Solisti" comes here next week.

GOP Plans Fund Drive Here Soon

Every Republican household in Newton will be asked to contribute to the Newton Republican Finance Drive in the next few weeks, according to an announcement made by Ernest G. Angevine, co-chairman of the Newton Republican Finance Committee.

"The drive for funds for the Republican campaign is well underway, with a large number of finance solicitors organized for the purpose of reaching every Republican family in the city. We know that Newton Republicans recognize the great need at this time for adequate funds to continue to carry on an effective and successful campaign, and will respond generously when called upon."

The following Finance Committee have been appointed to head up the Finance Drive in their respective wards: George P. Buell, Ward 1; George W. Briggs, Ward 2; Ernest G. Angevine, Ward 3; John F. Wheelock, Ward 4; Abraham Naderman and Edwin Hawkridge, Ward 5; Mrs. Charles Hovey and Joseph M. Williams, Ward 6; Mrs. E. J. Fischel, Ward 7.

World Wide Communion Day to Be Observed Here Sunday

Overflow congregations are expected to fill Newton's churches this Sunday, as they join with Christians throughout the United States and more than 50 other nations in the 17th annual observance of World Wide Communion Sunday.

Starting with services in the Fiji Islands and New Zealand on the other side of the international dateline and continuing westward with the sun throughout the day to the far outposts of the Western Hemisphere, the observance will give global testimony to the unity of the common faith shared by Christians of the world.

Services in many of the churches will launch intensive campaigns of several weeks duration to recruit new members and strengthen the ties of old members. Some have scheduled preparatory services the preceding week, and will provide communion to shut-ins and others unable to attend formal services. Many churches will mark the occasion with special observances.

Reverend Sydney Adams at the Centenary Methodist Church in Auburndale will be assisted in this service by two students from Boston University School of Theology, symbolizing oneness with those of different color and racial backgrounds. He will be assisted by Mr. A. R. Sasane from India and Miss I. Chung Rhee from Korea.

In Newton, Eliot Churches Dr. R. A. Eusden and Rev. Paul Uhlinger of the Newton Methodist Church will emphasize the ecumenical principle by coop-

erating in two services at the Newton Methodist Church, one at 9:30 a. m. and the second at 11:00 a. m. It is expected that the two congregations will be mingled at these services.

First Baptist Church in Newton (Newton Centre), it was announced by Rev. R. H. Bishop, will hold its World Wide Communion service in Noyes Hall at the Andover Newton Theological School. The First Baptist Church sanctuary is presently undergoing renovation together with a new organ and chancel installation. Rev. Bishop reports that great importance is attached to this World Christian Community service by his parish each year.

Rev. E. F. Young of Newton Centre Methodist Church has stated that the text of his sermon will relate to "The Lord's Last Supper". On display at this service will be a 6' x 4' framed, crocheted communion cloth depicting Leonardo Di Vinci's famous painting of "The Lord's Last Supper". As an ecumenical feature of this World Wide Communion Sunday, a family night supper will be held at the church from 5:30 p. m. to 8:00 p. m. to be followed by foreign student speakers from Boston University who will appear in native costume and demonstrate and play upon their own native musical instruments. Students are expected from the countries of China, India and Korea.

Rev. J. Balcom of St. Paul's Episcopal Church in Newton Highlands has reported that he will, on this Sunday, conduct his first communion service since his return from England

where he has been on exchange service, and that Rev. J. S. Tabor who has been at Newton Highlands St. Paul's for the past year will be, on this Sunday, conducting his first communion service since his return to his home church, St. Paul's Episcopal Church, Hook, in Surrey, England. Services at this time in both the American and English St. Paul's will include prayers of thankfulness for the safe exchange and remembrances of each congregation by the other.

At the Newton Highlands Congregational Church Dr. F. Groetsema will share his pulpit for the first time with Rev. Robinson who will be at this church for one year. Rev. Robinson is an Ecumenical Fellow, was graduated from Chestnut College in Cambridge, England. He is here on a Fellowship granted by Harvard University through the cooperation of the World Council of Churches.

Rev. E. J. Helms of the Newton Lower Falls Methodist Church has announced that he will preach on "Who Is My Neighbor?" with special note and reference to an understanding of denominational differences throughout the world with an appreciation of the viewpoint of others, and stressing the value of the ability to live harmoniously with others through a practice of deliberate and unrestrained good will.

"Oneness in Divinity" illustrating that good relationships with one's self engender good relationships with others, and that equally so, good relationships with others engenders good relationships with one's self, will be the theme of the service at North Congregational Church in Nonantum as announced by Rev. J. Donald Johnson.

In West Newton, Dr. Ross Cannon, Pastor, stated, "The Second Church in Newton (Congregational) plans to feature World Communion Sunday to review its relationship with the Whole Body of Christ, and with special reference to the mission in India where Dr. Hale Cook, its missionary, and his family serve".

World Wide Communion Sunday was started in 1936 in the United States as "an effort to meet the spiritual needs of our Church in depression days". The observance was carried abroad by foreign missionaries and soon spread to churches of other communions. It is sponsored in the City of Newton by the Newton Council of Churches.

MRS. FRANK M. TAYLOR

Mrs. F. M. Taylor In Third Series Of Lectures

Friday, October 19, at 10 a. m., Mrs. Frank Mansfield Taylor returns to Second Church in Newton, West Newton, for her third series of lectures on current events and world affairs.

Mrs. Taylor returned this summer from a trip to the Mediterranean and Europe during which she again talked with many leaders of several countries and visited Marrakech in Morocco, the Alhambra in Spain, the Top of the Rock and Berlin, both East and West Zones.

This year, the series is limited to three lectures, the others following on November 9 and December 7, as Mrs. Taylor will leave in January on an extensive trip around the world. The lectures are open to all, and tickets are available to the public at Second Church office (Margin street entrance) or may be reserved by calling BI-4-2690.

To Interview H. S. Students

Newton High School students will have the opportunity to talk with Robert Shirley, assistant to the dean of admissions at Colgate University, on Monday, October 8. Mr. Shirley will meet students at 11 a. m. for a discussion of Colgate's educational program and campus life.

Plan Campaign To Clean Up Litter In The City

Newton is known as the Garden City but there are many spots which could hardly be called that. At the suggestion of Mayor Howard Whitmore, Jr., the Newton Community Council is launching a campaign—to be conducted by Newton's many organizations and individual citizens—to make Newton MORE beautiful: to clean up the litter in the streets, to improve the condition of the trash by householders, and to trim up the sidewalk borders and take care of grass cuttings and leaves.

Mayor Whitmore will personally kick-off the campaign by citing the conditions and problems as he sees them and how we can go about solving them at the Fall Delegate Meeting of the Newton Community Council on Wednesday, October 10, at 8 p.m., at the Clafin School.

The Mayor's talk will be followed by a round-table discussion among the following who will tell in what ways the organizations they represent can help. They are as follows:

Frank H. Battles, Jr., Newton Chamber of Commerce; Dr. Harold Gores, Newton Public Schools; Allan Martin, Newton High School Associates; Mrs. Haskell Ostroff, Newton PTA

Council; William J. Robinson, Council of Improvement Associations; Mrs. Kenneth J. Waite, Newton Federation of Women's Clubs.

There will be ample time for questions from the floor. Everyone is welcome as this is an open meeting.

WEST NEWTON

Miss Cheryl Worthen of 121 Highland street, West Newton, who was graduated from Newton High School in 1953, has completed her studies at the Katharine Gibbs School in Boston and has secured a position through the Placement Department of the school with the New England Mutual Life Insurance Company in Boston.

William F. Clark Named First Pres. of School Discussion Group

The first meeting of the newly-organized Massachusetts Association of School Business Officials was held Thursday, September 27, at the Pillar House in Newton Lower Falls. This group which is composed of officials of public school systems who are involved in the area of business administration met informally on two occasions last spring.

Some 25 members assembled for dinner and later adopted a constitution and elected a slate

of officers for the year 1956-57. William F. Clark, director of Business Services, Newton Public Schools, will be the first president of the organization.

James L. McGuinness, business manager of the public schools of Lynn, is vice-president. Harold A. Clark, assistant superintendent of schools, Sharon, is secretary-treasurer. The board of directors is made up of Leo J. Burke, business manager, Boston public schools; George Greim, superintendent of maintenance, Arlington public schools, and Charles M. Healey, Jr., purchasing agent for the City of Springfield.

The purposes of the organization, like those of the international Association of School Business Officials, are the promotion of the exchange of infor-

Red Cross Annual Meeting Oct. 9

The regular annual meeting of the Newton Chapter, American Red Cross, will be held Tuesday, October 9, at the Normandy Room, Norumbega Park, Auburndale.

The annual meeting of the members is open to all residents of Newton who have contributed to the annual appeal for funds of at least \$1.00.

There are several important business matters coming before the membership such as election of new board members.

Alan R. Morse, a member of the board of governors, National Red Cross in Washington, will be the guest speaker.

matation and of cooperation and uniformity of practice in school business affairs. The next meeting will be held at the Pillar House in November, the date to be determined later.

Newton Archers To Hold Benefit Tournament Sat.

The Newton Archers cordially invite all archers to attend a Benefit Tournament for the International Archery Fund to be held at the Newton Centre Playground on Saturday, October 6. All proceeds from this tournament will be given to the FITA Fund and will be used to send the top American archers to the World Championships in 1957. It is hoped that the United States will be able to send a complete team of two men and two women to the 1957 FITA tournament. Contributions in the form of prizes or refreshments will be greatly appreciated.

Tournament registration will be at 9:30 a.m. this Saturday morning at the Playground. There will be a thirty minute practice period with the tournament beginning at 10:00 a.m.

Standard Rounds will be shot: Double American for Ladies and Gentlemen, Double American for Intermediates. The Juniors will shoot a Double Junior American, and the Beginners a Double Worcester Round. The tournament fee will be \$1.50 for Seniors and 75c for all other classes. Beautiful prizes will be awarded after the tournament. Refreshments will be served.

The Newton Archers hope that you will support international archery by attending this tournament or, by contributing to it in some way. This is an important archery event. We want representation at the World Championship as we have some of the finest archers in the United States. If you should like to contribute prizes or refreshments for this event please call Mrs. Robert Osnam at DE 2-4597. The Newton Archers, the oldest archery club in continuous existence in the United States, feels that the Boston community will want to be a part of this major tournament.

F. Brittain Kennedy Re-elected Chairman of Region I

umbeaga Council, Inc., Boy Scouts of America, was re-elected to the Region I chairmanship at the annual regional meeting at the New Ocean House in Swampscott Saturday, September 29.

Mr. Kennedy, the father of an Eagle Scout son, has a long and distinguished record of service in scouting. He started as Norumbega Council organization and extension chairman. He became scout commissioner in 1944 and council president in 1946, and has been active on the executive board since that time.

In 1948 he was the recipient of the Silver Beaver, highest award a local council can present. In 1950 he was recognized by Region I when he was presented with the Silver Antelope for outstanding service to boyhood on a regional basis.

will be given away during the evening.

A popular caller will lead the dancing from 9 to 11:30. Before the dancing begins, all stores will be open until 9 o'clock and will give away tickets with all purchases for the prize drawings.

In case of rain this activity will take place the next evening, Saturday, October 20.

Toastmasters Club

Elmer Ross and Ernie McKenzie of the Newton Toastmasters Club began the club's fall exchange speaker's program by speaking at the Quincy Club Monday evening of this week. Two members of the Walpole Club will attend the Thursday's session of the Newton club.

George S. Bissell of Newtonville was chosen "Man of the Evening" for his two minute talk on "Law of Supply and Demand" at the recent dinner meeting held at the Hotel Beconsfield. Mr. Burkhardt delivered a five-minute prepared talk on "The Sport Car," stressing the joy and ease and economy of the smaller car and its use on the highways today with approximately 4½ million registered automobiles.

C. Gerald Murdy, personnel officer at the Bedford VA Hospital, won the Higbee Trophy, for his talk, entitled "Nothing, built around Webster's definition of the word.

The club president, Robert C. Hunt, announced that club members would welcome the opportunity to assist outside organizations in their speaking programs. Arrangements will be made by contacting John B. Gwynn, Fairview 5-5590.

Thomas E. Crosby of Auburndale acted as toastmaster for the evening with Harold J. Waters as topic-master. Joseph H. McPherson, Jr., and Charles Scipione, Jr., as evaluators and Charles E. Smith was master evaluator.

Discussion Units To Consider "Probation" at Meetings

Mrs. David Cooper, Discussion Units Chairman, of the League of Women Voters of Newton announces that the first group of discussion units

will meet from October 9 to October 22. The subject to be discussed is "Probation".

Mrs. Stanley Lewenberg, Social Welfare Chairman, and her committee will provide background information on the Massachusetts system of pro-

bation and will bring League members up-to-date on the recent legislation which the League supports. This legislation is based on reports of the Wessell Committee. Committee members, who will act as "resource" people are: Mrs. Paul Bronstein, Mrs. Esmond Rice, Mrs. Jacob Riemer, Mrs. Ralph Rosenbaum, Mrs. Joseph Sholkin and Mrs. Lewenberg. Evening units meet at 7:45 p.m. and will be held in the

following places:
Tuesday, Oct. 9: — Newtonville — at the home of Mrs. Jeremiah Berman, 58 Prescott street — Discussion Leader: Mrs. Howard Arbetter.
Wednesday, Oct. 10 — Newton Highlands — at the home of Mrs. Joseph Schaffer, 26 Rockledge road — Discussion Leader: Mrs. Harold Stein.
Thursday, Oct. 11 — Waban — at the home of Mrs. Harold Issacs, 92 Varick road — Discussion Leader: Mrs. George Baker.

Morning units meet from 9:45 to 11:30 a.m. They will meet in the following places:
Wednesday, Oct. 10 — Newtonville Library (entrance on Highland avenue) — Discussion Leader: Mrs. James Lewis. Hostess, Mrs. Maurice Strauss.
Thursday, Oct. 11 — West Newton — at the home of Mrs. Charles Worthen, 121 Highland street — Discussion Leader: Mrs. Robert E. Segal.
Thursday, Oct. 11 — Newton Centre — at the home of Mrs. Robert Leventhal, 20 Drumlin road — Discussion Leader: Mrs. Joseph Miller.
League members and their friends are welcome to whichever unit they prefer. Further details may be obtained from Mrs. Cooper at BI 4-8297.

Native of Newton President of Aluminum Firm
A native of Newton, Eric F. West, has been appointed president of Aluminum Limited Sales, Inc., United States subsidiary of a Canadian aluminum company, it was announced last week.
West, who was born in Newton in 1923, joined Aluminum Limited's U.S. sales subsidiary in New York in 1948. He rose from salesman to general sales manager before assuming direction of the U.S. public relations and advertising two years ago.
A graduate of Groton School and Harvard College, the former local man was commissioned a second lieutenant in World War II and served in combat abroad with the 8th Air Force as a P-51 Mustang fighter pilot. He and his wife and three children now reside in Far Hills, N. J., where he is active in politics as a member of the Somerset County Republican executive committee and the New Jersey Republican finance committee.

Free Chest X-ray To Be Held Here

The Newton Tuberculosis and Health Association has announced that it will conduct a free chest X-ray survey for residents of Newton this month.

The mobile X-ray unit will be located at the Hawthorn Playground on Hawthorn Street (off Watertown Street) in Nonantum, October 22, 23, 24, from 3:00 p.m. to 8:00 p.m.

This is only the second time that a unit will be available in Newton during the evening hours making it possible for working men and women to take advantage of the chest X-rays.

Free chest X-ray surveys in Newton, sponsored by the Newton Tuberculosis and Health Association, are supported solely by the annual sale of Christmas Seals. An annual chest X-ray is highly recommended as a protective health measure for all adults, especially those 45 years old and over.

Watch this newspaper for further details about the survey.

Hosp. Corporation Indicted By Grand Jury for Two Deaths

An indictment against the Newton-Wellesley Hospital Corporation was returned by the Middlesex County Grand Jury Monday after it had heard evidence relative to two deaths which occurred in the hospital last June, District Atty. Ephraim Martin indicated arrangements would be made this week for a formal arraignment of the Newton-Wellesley Hospital Corporation.

No individual was named in the indictment. The only penalty to which the hospital is liable is a fine. Conviction would result neither in restriction in the hospital's activities, nor would

it increase its liability for suit by relatives of the two victims. Because it is a charitable corporation, the hospital cannot be sued in civil court for negligence of any of its officers and employees.

Commenting on the indictment, Mark C. Wheeler, president of the hospital, stated: "The Newton-Wellesley Hospital is acutely aware of the tragic deaths which occurred at our hospital last June. It has been and continues to be our belief that these most unfortunate occurrences were solely the

Meadowbrook School to Be Site of Candidates' Meeting Oct. 22

Plans for the Candidate's Meeting October 22, sponsored by the League of Women Voters of Newton were discussed at a meeting of the Voters' Service Committee at the home of Mrs. Leopold Beckwith, committee chairman. Mr. Edward V. Hickey, Jr., who will act as

moderator, was a special guest. Candidates representing Newton in Congress, the General Court and in Middlesex County will be presented at the new Meadowbrook Junior High School in Oak Hill. They will be given the opportunity to express their views as well as to question each other in a forum type of program.

A special service of the Voters' Service committee is being offered to community groups. Members of the League have been invited to speak to different organizations on the subject of Election Issues. Mrs. John Locke and Mrs. James Zimmer were guests of the Couples Club of the Newton Centre Baptist Church. Future engagements have been arranged for Mrs. Maurice Strauss at the Abundant Women's Club; Mrs. Lloyd Fogg at the Church of Messiah Junior High School group; and Mrs. Isidor Slotnick for the Girl Scouts.

Mrs. David White, with the assistance of other interested groups, will distribute the League's candidates' questionnaires. The questionnaires and a Voter's Guide will be available at the Candidates' Meeting.

Homestead Open House On Sunday

One of the pleasanter signs of Fall in the Newtons is the news that Open House is starting again at the Jackson Homestead. This coming Sunday afternoon, October 14, from 3 to 5, everyone is invited to drop in at 827 Washington street to meet old and new friends, enjoy a spot of punch and see what has been done inside this charming old house since last Spring.

Mark Bortman of Newton is opening a series of Exhibits with his very outstanding collection of Americana of the Colonial and Revolutionary Periods, including silver, miniatures on ivory, and old documents. Not only is he well known in the antiquarian field but he is also Chairman of the Boston National Historic Sites Commission. His collection will be on exhibit through December. Later, Mrs. Alexander I. Peckham, Exhibit Chairman, has planned a fascinating display

Better For City Than Toll Road

Directors of the Newton Taxpayers' Association are recommending to its members that the association go on record as favoring a freeway through this city as the extension of the Toll Road from Weston to Boston rather than the proposed road over the Boston & Albany railroad roadbed.

Access, recoupment of municipal losses, and reinvestment are some of the contentions cited by the directors as reasons for favoring a freeway instead of a toll road. It also pointed out that a freeway would provide more local, area and regional benefit; avoidance of triple charge on users, and better use of potentially available Federal funds. No decision was reached by the directors as to location of the highway but some of the reasons advanced for the freeway are as follows:

Users must pay Federal taxes and state taxes for roads anyway. A toll road imposes a third and direct charge which a freeway would avoid.

Financing by state and federal funds on the 10-90 formula is probable if there is no toll road paralleling such a route.

A freeway provides a better chance for in-city access with

Legislature Fails to Act on Toll Road

A last-ditch attempt by Newton legislators to secure a bill at a closing session designed to delay construction of the extension of the East-West Toll Road from the Weston terminus into Boston met defeat last Friday in the House of Representatives.

Filed at the request of Mayor Howard Whitmore, Jr., the bill would have rescinded the right of the Massachusetts Turnpike Authority to build the extension until a comprehensive plan could be prepared and presented to the Legislature for approval.

Rep. Arthur G. Heaney of Newton Highlands shortly after noon Friday made a motion that the Rules Committee be instructed to report the bill to the floor, which requires a two-thirds vote. If the bill were reported to the floor, a four-fifths vote of the House would be required to suspend the rules so that the bill could be considered at the session.

However, fewer than 50 members of the House were in attendance, and they defeated the motion by a standing vote. A favorable vote of 160 was needed for the passage of such a motion.

Speaking in favor of Mr. Heaney's motion were the other three legislators from Newton, Mrs. Irene K. Thresher, George E. Rawson, and Donald L. Gibbs. Opponents of the motion were Democratic Floor Leader John F. Thompson of Ludlow, and Rep. Joseph Graham of Brighton.

Rep. Heaney promised that the bill will be submitted to the 1957 Legislature.

MAYOR HOWARD WHITMORE, JR., is shown purchasing the first package of light bulbs being sold by the Newton Lions Club in connection with that organization's Eye Research project. Others in the picture, are, left to right: Arthur Gillis, Lions International councillor; Dr. William Stone, Jr., ophthalmologist, Massachusetts Eye and Ear Infirmary, and Dr. John Evans, president of the Newton Lions Club.

Exchangers Plan Two Pennsylvania Trips

Newton High School's School and School Exchange for 1956-1957, following the custom of recent years, will be a dual program. Thirty boys and 30 girls have been elected to this large and important extracurricular activity. In money raising projects and for some other parts of the year's program, they will all work as one team. As hosts of visiting schools and as visitors, the 60 Newton students will be divided into two groups known as the "Main Liners" and the "Pittsburghers."

The first of four "starred" weeks is November 25 through December 1. Fifteen boys, fifteen girls, and faculty leaders from West View High School, Pittsburgh, arrive early Sunday morning for a full week of exchange activities. This group, which plans to leave Saturday afternoon, December 1, will say an "Au revoir" to their Newton hosts, who are scheduled to make a return visit in April, 1957. Although the exact dates are not determined, Newton's calendar is tentatively set for April 11 through April 18.

Two months earlier, a Newton group will be guests of Radnor High School, Wayne, Pennsylvania. Students of this

school will be in Newton in May.

Both West View and Radnor have been active in the Exchange Program. For many years Radnor and Newton have been discussing the visits planned for this school year.

Floyd Rinker, announcing Newton's Exchange plans for this year, said that the names of winning applicants would be published next week. As usual there were hundreds of excellent applications, making the tasks of the Faculty Committee very difficult. "We have," he said, "elected an outstanding group of Newton students; however, if all these sixty persons were to withdraw, Newton High School could organize notable exchange groups from the many applicants not named as winners."

Mr. Rinker, who has been director of the program since its beginning in the fall of 1948, and has worked for the success of the fourteen Newton Exchanges already completed, has asked for the appointment of a new director. In withdrawing from the Exchange, Mr. Rinker said that the demands of other work he has undertaken, and his belief in the rotation of assignments, were the reasons for his action.

Democrats Rally To Be Held Oct. 17

A Democratic Rally "Spectacular," to be held Wednesday night, October 17 at 8 p.m. at the Weeks Junior High School in Newton Centre was announced this week by Simon Scheff, President of the new Democratic Club, and Mrs. Jean S. LeCompte, Chairman of the Newton Democratic City Committee.

The Rally is being held for National, State, and Local candidates, and will be preceded by a colorful motorcade and bagpipes. Newton's Young Democrats and delegations from neighboring communities will participate.

The parade will form at Democratic headquarters at 1351 Washington street, West Newton, and at 7 p.m. will proceed along Washington street to Newton Corner, then along Centre street to Newton Centre and to Weeks Junior High School.

In addition to speakers for the Stevenson-Kefauver ticket it was announced that the audience will hear from Foster Furcolo and Robert F. Murphy, candidates for Governor and Lt.-Governor; Jackson J. Holtz, candidate for Congress from the tenth Congressional District; and other State and County aspirants.

Local candidates appearing at the Rally will be John Melia, running for the State Senate and Representative candidates Leo M. Cannon, Lawrence E. Cooke, George F. Cahill, and Joseph M. Walsh.

The Committee on Arrangements is headed by Lawrence Sullivan, Francis McGuinness, Joseph Tosney Jr., Robert Caron, and Milton L. Cohen.

The Democratic Club and Democratic City Committee welcome all their friends to the Rally, and to join the Motorcade.

21 Years Head of Weeks Jr. H. S.

Raymond Blaisdell Named To Harvard Graduate School

Raymond W. Blaisdell, for 21 years principal of the Weeks Junior High School in Newton, will serve this year as a member of the faculty of the Harvard Graduate School of Education.

Mr. Blaisdell will direct the secondary school apprentice work of some 40 teacher trainees in Harvard's new Internship Program, begun in 1955. Through the program, graduates of liberal arts colleges attend an intensive summer session in Newton, then "intern" for a half year in a Greater Boston School system. They spend the other half year at Harvard.

Active in the organization of this program, Mr. Blaisdell served as principal of the demonstration summer school for the Harvard-Newton Summer Program during the last two summers. He also directed the seminar for secondary school interns at Harvard during the regular term, while continuing to serve as principal of the Weeks School, which he headed from 1935 to 1956.

Junior College Shows 20% Increase

For the first time in the history of Newton Junior College, the number of first-year students enrolled this year from communities other than Newton exceeds the number of graduates of Newton High School, Director Walter M. Taylor said last week.

POLITICAL OVERTONES

Ike Seen Leading at Present in Massachusetts and Nation Whittier and Fulcrum Running Neck and Neck for Gov.

The preliminary sparring period in the political campaign is over. The time in which the rival candidates may send up trial balloons and test out the issues to determine which of them will arouse a strong public response has ended.

Now the contenders for the Presidency, the Governorship, the Attorney Generalship and other offices swing into the critical and crucial home stretch of their race to election day.

From here on they'll be fighting for every advantage, smashing hard at every opening, with the likelihood that an increasingly bitter tone will mark the campaigning and that there will be many detours from the so-called high political road.

As President Eisenhower and Adlai Stevenson move toward the final three weeks of their contest, the indications are that Ike is still leading both in Massachusetts and the nation but that their battles both in the State and across the country are far closer than they were four years ago.

Stevenson started his intensive campaigning earlier than did the President and apparently narrowed the gap before Ike began putting on the pressure. Some of the political experts are wondering about the timing of Adlai's drive and whether he may be bringing his campaign to a peak too early.

ist, from 8 to 9. The cartoonist is Eric Martin, from Harvard College. For the 4th, 5th and 6th grades, a House of Horrors is being planned. Room mothers are: Mrs. Thomas Con-

The chamber of horrors committee, under the chairmanship of Raymond McMillen, includes Gerald Crowley, William Humnick, Wilbur Draisin and John Sharkus.

Williams School

Enthusiastic plans for the Williams School party are going ahead fast, according to Mr. and Mrs. Richard F. Cleveland, building chairman, and Mr. and Mrs. H. J. Douglas Mackenzie, co-chairmen. There will be an unusual surprise entertainment in the gym, under the direction of Mr. and Mrs. Warren Freeman, "who gave us such a delightful puppet show two years ago and such wonderful games and dancing with stunts last year. The Fun House will," state the chairmen, "be very different this year."

Mrs. Thelma Adkins, our policeman, will be on hand to assist any of the parents when necessary. Assisting the building chairman are: Mrs. Frederick Weston, refreshments; John Rooney fun house; William Rich, traffic; Michael Mulryan, movies; Mr. and Mrs. Warren Freeman, entertainment.

Weeks Jr. H. S.

Mrs. George Goldberg, building chairman of the Weeks Jr. High parties at the Newton Centre Woman's Club, reports that the 7th, 8th and 9th grades will get together from 7:30 to 10 o'clock. There will be dancing, and music will be provided by Harry Locke's 3-piece band. Mrs. Goldberg says that while plans are not yet complete, they are shaping up very well.

Mrs. Hovgaard deals with hundreds of people yet each one to her is truly an individual. She is concerned with the tall

16 year old high school girl who stays home from the dance because no tall boy invited her. As a physical education teacher she tells the girl to stand straight and tall. Her own graceful carriage is a good example. As a woman with a heart she seems to say to the girl, "Don't care too much, the tall boys are looking for you, and will find you very soon."

Mrs. Hovgaard, in her job as Recreation Supervisor, has offered the children of Newton intelligent, thoroughly pleasant, but safe enjoyment to divert the children's minds from mischief to healthy pastimes, and above all, Mrs. Hovgaard's eyes light up when she says, "To instill in young minds the fundamentals of good citizenship." And she continually stresses the need for good leadership.

Ragna Hovgaard is even more interesting than the work she does. Curly ringlets of steel grey hair frame her face which seems to be all eyes. She is as energetic as a youngster and she gives the impression that she never walks when she can run. She came from Norway at 14 years of age and has supported herself ever since. She worked her way thru Sargent College in spite of the language difficulty. She is most modest about her accomplishments. If you compliment her about her achievements she is likely to smile shyly and say with a broad Norwegian accent "Ooooh that was nooooting." Then she gives all the credit to her co-workers in the Recreation Dept. and to the members of the various committees.

I asked Mrs. Hovgaard what of all her experiences as a Recreation leader gives her the most pleasure. She hesitated a moment. "There have been many gratifying experiences, but perhaps the one sight that really warms my heart is to see the high school boys and girls dancing happily under the gay colored lights at the TOTEM POLE. For some of them it is their first big dance. And they are all dressed so beautifully."

She stopped for a moment and then added almost in a whisper, "It is an emotional experience for me." The hint of tears in her eyes spoke clearly the words she had left unsaid. Ragna Hovgaard has no children of her own. But she has some small part in planning the education of these fine young people and she is justly proud of them. This is truly an emotional experience.

Mrs. Hovgaard is indeed in the right business. She likes people and the people of Newton love her.

result of human error and not caused by any departure from generally accepted and approved hospital practices.

"The Hospital has employed outstanding experts to survey its pharmacy and procedures, and their recommendations have been followed by the Hospital. All possible steps have been taken to prevent the recurrence of these tragedies."

"The question of a violation of a regulation of the Massachusetts Department of Public Health can only be determined by trial at which all of the pertinent testimony will be presented."

"The regulation in question provide that 'poisons and medications for external use shall be kept in a separate compartment or section of the pharmacy or drug room.' Each of the supplies in question was kept in a separate compartment. Each bottle was well labelled with the name of the preparation, and further precaution was taken in that the external preparation had orange labels and the internal use preparations had white labels. In the opinion of the Hospital, there was compliance with the regulation."

"The Hospital endorses the recommendations of the District Attorney in seeking legislation to clarify and implement the laws as they now exist. As in the past, the Hospital will strive to maintain and improve the high standards which have long merited the support of the community."

The case concerned the deaths at the hospital of Gordon M. McMullin, 53, of 30 Oak terrace, Newton Highlands, and Mrs. Marion C. duMont, 50, of 41 Gleney terrace, Brighton. After the inquest in July, Judge Donald E. Mayberry found that the evidence warranted a "finding of criminal negligence" on the part of William S. Brines, director of the hospital, and Harold Amidon, chief pharmacist, and Clyde R. Claus, pharmacist's aid. The Grand Jury indictment does not include these individuals.

Boston Red Feather Campaign, will outline the over-all area campaign needs.

Anthony Jauregui, Chest president, will speak on the year-round duties of the Newton organizations. Mayor Howard Whitmore, Jr., will extend the city's greeting and will present Mr. Owens as the keynote speaker. The latter is today a much sought after speaker, noted for his inspirational message to groups working in behalf of youth. Franklin N. Flaschner, Newton's campaign chairman, will preside at the Kick-off program.

A feature of the evening will be the appearance of high school captains of the various sports teams: football, field hockey, ice hockey, basketball, baseball and track. Representatives from Red Feather youth agencies in Newton will attend, namely the Boy Scouts, Camp Fire Girls, Girl Scouts, Y.M.C.A. and Boys' Club.

Thermometers with local goals have been erected in the twelve villages of Newton. The village goal on each marker represents the combined objectives for the Women's Retail, Residential and Advance Gifts teams in the respective areas. Village goals are: Auburndale,

Daniel S. Ellis and Mrs. Thomas Gephart, and publicity, Harvey F. Kazmier and Mrs. Robert S. Kretschmar.

Goals for the seven money raising division of the Newton campaign have been assigned to the following chairmen: Victor M. Kumin, Residential, \$83,250; W. Walker Cowles, Advance Gifts, \$127,000; Robert C. Jackson, Public Schools, \$4,700; Mrs. Frederick J. Wood, Women's Retail, \$7,650; Edgar W. Pitt, Industrial, \$52,700; J. Philip Berquist, Municipal, \$2,900 and Arthur T. Gregorian, Men's Retail, \$18,000.

Volunteer workers in the above division have been invited along with their family members to attend the star-studded Kick-off which marks the official opening of the 1957 Red Feather drive.

Newton clergymen of all faiths are supporting the campaign by making appropriate mention this week-end and next of Red Feather Sunday, October 21st, which has been selected as the first day for the Residential canvassers. Division workers have been urged to "Sweep Clean by Halloween" in an effort to complete their home visits during the first ten days.

Political Overtones

(Continued from Page 1)

There may be some basis for their conjecture. Yet, Stevenson, who obviously was running second when he swung into intensive action, had little alternative but to make a fast and early start if he was to cut down Ike's advantage. He was in a position where he had to gamble.

This observer, who has had an opportunity to check on voting sentiment in various sections of Massachusetts and New Hampshire, has found that one issue is bolstering President Eisenhower against the impact of the Stevenson drive.

That is that Ike stopped the war in Korea. Adlai's claim that there is no real peace does not seem to be having much impact. As one voter in New Hampshire put it, maybe it isn't much of a peace, but American soldiers aren't being shot at and killed.

The Democratic argument that seems to have had the most effect is the charge that the Eisenhower administration has been too friendly to big business, but there is no evidence yet that it has turned the tide in Stevenson's favor.

This race shapes up at this moment as close enough so that it could be won and lost in the last three weeks. While Adlai Stevenson appears to be trailing President Eisenhower, he doesn't seem to be so far behind that a strong finishing surge and a few breaks in his favor could not carry him on to a victory.

The fact is that Stevenson at the present time is probably not running as far behind Eisenhower as former President Truman was trailing behind Thomas E. Dewey at the comparable stage in the 1948 campaign. Truman won his race in the last two or three weeks, and Stevenson conceivably could do the same thing in the 28 days remaining before election.

Whittier and Furcolo in Tight Race...

A feeling exists that the fight between Sumner G. Whittier and Foster Furcolo is very tight, that the two men right now are running almost neck and neck and that the outcome of their struggle definitely will depend on which of the two can make the stronger finish.

Both are colorful campaigners and good speakers. Furcolo raced Senator Leverett Saltonstall down to the wire two years ago and lost by an extremely narrow margin.

Whittier is probably the most active and energetic candidate the Republican party in Massachusetts has had in modern times. He has personally met an amazing number of voters, and he could have an unsuspected reservoir of political strength.

Tests of public sentiment that have been made indicate that Furcolo is extremely strong in Western Massachusetts and that Whittier has tremendous vote-pulling power in the Greater Boston area. Furcolo also will draw heavily from the voters of Italian descent.

Furcolo's chances of achieving the Governorship will be injured by the closing of the Boston Post, the only Democratic daily newspaper in Massachusetts, which probably would have given him important editorial support and would have offered him a powerful medium of reaching a great mass of voters.

It is difficult to anticipate exactly what effect the loss of the Post will have upon Furcolo and the other Democratic candidate, but it is almost certain that it will cost them some votes.

The big battle waged by Whittier and Furcolo will be for the great bloc of independent votes. The two gubernatorial rivals have almost solid support within their respective parties, although Furcolo undoubtedly will be able to swing some Republicans of Italian ancestry over to his cause.

Reports from GOP headquarters indicate that Governor Herter will take an increasingly active part in the electioneering during the final weeks of the campaign. He could well give a tremendous lift to Whittier's drive. As they stumped at a fast tempo this week, Whittier and Furcolo appeared to be running almost shoulder to shoulder.

Attorney General George Fingold is being challenged by perhaps the strongest candidate on the Democratic slate, colorful Boston City Council President Edward J. McCormack, who has become the "golden boy" of the Democratic party in Massachusetts.

Fingold is now a veteran campaigner standing for reelection to a third term as

Attorney General. He has built and strengthened himself during his four years in office and would be a formidable adversary for anyone.

McCormack, however, is by far the most powerful contender Fingold has faced in his three battles for Attorney General.

A graduate of the U. S. Naval Academy at Annapolis and Boston University Law School, a navy veteran and the nephew of Congressional Majority Leader John W. McCormack, a young man who was raised on a diet of politics, McCormack has a colorful and attractive background.

When Mayor Hynes leaves for Europe next week, McCormack will become Boston's Acting Mayor. That will force him to curtail his campaigning to some degree but is not likely to handicap him seriously. The McCormack-Fingold battle is certain to generate tremendous interest in its closing phases.

For more than a decade State Auditor Thomas J. Buckley has been regarded as unbeatable, but scrappy, hard-working Joseph A. Nobile is out to prove that isn't so.

Nobile, like Furcolo, is counting on the support from Italian-Americans in both political parties, and the likelihood is that he will get it. His father was the first Italian-born physician licensed to practice medicine in Massachusetts.

While he is an underdog in the fight, Nobile has a remarkable educational and professional background. He is both a lawyer and an accountant. He was educated at Harvard College, Harvard Business School, Northeastern University Law School and Boston University and has studied banking and finance as well as law. He is probably as well trained and qualified a candidate as ever sought the office of Auditor.

He is still, of course, up against a tough opponent in Buckley who has managed to survive Republican sweeps and trends that have sent other Democratic candidates plummeting to defeat.

Two Close Congressional Fights in State

Massachusetts has two congressional battles in marginal districts which the rest of the nation is watching in the fight between the two political parties for the control of the 85th Congress.

One is in the 10th district where Congressman Laurence Curtis is being challenged by former Assistant U. S. Attorney Jackson J. Holtz of Brookline. The other is in the 8th district where Representative C. Eugene Farnam of Medford is striving to upset Congressman Torbert H. Macdonald.

It is a return match for Curtis and Holtz who clashed in 1954, with Curtis winning after a hard fight. Curtis now has four years in office behind him, is an experienced Congressman and is emphasizing that the experience he has gained should be of great value during the next two years.

Holtz is a hard-working, energetic campaigner who has a big following beating the drums for him. Curtis and Holtz may put on another exciting and thrilling run, with the outcome in doubt until the last ballots are counted on the early morning after election day.

Candidates Question Use of Television...

Political strategists in both parties have reached the conclusion that it may be dangerous to rely too heavily on television as a means of reaching the voters during the present campaign.

The Republican high command has gone so far as to send a warning to GOP candidates across the country that dull, boring TV speeches may cost them votes instead of winning support for them.

There is no doubt but that television plays an important part in a Presidential campaign, although there is a serious question whether it reaches into as many homes as has hitherto been believed.

It is safe to say that President Eisenhower and Adlai Stevenson command huge audiences whenever they speak over the television networks.

But it also is a fairly safe guess that a great many people tune them out and switch to another station when they fail to generate the anticipated amount of interest.

Adlai Stevenson's campaign managers, in fact, have expressed dissatisfaction

with his TV appearances and the public response to them and are placing greater emphasis on whistling, motorcades, public square speeches and newspaper headlines.

Like the Republican strategists, they have found that the public expects the political campaigning to be dressed up with a certain amount of carnival trimmings and trappings and that they're not likely to get excited about a politician reading a windy 30-minute speech.

If witty, gifted Adlai Stevenson is having trouble holding television audiences, it doesn't take too much imagination to visualize what is happening at the lower levels of State and congressional fights. The answer, of course, is that in many instances the candidates are making TV speeches principally to their relatives, close friends and fervent supporters who are going to vote for them anyway.

A calculated risk any office-seeker must take when he goes on television, particularly one running for a comparatively minor position, is that he will antagonize the voters by blacking out one of their favorite programs.

Much the same psychology is involved as when an automobile bearing the sign of a political candidate weaves it and out of line in traffic or in some way inconveniences or annoys another motorist.

The driver, perhaps forced to swerve toward the curb, glances at the offending car and the banner it displays and usually concludes that the person at the wheel is the candidate himself who, in fact, is probably many miles away trying to win

friends and influence people. "That's one guy I'm NOT going to vote for," he tells himself.

In the case of television, the members of a family may settle down in the living room after dinner expecting to see a talented entertainer who ordinarily appears at a regular time on a specified evening.

What happens when instead of the anticipated program coming on, an announcement is made that the facilities of the station have been engaged for the next 15 or 30 minutes by the campaign committee of John Q. Candidate?

Well, the viewers may greet the change with enthusiasm. The stronger probability, however, is that there will be mutters and exclamations of disappointment and that they will begin switching the dial to see what's on another station.

Only a few years ago, campaigning by television was new and novel, and many people sat by their sets listening to the arguments and appeals of the candidates who suddenly showed up on the screens in their living rooms.

Now, however, most persons expect to be entertained when they turn on television. They'll work up a certain amount of enthusiasm about one of the big spectacles such as are occasionally presented for one of the Presidential contenders.

It's very questionable, however, that a high percentage of them will sit through a 15 or 30-minute speech, even though that speech is a part of the so-called great debate. They're likely to go dial-hunting for something a little more lively and exciting.

Bowen Elected Vice President of Weights & Measures Group

J. ELLIS BOWEN

Announcement of the election of J. Ellis Bowen, Sealer of Weights and Measures of the City of Newton to the Vice Presidency of the Massachusetts Weights and Measures Association was made at its recent two day 61st Annual Conference, held this year in Gardner. Mr. Bowen is currently a member of the Executive Board of the National Conference on Weights and Measures and a member of the Massachusetts and Federal Bars.

John P. McBride, Director of Standards for the Commonwealth is Honorary President of the Massachusetts Association. Other newly elected officers include: John F. Casey, City Sealer of Somerville, President, and Austin L. Kennedy, City Sealer of Worcester, Secretary-Treasurer.

The Massachusetts Weights and Measures Association is the oldest association of its kind in the country, having held its first organized meeting at the State House in Boston, Massachusetts, on December 2, 1855.

A prime function of the Massachusetts Weights and Measures Association and its members is the enforcement of accuracy in quantity determinations throughout its jurisdiction, and cooperation to such end on a wider geographical basis with other weights and measures officials throughout the world, in an awareness that minute errors in weight or measure are multiplied manyfold, to staggering sums, in our system of mass production, processing, and distribution. The practical net results of the work of the conference are directly reflected in savings of many dollars per year for every individual producer, merchant and consumer.

MRS. RAGNA HOVGARD, the "Halloween Lady of Newton" at a school party.

--- Halloween Lady ---

By ESTELLE MASON

"I think that I am in the right business," says Mrs. Ragna Hovgaard, "because I like people." Mrs. Hovgaard has been liking people in Newton for more than 30 years. One of the four Supervisors of Recreation for the City, she has been helping people enjoy themselves, teaching youngsters citizenship thru play. But to her recreation is often almost a frill business, especially at Halloween.

Mrs. Hovgaard starts planning for Halloween fun as soon as school starts in the Fall. The plans swiftly snowball to include more than 2000 citizens in a joint effort to give all the youngsters of Newton a richly rewarding evening of fun. Few people realize the amount of planning that goes on to coordinate the 300 separate parties which take place in as many different locations. Mrs. Hovgaard calls hundreds of interested persons, checking dates, facilities, and personnel. Her blue eyes light up with good humor when she asks for assistance, and after talking with her for a few minutes no one can say "no" to her for she has a gracious knack for putting people at ease.

Mrs. Hovgaard is fondly called the "Halloween Lady," and is very proud of this title. For 16 years she has been the Department Supervisor in charge of the Halloween Parties. She started against opposition, indifference, and complete lack of funds. Thru the years she enlisted the aid of the entire city. Many neighboring towns and cities now offer similar controlled Halloween parties.

As General Supervisor she keeps in close touch with a great many committees made up of School Personnel, Clergy, business and civic leaders. The committees are given the widest latitude for planning the separate parties, but she urges that the individual parties be suited to the age level of the children participating. And she stresses the word participate for Ragna Hovgaard believes that a child must participate in order to learn from his experiences.

Mrs. Hovgaard is proud of the fact that although energetic exuberant boys and girls are potential dynamite when they are in a rollicking mood, the supervision of these many controlled parties is such that, even tho unobtrusive, no untoward incident or serious emergency has ever marred them.

When Mrs. Hovgaard first broached the idea of organized Halloween parties for the City of Newton she met with complete indifference from the public. Ex-Mayor Theodore Lockwood encouraged and assisted her. Then Dr. Homer L. Anderson, former Superintendent of Schools offered his help unconditionally. He called the parties "an out-of-school educa-

tional experience which deserved whole-hearted support." Dr. Harold B. Gores, Superintendent of Schools said in an article that he wrote for "The Nations Schools" in 1950:

"Yet the test of the parties is not found in the statistics of reduced vandalism, in the promotion of the partnership of home and school, nor in the greater objective of vigorous community life, rather the test is whether the parties are good for the children. The evidence, tho not objective is nevertheless compelling. For the lower grades Halloween has become a useful source of instructional motivation for the upper grades it has become a useful source of social experience." This is, perhaps, the typical outlook of the School Teacher. But the child sees the parties as fun. As one first grader said, "Next to Christmas I like Halloween best."

Halloween is only one part of Mrs. Hovgaard's job. In the summer she supervises 18 play-

Wells-Hunt Betrothal Announced

A spring wedding is being planned by Miss Darthea T. Wells for her marriage to Mr. Phillip Brooks Hunt, Jr., son of Mr. and Mrs. Phillips Brooks Hunt of Hingham. The mother of the bride-elect, Mrs. D. Trickey Wells of Waban, announced the engagement.

Miss Wells is a graduate of Colby Junior College and her fiancé was graduated from Colby College.

grounds, and in the winter 12 neighborhood center groups. Her duties are many and varied from checking the bunnies in the playgrounds to planning adult activities. Once when she found that a youngster had deliberately broken a bubbler she turned in two reports; one to have the water bubbler repaired; the second was to call the child's teacher to report that this child was frustrated and felt that no one understood him. Characteristic of her regard for children, she saw this child not as a bad boy, but as a child who needed more affection and understanding.

New Temple Plans to Be Presented

"Meet the Architects" is the program scheduled for the first congregational meeting of Temple Reym of West Newton, on Sunday, Oct. 14, at 8:15 p.m. Following a short business meeting, Sol Kaufman, chairman of the design committee, will present a progress report on developments of the building committee, most notable of which will be plans for the new temple at 1860 Washington street.

According to recent announcement, the firm of Architects Collaborative of Cambridge has been engaged to carry out the job. Members of the firm include Walter Gropius, distinguished proponent of contemporary architecture who is the former Dean of the Harvard Graduate School of Design. Norman Fletcher, design consultant, and Richard Brooker, project architect, will discuss preliminary plans for the temple at the meeting. The meeting is open to the public.

EXCHANGING GREETINGS—Discussing campaign of Jackson J. Holtz in 10th Congressional District. Left to right: Representative John W. McCormack, Harry S. Truman and Mr. Holtz, who greeted Mr. Truman on his visit in Boston last weekend.

Former President Truman Asks Election Of Jackson Holtz

Democratic leaders this week urged the election of Jackson J. Holtz to Congress from the 10th Congressional District following a visit to Boston of former President Harry S. Truman.

Mr. Holtz appeared with Democratic leaders including Rep. John W. McCormack, Foster Furcolo, Edward McCormack and other leading Democratic candidates at a rally at John Hancock auditorium last week.

end. Mr. Truman was guest of honor at the affair.

During his visit to Boston, Mr. Truman lauded the ability of Holtz and urged voters in the 10th District to elect him as a Democratic Congressman.

"The 10th Congressional District needs a strong, aggressive and able Representative such as Jack Holtz will make," said Mr. Truman. "His election to Congress will be further assurance that a Democratic majority will serve in the House and thus

enable Adlai Stevenson's program to be advanced."

Congressman John W. McCormack stressed the need of a Democratic Congress and also lauded the candidacy of Holtz when he said, "I need Jackson J. Holtz in Congress—a devoted American—ready and able to serve all the people, and the time."

Holtz this week resumed his active campaigning throughout the 10th District.

With a full campaign team in the field and with a victorious primary contest behind their backs, Holtz workers look forward confidently to a November victory.

"We were nosed out in the 1954 election by a switch of only 900 votes and we feel confident that even at this early date we have added more strength than that for Jackson Holtz," a campaign official stated.

"The voters responded in the primary, to appeals on my behalf such as the one made by former Governor Paul A. Dever," said Mr. Holtz. "Now we have to expand our efforts to win over thousands of friends, not only among Democrats but among Independents and liberal Republicans as well."

In his letter in the pre-primary campaign, Mr. Dever pointed out that for the first time in political history of the 10th District, the voters have an opportunity to elect a Democratic Congressman to represent them.

"Jackson J. Holtz," he said, "is the only Democrat who can win this election in November."

Furbush Demands That Rent Gouging Be Put to An End

Thousands of messages of congratulation have poured in on Senate President Richard I. Furbush during the past few days praising him for taking initiative in demanding that rent gouging in Massachusetts be stopped and rent gougers be exposed to the public.

The long overdue, full-scale legislative probe into the skyrocketing of rents became a reality this week when Senator Furbush, candidate for Secretary of State, was successful in winning approval from both political parties of his move for a special legislative committee investigation.

Furbush, who was the first prominent member of the Legislature to support such a

move, hit out at the rent gouging by a few heartless individuals.

In a letter to the Senate Ways and Means Committee, Furbush said, "It has come to my attention that a few greedy individuals who are owners of apartment buildings have broken faith with those in the Massachusetts Legislature who do not believe in imposing wartime controls during peacetime."

"Since the end of rent control legislation, rents in multi-unit dwellings have reportedly been increased by an average of 30 per cent state wide," said Furbush.

"The increases vary throughout the Commonwealth from a

low of 11 per cent to an outrageous high of 68 per cent.

"An investigation by myself and others have shown that these figures are an accurate reflection of the situation as it affects this immediate area."

Furbush urged the committee, "for the protection of wage earners who do not own their own homes, for the protection of old age recipients and others living on small retirement allowances and also for the proper guidance of the Legislature as a whole, it is my considered judgment that a full-scale probe of the situation should be undertaken immediately."

Representative Sumner Z. Kaplan (D) of Brookline and a leader in the House for such an investigation hailed Furbush's action as a victory for the people and thanked the Senate President for his assistance in this matter.

Kaplan described Furbush's action as "most gratifying." Both the House and Senate unanimously adopted the Furbush-suggested probe and also followed his advice that it be made a truly bi-partisan body with equal membership to both branches and to both political parties.

Governor Herbert, Democratic Senate leader John E. Powers and other prominent members of the state government supported Furbush's move and the Boston press stated that his intervention made the full scale probe possible.

Parents! Can You Answer These Musical Questions?

You SHOULD be able to BEFORE you start your child on a musical instrument

- 1) What instrument is best for a beginner?
- 2) Has my child the ability to play the instrument of his or her choice?
- 3) Is there any way that I can tell which instrument is best for my child?
- 4) Which instruments are best for girls?
- 5) How can I be sure the children will learn to play?
- 6) If I get an instrument, what happens, if after a few weeks the children don't like the instrument?
- 7) How will lessons during school time affect the children's marks on other subjects?
- 8) What are the benefits of music for a child?
- 9) At what age should a child begin to study a musical instrument?
- 10) Which instrument is the easier to learn to play?
- 11) Does it make MUCH difference WHEN I get my instrument?
- 12) Do the instruments require much service? Is upkeep expensive?
- 13) What care does my child have to take of a musical instrument?
- 14) How can I tell if an instrument is any good?
- 15) How will a wind instrument affect my child's health?
- 16) Will a wind instrument hurt, or help, a child's teeth or affect, in any way, the shape of his mouth?
- 17) Must a child have a good sense of pitch?
- 18) How much do musical instruments cost?
- 19) What is the difference between a metal clarinet and a clarinet made of wood? What is the difference between a cornet and a trumpet?
- 20) Where can I find the answers to these questions?
- 21) If my child is undergoing orthodonture work will a wind instrument do any harm?

YOU may find the answers to these and many other equally important questions ABSOLUTELY WITHOUT OBLIGATION and WITH ABSOLUTELY NO SALES PRESSURE. Call Twinbrook 4-3398 and ask for Mr. MacArthur. Find out about our FREE APTITUDE TEST and COUNSELLING SERVICE. We repeat, there will be NO SALES PRESSURE, we don't believe in it! FIND OUT about our RENTAL TRIAL plan which makes it possible for your child to start on a NEW or reconditioned instrument for as little as \$5.00. A very large majority of the parents of children who play musical instruments can testify to our unique service and sincerity in helping in the selection of a musical instrument for their children. WE ARE PROUD of the fact that a large portion of our APTITUDE TESTS each year are given to the younger brothers and sisters of boys and girls who got their start with us in years past. Our plan has been approved by the Newton Schools and is the only one which deals so thoroughly with the subject.

YOU ARE INVESTING IN YOUR CHILD'S FUTURE AND HAPPINESS—make sure you give him or her the best chance possible!

Gibbons Goes On TV This Week To Tell Of Republican Record

Rep. Charles Gibbons, Republican candidate for Lieutenant Governor, will take to the airwaves this week to bring the record of Republican Administration accomplishments to the voters of Massachusetts.

Thursday, Oct. 11, Gibbons will begin a series of 26 consecutive daily and weekend broadcasts over Station WBZ and WBZA, Boston and Springfield, winding up on the eve of election. These will be in addition to many TV appearances and other radio broadcasts scheduled by Mr. Gibbons between now and the windup of his campaign for Lieutenant Governor. Most of them will be heard between 6:30 and 7:00 P.M.

"This broadcast series is aimed at driving home the truth to the voters as to the Herter-Republican Administration accomplishments of the past four years," declared Gibbons, to whom Governor Herter has referred as "my good right arm in the Legislature." Gibbons was Speaker of the House in 1953-54, the first two years of Herter's term, and is present Republican Floor Leader.

"I am proud to have been an important leader in this Republican Administration," said Gibbons, "and I intend to tell the people what has been done over the last four years about giving our children better educational opportunities, improving our highways, improving the state's recreational facilities — beaches, lakes, forests, swimming pools — that are open to all the people. I want them to know, too, about what is being done to improve the lot of our sick and aged, about the hospitals and about the mentally retarded program for school children which is working out with great success."

Gibbons said these and a number of other topics will provide the subjects for his broadcasts.

Speaking in Haverhill where he spent all day Monday, Oct. 8, visiting manufacturing plants, talking with merchants and tradesmen, and chatting with men and women at a number of teas, Gibbons likened the jobs and industrial problems of Haverhill with those of

neighboring Lawrence.

"Four years ago Lawrence was in desperate straits," said Gibbons. "Today, after four years of Republican Administration, the situation there has been greatly improved. What has been done in Lawrence, can be done in Haverhill, if the need arises for such an extensive, intensive program."

Monday night, Gibbons carried his drive for the Lieutenant Governorship into Newton where he headed a list of prominent speakers at a Republican rally. The meeting and reception was held under sponsorship of several Newton Republican organizations with Gibbons, Congressman Curtis, Senator Furbush, Attorney General Fingold, Christian Herter, Jr., who seeks the Governor's Council seat, and many other candidates present.

Gibbons also spoke Monday night at a Candidates' Night rally in Watertown sponsored by the Watertown Women's Republican Club.

He spent all day Tuesday, Oct. 9, in Worcester and was principal speaker that night at a rally in Uxbridge High School. In Worcester he made the rounds of coffee hours, visited hospitals, talked with pedestrians along the streets, visited manufacturing plants and did some electioneering in Lincoln Square by the auditorium where he was endorsed for the Lieutenant Governorship by the Republican Convention last June.

Campaign For Funds Launched

"Dollars for Democrats," an intensive campaign for funds to keep Stevenson and Kefauver on TV, was launched October 8 at the Clafin School in Newtonville by the Newton Stevenson-Kefauver Committee, headed by Mrs. Betty Taymor and Robert W. Gallagher. Fund-raising booklets were distributed to all members, who will canvass the city in the coming weeks, in an endeavor to get all possible financial help for the Democratic Presidential and Vice-Presidential candidates.

100% Parts and Labor Warranty Now Available On Used Cars

A type of warranty that has been termed 'the greatest innovation in the automotive field since the invention of the self-starter' has been made available to purchasers of used cars by Gene Brown Motors, Inc. of Newton Center.

This warranty is issued by American Automotive Inspectors, Inc. and each warranty is insured by one of America's largest insurance companies.

In an interview today with Gene Brown, well-known and popular local Nash dealer and President of the Massachusetts Nash Dealer's Association, Mr. Brown said that he felt the service rendered by American Automotive Inspectors is a sorely needed service in that it provides a prospective used car purchaser with a degree of assurance which has hitherto been lacking. Each car which carries a warranty has been comprehensively inspected and road tested by an inspector for American Automotive Inspectors, Inc. and after receiving a seal of approval, it is warranted for one full year, any place in the United States, regardless of mileage as far as the major parts of the car are concerned. Such major parts include motor, rear end, transmission, steering, clutch, etc.

Mr. Brown went on to say that this is a long awaited innovation when it is considered that small appliances such as fans and flatirons carry a one year warranty but in general, an expensive automobile only carries a 30-day type of warranty.

Is Appointed Ass't. Medical Director

Dr. Thomas W. Cowan of Newtonville, has recently been appointed assistant medical director for Hood Rubber Company, footwear and flooring division of the B. F. Goodrich Company, in Watertown, Mass. He received both his B.S. and M. D. degrees at the University of Maryland, and served his internship at Ohio State University Health Center, Columbus, Ohio.

Cong. Curtis Is Standing For Reelection on Public Record

Congressman Laurence Curtis is standing for reelection on a record of public service that has won widespread commendation from virtually all groups in the big district he represents on Washington's Capitol Hill.

Yet, Congressman Curtis declared today that he will be able to provide even better service for his constituents during the next two years as a result of the experience he has gained during the two terms he has spent in the national House of Representatives.

Public and civic spokesmen, who have endorsed his candidacy and urged his reelection, have advanced a number of reasons for advocating that he be returned to Congress in the coming election.

The experience he has acquired in the nation's greatest law-making body, they pointed out, will be of tremendous value both to Congress itself and to the people of his district in the two years ahead.

During his four years in Congress, they cited, Curtis has earned a reputation as one of the hardest and most conscientious workers in the national house.

Leaders in both political parties have commented publicly and privately on his efforts to serve all the people of his district.

As a rising member of the important House Judiciary committee, Curtis has demonstrated a keen insight into the problems that come before Congress and a remarkable ability to get at the basic issues involved.

That is not extraordinary, Curtis' supporters observe, when it is realized that as a youth he served as secretary to the late, great Supreme Court Justice Oliver Wendell Holmes.

Congressman Curtis was receiving strong support from the ranks of veterans as he moved into the home stretch of his drive for reelection.

A former State commander of the Disabled American Veterans, Curtis is widely known as a staunch supporter and champion of the cause of the veterans.

One spokesman for a veteran organization declared recently that Congressman Curtis never has missed an opportunity to extend a helping hand to ex-servicemen and that they are rallying now behind him in his present campaign.

Few men ever went to Congress from Massachusetts with any broader base of experience in the public service than did Laurence Curtis.

LAURENCE CURTIS

He served in both branches of the Massachusetts Legislature, in the Boston City Council and as State Treasurer before standing for election to Congress.

While he was serving in the City Council, a friendship developed between Curtis and John B. Hynes, now Boston's Mayor and then an assistant city clerk for the City Council, that has continued down through the years.

A new relationship between the two old friends developed during the past four years when Congressman Curtis cooperated with Mayor Hynes on a number of matters beneficial to the City of Boston.

Golden Jubilee Fair To Be Held Oct. 26-27

The Golden Jubilee Fair sponsored by the Women's Alliance of the First Unitarian Society in West Newton will be held at the Church Friday and Saturday, October 26 and 27. Alliance Fairs have been conducted bi-annually for the last 50 years to raise funds for the support of Unitarian activities and organizations.

In the spirit of unity this year's Jubilee is headed by a committee of five, namely, Mrs. Robert K. Burns, Mrs. Langdon W. Chandler, Mrs. Samuel Nesson, Mrs. Harry E. Raymond and Mrs. Chester W. Wilson, rather than by a general chairman as in the past. With this committee, co-chairmen will coordinate all activities of their respective table assignments.

Whittier Outlines Program For More Prosperous State

Lieutenant Governor Sumner G. Whittier stepped up the tempo of his campaign this week as he outlined specific recommendations for a better and more prosperous Massachusetts.

The Republican candidate for Governor considerably broadened the scope of his drive for the Governorship when he proposed a far-reaching 7-point program for natural resources and recreation.

Hit strongly at rent gougers: Called for a coordinated analysis of Greater Boston's transportation and continued to document the story of progress under the Herter-Whittier Administration.

Stating he was deeply disturbed by the reports of unreasonable rent increases by a few large apartment house owners, Lt. Gov. Whittier said: "The people who have fallen prey to these individuals must be protected and I wholeheartedly endorse a full and complete investigation of all the facts... there are but a few apartment operators who need be apprehensive of this probe. They by their own selfishness, have invited it."

His plan of action called for a major study of our natural resources, to draw up a master plan for action; the continued development of beaches and bathing facilities already begun by the Herter-Whittier Administration; a survey of the rights of way to our great ponds, undeveloped beaches and waterways so they will be accessible for the development of recreational facilities.

The improvement of our channels and harbors to accommodate the increasing numbers of sport fishermen; preservation of our green areas to protect their scenic beauty and wild life; exploration of ways to best use the 45 percent of our State's land area that is presently non-productive; and insuring that our outstanding scenic and recreational attractions are not ruined by "quick-dollar" exploitation.

During the week the Lieutenant Governor also held conferences with regional transportation experts as he tackled another major problem.

"No problem affecting the Greater Boston area," he said, "is more urgent and complicated than the problem of maintaining a well-integrated overall transportation system. Twice each business day the wage earners flow like a tidal wave to their jobs each morning and back home at night with interacting effect and irresistible force on every highway, rapid transit line, commuting service and their directly related terminal and parking facilities."

He referred in detail to the question of how Route 128 and the East-West toll road would be connected with downtown Boston and said that a matter of this magnitude can not be disposed of behind closed doors.

He proposed a coordinated review of the entire problem and added: "When such a review has been completed and all the facts are in, there should be ample opportunity for the public, and especially the citizens of Newton, Brookline, Allston and the other communities most nearly affected, to be heard."

He promised to make this problem "the first order of business" if elected Governor.

The Herter-Whittier record of progress in the fields of higher education, civil rights, and the problems of the aged also were outlined in vigorous speeches by the Lieutenant Governor.

In the area of civil rights, he said that the compliance of Massachusetts' resort hotels with the provisions of the State's civil rights statutes—"is typical of the progress made under the Herter-Whittier administration."

Seafarer to Give Lecture on His 6000 Mile Trip

Captain George Boston, Swampscott seafarer who sailed 6,000 miles solo, will give an illustrated lecture at a meeting of the Newton Yacht Club, to be held Thursday night, October 18, at 7 p.m., at the Ambassador Hotel. The meeting will also include the annual election of officers and a banquet.

The 34-year-old adventurer-lecturer-author will relate the saga of his journey from Swampscott to Egypt with the aid of colored slides and movie pictures.

An All-East football end and "Athlete-of-the-Year" at Boston University, he resigned an office position to sail across the Atlantic on the 30-foot Tahiti, ketch, "Fiddlers Green," which he built himself over a period of two-and-a-half years.

Samuel Oehlrich will serve as chairman of the program committee, with Norman Peskin assisting.

Dr. Joseph Beck and Mrs. Beck of 166 Greenwood street, Newton Centre, were at Klamath Lake, New York, recently when they attended the annual meeting of the New York State Veterinary Medical Society.

A reception in the garden of the bride's parents, Mr. and Mrs. William Carl Beck of Waban, followed the marriage in Union Church, Waban, of Miss Janet Dorothea Beck and Mr. David Michael Sisler, son of Mr. and Mrs. George Harold Sisler of Pittsburgh, Pennsylvania. The Rev. Joseph Cony MacDonald officiated at the four o'clock ceremony last Saturday afternoon.

Given in marriage by her father, the bride had her two sisters as honor attendants. Mrs. Robert Scott Fithian of Oberlin, Ohio, was matron of honor and Miss Beverly Fletcher Beck of Waban was maid of honor. Charles Thies of Clayton, Missouri, was best man and the ushers were Lt. (j.g.) Frederick J. Tritschler, USN, of Winnetka, Illinois and William Call, Jr., of Princeton, New Jersey.

R. E. Morrison To Wed Miss Barbara Lau Bach

The wedding of Miss Barbara Lau Bach and Mr. Robert Edwin Morrison, son of Mr. and Mrs. Ralph Edwin Morrison of Newton Highlands will be January 2. The engagement announcement was made by the parents of the bride-elect, Mr. and Mrs. Neal B. Lau Bach of Houston, Texas.

Miss Lau Bach studied at Wellesley College and is completing her studies at Rice College in Houston. Mr. Morrison is a graduate of Harvard College, class of 1956.

Quinn-Ryan Engagement Announced

The engagement of Miss Jeanne R. Quinn and Mr. Edward T. Ryan, Jr., son of Mr. and Mrs. Edward T. Ryan of Newtonville is announced by the future bride's parents, Mr. and Mrs. Leo C. Quinn of Randolph. Mr. Ryan is a graduate of the Worcester Academy and Harvard College, class of 1952, where he was a member of the Hasty Pudding Institute of 1770 and Pi Eta. He is a member of the Harvard Club of Boston and served two years with the USAF.

The wedding will take place next spring.

MRS. GERALD FRANCIS DUNFREY

MISS BARBARA ANN HOSKINS BRIDE HERE OF MR. DUNFREY

Miss Barbara Ann Hoskins, daughter of Mr. and Mrs. Arthur Hoskins of Newton Highlands, became the bride of Mr. Gerald Francis Dunfrey, September 22 in the Sacred Heart Church, Newton Centre, where the Rev. Arthur T. McCloy officiated at the marriage ceremony at eleven o'clock. The bridegroom is the son of Mrs. Catherine Dunfrey of Hampton, N. H., and the late Mr. Leroy Dunfrey.

The bride's father escorted her to the altar and a reception, following the ceremony, was held at the Colonial Country Club in Lynnfield.

Furcolo Asks For Action In Fields of Education & Aging

Foster Furcolo, Democratic nominee for Governor, called for vigorous State action in the fields of education and the aging in addresses delivered last week.

He emphasized what he termed "a non-political, bipartisan effort" to solve educational problems and to improve and expand programs for aging persons.

Discussing education, Furcolo pointed out that present needs call for 2,000 teachers annually but that at the present rate teachers' colleges are able to graduate only about 1100 new teachers per year.

"And of these, only about 800 actually become teachers within the Commonwealth," he declared.

He proposed that to help meet the teacher shortage, the University of Massachusetts should be expanded through a system of community colleges, providing greater access for teacher training.

Furcolo also pointed out that many schools in the State are substandard in condition.

"Actually 28 percent of the schools are unsatisfactory and in many cases are fire traps," the Democratic nominee stated.

Furcolo, in his remarks concerning problems of the aging, sharply criticized the delay in opening of Cushing Veterans Hospital in Framingham as a center for hospitalization of the aged.

"After waiting two years—two long years—we are told that we must wait still longer before the 1800 empty beds will be put to use," he said.

"The Federal Government said this hospital to the State

for one dollar, but to this day, the people of the State have not gotten one dollar's benefit from it," Furcolo charged.

Furcolo decried the present situation where many aged ill are confined to mental hospitals because there is not room in other State institutions for them.

"Right now, more than one-third of all the patients in our mental hospitals are over 60 years of age, and they are not all mental patients," he declared.

Furcolo said that if he is elected Governor he will call a conference for elder citizens, bringing together doctors, nurses, educators, employers and geriatrics experts to develop programs for increasing cultural, educational and recreational opportunities for the aging.

He said the senior citizens could be aided by the creation of a State Division of Geriatrics, staffed with experts trained in the problems and treatment of older people. Other objectives, he listed, were: easing the economic burden caused by the increased cost of living, and creation of more job opportunities for the elderly.

The former Congressman and State Treasurer, meanwhile, wound up a series of statewide regional conferences which were attended by overflow gatherings of Democratic leaders and city and town committee people. Opening early last week in Hyannis, the meetings were also held in Dartmouth, Lawrence, Worcester, Pittsfield and lastly, Springfield.

During the three years Mr. Weinberg served as an assistant U. S. Attorney he was assigned all types of criminal and civil cases.

In the criminal field he prosecuted income tax fraud cases and worked on the prosecution of such cases as Alfred B. Cenedella of Worcester, Dr. Morris Clayman of Chelsea and Cong. Thomas Lane of Lawrence.

In addition, Mr. Weinberg also prosecuted post office and stolen motor vehicle cases. He successfully prosecuted the recent Reddington case, one of the largest stolen car ring cases, in the district.

In the civil field in addition to the usual contract and negligence cases, Mr. Weinberg handled all of the civil tax refund cases in cooperation with tax experts from the Department of Justice in Washington.

A Marine officer in World War II, he is a graduate of Yale University and Harvard Law School. He is married to the former Irene Kaplan and has three children.

Freeway-

less disruption of existing centers.

A freeway gives the city better opportunity to influence the line of the route chosen; hence more opportunity to route it so as to be able to recoup the inevitable valuation losses by modifying the zoning in the district.

Such reanalysis of zoning would presumably allow for more intensive dollar investment per square foot of land affected.

A freeway provides the opportunity to place such development on the periphery of the city. One of Newton's advantages as a good suburb is that peripheral rather than entral industrial development has been the rule rather than the exception.

Access and recoupment would have area benefits: i.e. include Waltham, if the highway should be located northerly in Newton.

Similarly on a regional basis, a freeway would give citizens not only here but in communities west of Newton free and rapid access to Boston.

Moreover, the converse is true with regard to benefiting the central metropolitan area, since Boston shippers would not need to pay an extra premium for this leg of the trip connecting their major trucking depots with their most active and lucrative markets on the south-west run to New York.

In general, the taxpayers' directors do not think a toll road should run inside Route 128 to Boston no matter from what direction.

the sponsoring city, a small fixed amount on the number of students in average daily attendance so that Newton will not bear more than its fair share of costs.

At present, students not residents of Newton pay a \$20 per semester differential on tuition.

Now located at Walnut street and Washington park in Newtonville, the College is in fully daily operation for the first time in its ten-year history.

Enrollment has reached 122 in the day division, twenty percent increase over last year's figure. Twenty-one communities are represented in the student body.

MISS MARY ALVORD WED SATURDAY TO MR. BIETTE

Yellow and white chrysanthemums decorated the altar of the Sacred Heart Church in Newton Centre last Saturday morning for the marriage of Miss Mary Kathleen Alvord, daughter of Mr. and Mrs. Carl Henry Alvord of Newton Centre, to Mr. Robert Norman Biette of Saugus. Rev. George F. Sullivan, pastor of St. John the Evangelist Church in Hopkinton, officiated at the ten o'clock nuptial mass at which the couple received the Papal Blessing. The bride's father escorted her to the altar.

Miss Lucille E. Alvord of Newton Centre attended her sister as maid of honor. Bridesmaids were Miss Louise E. Biette of Brunswick, Maine, sister of the bridegroom, and Miss Mary E. Buckley of Manchester, N. H., cousin of the bride. The bridegroom's brother,

Corp. Russell A. Biette, Fort Bliss, Texas, was best man. Ushers were John C. Alvord of Brighton, brother of the bride, Charles E. Lavoix, III, South Brooksville, Maine, and Clarence E. Fagan of Gloucester. Ensign James R. Alvord, Norfolk, Virginia, brother of the bride, was an honorary usher. The reception was at the Woodland Golf Club, Auburndale.

The former Miss Alvord is a graduate of Regis College where she was a member of Phi Upsilon and Kappa Gamma Pi. Mr. Biette, son of Mr. and Mrs. Leo Joseph Biette of Brunswick, Maine, attended Bowdoin College and graduated from the University of Maine, where he was a member of Lambda Chi Alpha. The couple will make their home in Saugus when they return from a wedding trip to Virginia.

Curtis Emphasizes Need For Experience In Congress

U.S. Rep. Laurence Curtis of the 10th Congressional District emphasized the need for experience in handling the large number of complicated problems facing a Congressman today.

"A man with experience and know-how in all phases of governmental activity can serve far more effectively than a person who would require on-the-job training," Congressman Curtis pointed out.

The problems confronting a congressman in a District as large as the 10th Congressional would be very difficult for an inexperienced man to tackle, according to experts in government.

In a recent press conference, Congressman Curtis said that one of his first duties is to see that every constituent receives fair treatment in all his relations with the federal government.

"I have helped constituents in their problems with Civil Service, Post Office positions, Boston naval shipyard situations, immigration problems, military service and other matters. At the same time, I have to keep abreast of the affairs of the government at all levels and do my work in the Committee of the Judiciary," Congressman Curtis explained.

He pointed out that one of the greatest accomplishments of the Eisenhower administration has been to stop almost in its tracks the devaluation of the dollar and the resulting payroll robbery from the working people of America. "As a result the pay increases of the last four years have been real increases, not cancelled out by dishonest dollars," Congressman Curtis declared.

Congressman Curtis stresses his support of programs benefiting this region. He worked on such major measures as flood control, reasonable tariff protection for Massachusetts industries, Federal policies helpful to the Port of Boston, maintenance of construction and employment in the Naval shipyard and in other installations.

Congressman Curtis, who has had experience in municipal,

State and Federal government stated that the policies of the Eisenhower administration have helped bring about a high rate of employment at high wages which have brought benefits to the American people.

"I have continually supported policies which had this effect. It would have been politically easier to continue old ways of government controls, free spending, and deficit financing, but the new policies have worked, and should be continued," he said.

Congressman Curtis pointed to the great advances that have been made in social security, unemployment compensation and minimum wage legislation. He lauded the advances made in the liberal provisions for housing and highway construction. He supported all of these measures in Congress.

Congressman Curtis' campaign for re-election has been gaining tremendous momentum in sections of Newton, Brookline and Boston wards 4, 5, 10, 12, 19, 20 and 21. It is reported that Curtis will sweep the district and win a third term easily.

Two Newton Men Named Co-Charm.

Two local men have been appointed co-chairmen in the Newton area for the fall meeting of the Middlesex Chapter of the Bentley School of Accounting and Finance Alumni Association, according to recent announcement.

They are Wayne V. Schell of 114 Elliot avenue, West Newton, and Matthew J. Murtha, of 75 Clinton Place, Newton Centre.

Graduated from the Bentley School in 1928, Schell is now manager of the sales department for Texas Company in Boston. Murtha, a 1938 graduate of the school, is now comptroller of the Sanborn Company in Cambridge. He is also a member of the program committee of the Middlesex chapter. The meeting of the Middlesex chapter will be held Monday, Oct. 22, at the Hotel Continental, in Cambridge.

Capacity Audience At Davis P-TA

The first general meeting of the Davis School P.T.A. was held Monday evening in the auditorium of the school in West Newton. The capable work of Mr. and Mrs. John S. Carder and the membership committee together with the attractive flyers sent out by Mrs. Carroll R. Johnson, Mr. and Mrs. George B. Rubin and the program committee, resulted in the presence of a capacity audience.

Miss Mary J. Nugent, principal, greeted the parents and introduced the members of the faculty.

Mrs. Anthony J. Farrington reported that the Health and Safety Committee had organized and several phases of health and safety and pertinent problems were under study.

J. Ellis Bowen and William J. Jones discussed their plans for the Halloween party.

After the general meeting the members divided into grade discussion groups with individual teachers. The aims and experiences of each grade were discussed and an overall picture of special services in the Newton schools was explained.

Officers of the Davis School P.T.A. are: President, Mr. and Mrs. Carl E. Hartbower; first vice presidents, Mr. and Mrs. John S. Carder; second vice presidents, Mr. and Mrs. George B. Rubin; third vice presidents, Mr. and Mrs. H. Bright; recording secretaries, Mr. and Mrs. Wayne V. Schell; corresponding secretaries, Mr. and Mrs. Warren Houston; treasurers, Mr. and Mrs. James A. Warner.

The next Davis P.T.A. activity will be a food sale Tuesday, November 6, at the school.

Day JR. H.S. P-TA

The 1956-57 season of the Parent-Teacher Association of the Frank Ashley Day Junior High School of Newtonville will begin Tuesday evening, October 16 at 7:45 at the school with the annual Back-to-School presentation.

Under the direction of Ralph Morse, principal and Miss Helen Vaznaian, assistant principal of F. A. Day, short sessions of standard classes will be offered for parents.

After a short P.T.A. business meeting, a reception for the teachers and parents of the seventh grade students will be held in the F. A. Day Library.

A new feature of the Back-to-School night will be a Food Sale. Parents are offering to donate a great variety of their specialties to be sold by the Fund Raising Committee.

TELEVIEWING THE NEWS

By LEE LOUMOS

The "community antenna system" which is used in many areas perfectly illustrates the function of any antenna. The communal system usually is adopted in locations a good distance away from a TV station, or where a community is situated behind hills that cut off the television signal. One big antenna is put on top of the highest nearby point to catch the TV signal, and then it is carried (often by means of a cable) down into town and to each house.

The higher an antenna is, generally speaking, the more effectively it will catch the TV signal at its strongest and screen out other unwanted signals. This is especially true in weak signal areas or where hills and large buildings get in the way.

Like the community antenna, your individual antenna is elevated to catch a strong signal clearly. Instead of a cable, you have a lead-in wire that carries the signal down to your set... to bring you top reception.

Warren P-TA

The Warren Junior High School PTA will hold its first meeting of the 1956-57 season Tuesday, October 16 at 8 p.m. at the school auditorium. "Raising Good Citizens" is the topic of the evening.

Charles L. Peltier, Head of Social Studies Department of Newton High School and Newton Junior College will express the "Responsibility of the Social Studies Department." Edward V. Hickey, Jr., a Warren parent, will speak on the "Responsibility of Parents." "The Responsibility of the Community" will be stated by Thomas Curtin, Director of American Citizenship, Massachusetts Department of Education.

A Panel Discussion will follow with Mrs. John C. McClintock, former president Newton League of Women Voters a Moderator.

Raising good citizens is one of the deepest concerns of parents, schools and communities. In the last decade, the teaching of Social Studies in Warren, in the entire city of Newton, and in the nine States at large has been greatly expanded. There has been intensive urging during this time on the part of political parties, candidates, mass media, and organizations like the League of Women Voters, to register and vote.

The problem of raising good citizens is of great importance to the Warren Parent Teachers Association, and all members are invited to show their personal interest in the discussions of Tuesday evening.

Coffee Parties

For Charles Gibbons Oct. 16

Representative Charles Gibbons, the Republican candidate for Lieutenant Governor, will be honored at a series of coffee parties on Tuesday morning, October 16.

Charles Gibbons has been a highly capable and efficient Republican Floor Leader and was formerly the distinguished Speaker of the House. His understanding of state problems is unparalleled.

The coffee hostesses for this day will be Mrs. Albert Gerstein, Mrs. Hiram Viscott, and Mrs. John Roy.

Arrangements for the coffee parties have been completed by Mrs. David Schulman assisted by Mrs. Edward Becherer, Miss Margaret Magoley, Mrs. Benjamin Shattuck, and the three hostesses.

All Newton residents who wish to attend a coffee party for Mr. Gibbons may do so by phoning BI 4-3936.

Auburndale Woman's Club

The first meeting of the coming season of the Auburndale Woman's Club was held yesterday (Wednesday).

Mrs. Hugo W. H. Wellington, chairman of literature and international affairs will sponsor a Guided Tour of the Christian Science Monitor or Publishing House, Mapparium, and the Mother Church, will take place Friday, October 19. Party to leave the clubhouse at 10:30 a.m.

Beethoven P-TA

The Beethoven P.T.A. held its first meeting of the 1956-57 season at the Beethoven School Monday evening. All parents were invited to a dessert and coffee hour which began promptly at 7:30 p.m. This informal get-together afforded parents the opportunity of having a chat with members of the faculty.

The main feature of the meeting was the showing of the film "Passion For Life". Made in France, it is a full-length movie complete with English subtitles.

PICTURED ARE MEMBERS of the faculty of both the Religious and Hebrew Departments of Temple Shalom of Newton attending the annual teachers' institute at the new Temple located at 175 Temple street, West Newton. The institute was held Sunday, September 30, and luncheon was served by the P.T.A. of the school.

Newton Art Association

At the meeting of the Newton Art Association on October 4th, acting president, Robert W. O'Brien introduced Harry Ballinger as the guest artist. Widely known as a marine painter and teacher of art, Mr. Ballinger painted a Cape Ann coastal scene near Stratham Light, explaining his choice of colors in a limited palette as well as technical methods relating to brush strokes, color mixing, and composition.

An equally large attendance is anticipated for the next meeting at the Newtonville Library on Thursday, October 18th when Mr. Sam Thal will be the guest lecturer, and will criticize paintings by some of the members, these paintings already having been selected.

In the absence of president Chester N. Reed, Mr. O'Brien announced that the Fall Painting Picnic will take place on Saturday, October 20th at the George Browning Farm on Conant road in Lincoln, beginning at 10:30 a.m. Those without transportation may meet at 10 o'clock at the rear of the Newtonville Public Library on that day. Further details may be obtained by calling Priscilla Ordway LA7-4383.

An exhibition of paintings by Jo Barker White, of the Newton Art Association and Copley Society of Art may be seen during the month of October at the Main Library on Centre street, Newton Corner.

Community Service Club

The Community Service Club of West Newton begins its fall season Wednesday, October 17, at the Second Church Parish House, with a musical program preceded by a coffee hour at 1 p.m., a business meeting and reception to new members. The players known as the Cambridge Trio, will offer a varied program from the repertory of music written for trios by the great composers.

The president, Mrs. Daniel Ricker, will preside at the meeting and the coffee hour will be in charge of Mrs. Vernon E. Blagbrough and Mrs. Sydney P. French.

John Ward P-TA

The P.T.A. of the John Ward School is happy to announce that plans have been completed for the presentation of its annual gift to the children in the school. Mrs. Wilfred Werner, chairman of children's programs has once again arranged for a series of concerts under the auspices of Young Audiences Inc. This series of concerts makes available to the children chamber music of the highest calibre, presented by celebrated artists of great renown.

Although the money for these programs is appropriated by the P.T.A., the concerts are integrated into the school curriculum, and do become a part of the actual music education of the child. Preparation for intelligent listening on the part of the children is planned by the Music Department of the Public School, and is brought to the children by their teachers.

Post concert discussions will take place under the same direction. The Ward School P.T.A. is the first in the city to realize the great value of these concerts.

The officers of this year's P.T.A. at the Ward School are: Mr. Henry Marcus, president, Mr. Herbert Cohen and Mrs. Leopold Beckwith, vice presidents; Mrs. Joseph Rodman, secretary and Mr. David Lurinsky, treasurer.

Oak Hill P-TA

The Oak Hill School P.T.A. meeting which took place on September 25 was recorded and will be broadcast by Station WGBH-FM on Saturday evening, the 6th of October, at 10:30 p.m.

The program was in the form of a panel discussion on the very vital subject, "Do Our Schools Need Federal Aid." The speakers were: Dr. Samuel Beer, who took the positive approach and Dr. Franklin P. Hawks, who discussed the negative aspects.

The moderator was the very capable Mrs. Lewis E. Fletcher. We hope all of those who missed our very informative meeting, along with the rest of the community, will tune in WGBH-FM on Saturday evening at 10:30 p.m.

Rainbow Square Dance

On October 20, Miss Diane L. Thompson, past worthy advisor of Newton Assembly No. 60 and present grand representative of the Massachusetts Grand Assembly of the Order of the Rainbow for Girls, is going to hold a square dance.

The square dance will follow an initiation and is going to begin at 8:00 o'clock in the Social Hall of the Masonic Temple, Newtonville. The caller will be Dr. Oliver C. Williams. Tickets may be obtained from any Newton Rainbow girl. The tickets are sixty cents and refreshments will be served.

HAULING ALL CARS!

This Will Cost You from \$7 to \$9

IT CAN HAPPEN TO ANYONE, as Boston police step up their intown parking drive. You park where the signs say "no parking any time". You think you'll get away with it. When you come back . . . your car is gone! A tow-truck has dragged it away.

There's only one thing to do . . . pay up . . . because the police don't take excuses. Parking in any for-

bidden or restricted downtown area these days can put your car on the tow-truck's hook. By the time you get it back, you're out \$7 to \$9 . . . plus time lost . . . plus wear and tear on your car.

The smart way is to ride MTA intown. You'll miss all the jammed-up traffic . . . avoid high, intown parking fees . . . and save a lot of wear on your nerves.

For travel about your home district, the MTA's 15¢ local fare is the cheapest transportation you can buy. Try it for shopping or other trips. You'll save money on rides in your home district.

PETER REUTER

Services were held Monday for Peter P. Reuter, 57, of 54 Bow road, Newton Centre, who died last Friday at the Baker Memorial, Massachusetts General Hospital, after a long illness.

Mr. Reuter, for more than 30 years New England Manager for the Bailey Meter Co., of Cleveland, Ohio, joined the firm in 1921 upon graduation from the University of Minnesota.

He was a veteran of World War I and was a member of the American Society of Mechanical Engineers, the National Society of American Mechanical Engineers, Phi Sigma Kappa fraternity, Theta Tau engineering fraternity, Longwood Cricket Club and the Holy Name Men's Club of Sacred Heart Church.

Mr. Reuter is survived by his wife, Dorothy B. (Sullivan); three daughters, Mrs. Anne Birtwell of Leominster, Mrs. Jacqueline Van Besien of Kansas City, Mo., and Miss Dorothy J. Reuter, who is women's physical director at Northeastern University; two brothers, C. J. Reuter and Frank, both of Alexandria, Minn.; a sister, Mrs. Elizabeth Miller of Alexandria, and three grandchildren.

Services were held with a solemn high Mass of requiem from the Sacred Heart Church, Newton Centre, Monday at 11 a.m. Burial was in Newton Cemetery.

HARRY L. DEXTER, JR.

Harry Lyman Dexter Jr., 85, of 104 Eldredge street, Newton, died last Thursday at his home after a long illness.

A retired broker, he was born in Roselle, N. J., and had been a Newton resident for 50 years.

He is survived by a sister, Mrs. Harriette Hewitt of Cambridge.

Services were held at the Short and Williamson Funeral Home, 173 Brighton avenue, Allston, last Saturday afternoon at 2 o'clock. Rev. Ray A. Eusden of Eliot Congregational Church officiated. Burial was in Mt. Auburn Cemetery, Cambridge.

RICHARD BLAISDELL

Richard H. Blaisdell, 55, president of Bryant and Stratton School at 150 Newbury street, Boston, died of a heart attack Sunday night at his home, 292 Beacon street. He was alone with his wife when stricken.

His wife, Mrs. Hazel H. Blaisdell, appealed to police for a doctor when her husband was stricken and the Back Bay station of the Boston Police Department summoned Dr. Louis Berger of 517 Washington street, Dorchester. Dr. Berger pronounced the educator dead.

Mr. Blaisdell was associated with Bryant and Stratton School 30 years and served as president the past 15 years. His father, James W. Blaisdell, also served as president of the school.

Mr. Blaisdell attended Newton High School, Bryant and Stratton School and Bowdoin College. He worked for the Estabrook and Co., and the United Fruit Co., for a short while before becoming an instructor at the school.

Candidates Will Address Meeting Monday Evening

EDWARD V. HICKEY

Twenty-two candidates for state, county, and national offices are to be presented to the voters of Newton at the public candidates' meeting of the non-partisan League of Women Voters of Newton, this coming Monday evening at 8:00 o'clock at the new Meadowbrook Junior High School, Oak Hill.

The League this year is introducing the round-table discussion to its candidates meeting. This will permit the aspirants for office to question each other, as well as to answer directed questions relating to important issues.

Edward V. Hickey, who is director of Advertising and Public Relations for the Merchants National Bank of Boston, and a resident of Newton since early

childhood, will be moderator of the meeting.

Following are the candidates scheduled for appearance:

Jackson Holtz (D.) and Lawrence Curtis (R.), nominees for Congressman from the 10th Congressional District.

James L. O'Dea, Jr. (D.) and Ephraim Martin (R.), candidates for District Attorney from Middlesex County.

Frederick M. Donovan (D.) and Christian A. Herter, Jr. (R.), candidates for Executive Councilor.

Howard W. Fitzpatrick (D.) and John F. Cahill (R.), aspirants for Middlesex County Sheriff.

Candidates for County Commissioner: Edward L. Buckley (D.), Patrick J. McGinchee

(D.), William G. Andrew (R.), and H. Herbert Applin (R.).

John F. Telia (D.) and Donald L. Gibbs (R.), opponents for the seat of State Senator;

State Representatives from the 4th Middlesex District, Leo M. Cannon (D.), Lawrence E. Cooke (D.), George E. Rawson (R.), and John W. Whittemore (R.).

Candidates from the 5th Middlesex District to the General Court, George F. Cahill (D.), Joseph L. Walsh (D.), Arthur G. Heaney (R.) and Irene K. Thresher (R.).

Chairman of the Candidates' Meeting, Mrs. Albert R. Beisel, Jr., is being assisted by Mrs. David B. Rost. A Voters' Information Desk will be serviced by Mrs. Irving Rabinowitz. Ushers will be: Mrs. Arnold P.

G. Peterson, Mrs. Maurice Strauss, Mrs. Samuel Glaser, Mrs. Aaron H. Cole, Mrs. Norman B. Krim, and Mrs. Charles Worthen, Timekeepers will be: Mrs. John W. Locke and Mrs. Richard Mitchell.

An opportunity to personally meet and talk with the candidates after the meeting will be afforded Newton residents while refreshments are served under the direction of Mrs. Henry W. Keyes.

For those who may not know the exact location of the new Meadowbrook Junior High School, Mrs. Leopold Beckwith, Voters' Service Chairman suggests taking Wheeler road, which runs off of Parker street in Oak Hill. She also reports that there are ample parking facilities.

Feather Drive Opens Tonight

With Jesse Owens, one of the all-time American athletic greats, as principal speaker, Newton's 1957 United Red Feather Campaign gets underway tonight (Thursday) at a "Dutch Treat" Kick-off Dinner in the Newton High School gymnasium at 6:30 p. m. Volunteer workers in the Women's and Men's Retail divisions begin their solicitation calls tomorrow morning.

Next Sunday, October 21 will be observed as Red Feather Sunday throughout the Greater Boston area. In Newton house to house calls by the 1800 volunteer solicitors in the Residential division will begin.

Campaign workers will introduce Newton residents to the new "Ten Plus Club" — the symbol of the 1957 drive in this city. Key chains will be provided contributors whose

Put In Churches Throughout City For Citizens' Signatures

Lending impetus to a movement originally started by the trustees of the First Unitarian Society earlier this month, the Newton Council of Churches has gone on record as wanting no part of an extension of the East-West Toll Road through this city.

Ernst Seyfarth, president of the Council of Churches, contends that the traffic from the toll road should go into Boston on freeways, rather than on a toll road which would divide this city.

Action, as a result, has taken place here when petitions were circulated to 43 Newton churches protesting such a plan by the Turnpike Authority.

The council asked church-goers last Sunday to sign the petitions urging that the Massachusetts Turnpike Authority's power to build such an extension into Boston be revoked. In some of the churches, ministers spoke from the pulpit urging their parishioners to sign the petitions while at others the petitions were placed at the rear of the church for signatures. A few churches, it was revealed, refused to circulate the petitions on the grounds that the Toll Road is not a spiritual matter.

The petitions, which went out over Mr. Seyfarth's signature, are to be returned next Wednesday and they will then be sent to Governor Herter and legislators. The petition was prepared by Mr. Seyfarth with the advice of the council's advisory group of ministers.

Free Chest X-ray Survey In Nonantum Next Week

October 22, 23, and 24, the Newton Tuberculosis and Health Association will conduct a free chest X-ray survey for adult residents of Nonantum, especially those 45 years old and older. X-rays will be available for these people from 3 to 8 p. m. Monday, Tuesday, and Wednesday of next week, at the Hawthorn Playground.

It is important that those who come for an X-ray come prepared to give the name and address of their family doctors, so that reports of the X-ray findings may be sent to the private physicians. All negative reports will be sent directly to the individuals within about 4 weeks after the survey.

It is not necessary to remove clothing for the X-ray, but it is important that the clothing worn is free of any metal buttons, clasps, pins, etc. All that is required for an X-ray is but a moment of the individual's time.

An annual chest X-ray is highly recommended for all adults 45 years old and older, because more and more frequently new cases of tuberculosis are being found in the

older age groups. It is the special hope of the Association that grandparents living in the same house with their grandchildren will take advantage of the free X-ray service.

Tuberculosis is a contagious disease, most dangerous when it goes unsuspected. Usually the only symptoms of TB are so slight or so common to other things (like fatigue, cigarette cough, colds) that they are very often ignored or misinterpreted. Parents and grandparents may unknowingly be spreading the disease to their families. It is equally important, too, for the protection of the individual who has TB to find it out as soon as possible; discovering TB in its earliest stages is one of the first steps

Volunteer Pins Are Given by Red Cross

The 38th Annual Meeting of the Newton Chapter, American Red Cross, was held Tuesday evening, October 9, in the Normandie Room at Norumbega Park in Auburndale. Donald E. Rust, Jr., chairman of the meeting, introduced Rabbi Harold D. Kastle, Temple Reyim, who delivered the invocation. Following the presentation of the head table guests, Philip K. Brown chapter chairman, conducted the business meeting, commenting, "Red Cross is of a continuous nature meeting the needs of a world which is full of change. The basic concept of Red Cross has not and will not change. It will forever remain the medium through which man helps his fellow man—in war, in peace, through strife and disaster. I am deeply grateful to all our

conscientious and generous workers and friends who have helped to make continuous progress".

Alan R. Morse, member of the National Board of Governors of Red Cross, in speaking on "The Forward Look in Red Cross" complimented Newton on its fine leadership in Red Cross activities.

City To Observe U. N. Anniversary Oct. 24

With the ringing of every bell in the community at eleven o'clock on the morning of October 24, Newton will usher in its own observance of the world-wide anniversary commemorating the eleventh anniversary of the United Nations organization.

Mayor Howard Whitmore, Jr., in officially proclaiming next Wednesday United Nations Day, urged all citizens of this area to join the rest of the country in prayer at the sound

of local government, the U.N.

Political Experts Feel Stevenson's Campaign Has Faltered Both Ike and Stevenson Scheduled to Appear in Boston

Political experts, who have been closely watching the election trends and shifts, believe that President Eisenhower has gained during the past week or 10 days in his race with Adlai Stevenson and that Stevenson, after a brief spurt, has begun to falter.

The election pundits are in agreement that Adlai is substantially stronger today than he was at comparable stage four years ago, but after all their studies and analyses they can't see where he could get the necessary electoral votes to win the Presidency.

It is also the judgment of the soundest observers, on the basis of the tests of sentiment they have made, that Eisenhower would carry Massachusetts—if the election were being held today.

Of course, the election isn't being held today, and the picture could change in the period remaining before the voters go to the polls, but the indications are that the gains recorded in the recent campaigning have been made by Ike, not by Adlai.

cent increase over last year's donation, provided it represents a penny per agency, will qualify each giver.

"We are using these red key tags to present visually the overall increased giving needed from Newton citizens to oversubscribe our \$300,000 goal," Franklin N. Flaschner, general chairman, stated in explaining the significance of the Ten Plus Club. "Furthermore, the Red Feather is the BIG campaign whose needs are at least three times that of any other welfare or health drive in this city," he emphasized.

"The red key tags may be worn fashionably on the straps of ladies' pocketbooks," Mrs. Frederick J. Wood of Newtonville, chairman of the Women's Retail unit, pointed out in her instructions to the volunteers in her division.

Victor M. Kumin of Newton Highlands, chairman of the Residential division, urged his solicitors to start their visits to Newton homes by displaying the red Ten Plus Club key tags and explaining their purpose in this fall's drive. He further asked each team member to "Sweep Clean by Halloween" by calling on all prospects this coming Sunday.

First report day for all campaign workers is Monday, October 22. All division solicitors have been asked to make at least a partial report to their team captains, on Monday. Two local parochial high school girls and a third New-

ton girl have been selected to compete in the eighth annual Junior Leader Speaking Contest now being held in Greater Boston. They are Misses Ann O'Connor, 173 Lincoln street, Newton Highlands, representing the Academy of the Assumption; Ann Bradley from Our Lady Help of Christians High School; and Jane DeMarco of Roslindale will be Mount Alvernia Academy's representative.

The contest has three divisions: City of Boston High Schools; parochial high schools in Greater Boston; and public high schools in suburban communities. An award of merit will be given the winner in each school. A suitably engraved cup will be awarded each of the three divisional winners.

Because of this year's emphasis on the amount of service provided young people by Red Feather agencies (60 per cent of allotted funds) the subject of all speeches is "The Future of Youth Depends on You." Between October 22 and November 2, school representatives will compete in a series of contests in their respective divisions. Grand finals will be November 7.

YMCA. He has frequently addressed educational, church, and YMCA gatherings and conferences.

Committee members attending will also commemorate the 79th birthday of the Newton YMCA which took place October 16, 1956. The Newton YMCA was organized October 16, 1877 with George S. Harwood as its first president.

Presiding at the affair will be George R. Strandberg, current president of the Newton YMCA. President Strandberg will receive program plans from all regular committees of the Newton YMCA at the meeting.

A smorgasbord dinner will be served by members of the Women's Auxiliary, Mrs. Raymond Garon, president. On the committee for the smorgasbord also are Mrs. Benjamin Shattuck, Mrs. Fred A. Hawkins and Mrs. Alex Miller.

Special guests at the dinner will be Mr. and Mrs. Franklin N. Flaschner and Mr. and Mrs. Victor M. Kumin. Mr. Flaschner is general chairman of the 1957 Red Feather drive in Newton and Mr. Kumin is residential chairman. The Newton YMCA is a member agency of the Newton Community Chest and Newton Community Council.

Petitions-

(Continued from Page 1)

In his sermon at the First Unitarian Church in West Newton Sunday, Rev. John Ogden Fisher said that a toll road through the heart of Newton would require "unnecessary sacrifices."

"If this toll highway comes, of course, we can build a new church. We can meet in each other's homes, or hire halls if we have to. But that leaves out of consideration the value and meaning of this building to those who constructed it and have used it for the past 50 years."

The petition's wording was suggested by the Mayor's Citizens Advisory Committee which had already asked the state legislature to pass a similar bill in the current session, but which the House of Representatives refused to consider this year. The Council of Churches is aiming its petition at the 1957 legislative session.

The petition was not only circulated to churches which belong to the council but was also sent to all churches and temples in the city, Catholic, Protestant and Jewish, Rev. Sydney Adams, secretary of the council and pastor of the Centenary Methodist Church, stated. . . . Although Commissioner William Callahan of the Turnpike Authority has stated that no definite route for the turnpike has been chosen, the Council's position is that the feelings of Newton residents should be taken into consideration, Mr. Adams felt.

One of the plans for bringing the extension through Newton and into Boston calls for the use of the roadbed of the Boston and Albany railroad for that purpose and which many claim would cause untold damage to business, residential and church areas and would do much to materially change the entire complex of the city.

for this annual Institute under the direction of The Massachusetts Association for Mental Health.

Areas to be discussed will deal with the importance of the teachers role in helping children get along with one another; the directing of energy away from the emotional by giving children something constructive to do as a means of using the energy; release of the teacher's tension through an understanding of the behavior of the children in the classroom and the creating of a classroom climate in which the child feels accepted and adequate.

Newton educators planning to attend are Cecile P. LeClair, Helen McLaughlin, Charles N. E. Howard, Ruth U. Golden, Mrs. Joseph Osborne, Florence E. Cobb, Floes H. LeBoeuf, Ernestine R. McDonough.

to successful treatment. The chest X-ray is still the best way to discover these early cases of tuberculosis. Free X-ray surveys provided

in Newton by the Newton Tuberculosis and Health Association are solely supported by the annual sale of Christmas Seals within the city. In addition to the X-rays made possible by the recently established hospital admission program, the Newton Tuberculosis and Health Association hopes to take up to 1,500 X-rays in the Nonantum survey.

This is only the second time in the Association's history, which records over 24,000 free X-rays of Newton residents since 1945, that X-rays will be offered during evening hours, making it possible for working men and women to take advantage of the Christmas Seal Service.

Ellis are in charge of arrangement.

Dr. Ross Cannon will conduct the two special services on Sunday morning at 8:45 and 10:50 respectively. The early service will be for children, young people and their families, with the Junior Choirs participating. The topic of Dr. Cannon's sermon at this service will be "We Would See Jesus." At the later service he will speak on "Our Help in Ages Past, Our Hope in Years to Come." Sitting in a body will be the forty-three living deacons. The chairman of the 175th Anniversary Committee is Franklin K. Foyt and the Vice Chairman is Harold A. Amidon.

"Dollar For Democrats"

Tuesday Newton launched the "Dollars for Democrats" drive. Every Democratic and independent household in the City will be approached by one of several hundred volunteer solicitors.

Human Interest Stories Are Desired

In July The Graphic carried a story requesting testimonial letters for the contribution to the educational program of Edward Landy. The response has been so enthusiastic that several educators have agreed to help give material in collaboration with Miss Mary Dunbar on letters material. They would appreciate human interest stories of specific personal answers to questions on guidance of a child in particular rather than general cases.

Parents, teachers, counselors or any others who wish to have their viewpoints on Dr. Landy's personality included may send their letters to Mary Dunbar, Box 61, Auburndale 66, Mass. Names will not be used except in certain instances where people involved will sanction their use.

For the Whole Human Being

Differ as we do in this community in politics; line up as we do as business or professional people, labor or management, we are truly a united people where unity counts most—in our regard for human life. When we get down to the bedrock of what we really believe in, we ARE one people. We believe in our fellow men as the children of God. We believe in ourselves and in our ability to help each other thru united action.

Happy symbols of that belief are our neighborhood centers, our Boys' Club and Y.M.C.A., our Scout organizations, our well-baby clinics, our hospital, our counseling services—all united under the Red Feather and doing such wonderful work here in Newton.

All these are the positive, the hopeful things we're working for. They are not for one small group called "the needy" but for all of us. For, in truth, we are all

"needy" at some time, in some sense and thru the united way of giving together we learn to help one another.

Man must be thought of, not as a collection of diseases or "problems," but as a whole human being, with a mighty spirit, as well as a fragile body. We must think and plan and give together for the whole human being.

There's joy to be found in this form of giving. Your opportunity to participate begins on Red Feather Sunday when your neighbor calls on you for your 1957 Red Feather contribution. Your once-a-year gift helps 13 agencies here in Newton as well as 264 other health and welfare agencies in the rest of Greater Boston.

Welcome your neighbor who is giving his time as well as making a generous gift of his own. Show your support by joining the "Ten Plus Club" and give at least 10 percent more this year.

Beware of Fallen Leaves

The autumn leaves contribute greatly to the beauty of New England. However, when these same leaves have fallen, they can contribute greatly to the driving hazards confronting bicycle and automobile drivers.

Tire traction and braking ability are nil on wet leaves, and this situation prevails every morning from dew, and on all wet days.

It is important that drivers of both automobiles and bicycles recognize this danger!

Another danger is the smoke screen laid down by burning leaves. This is extremely bad at dusk or on heavily traveled streets.

In many places it is against the law to burn leaves, for just this reason alone.

There are other reasons why the Fire and Street Departments deplore this practice; the Fire Department because of the fire hazard, and the Street Department because of the damage done to newly paved streets.

For all who drive—remember—beware of fallen leaves!

If we must burn leaves, and conditions are right and a permit has been issued by the Fire Department, be sure the fires do not smoulder and create a hazardous smoke screen.

Accidents caused by leaves can be kept at a minimum if all will cooperate.

Shrines of Liberty

At peace, prosperous, and progressing, we Americans seem to find little time or occasion to pause even for a moment of grateful appreciation of the freedoms that are our heritage.

Perhaps the tempo of the times makes this understandable. But it does not make it excusable. We should never forget, we should recall and mark well at least once in a while, the courage and self-sacrifice of the God-guided men who gave us that heritage.

This year, by an act of Congress, their

signing of the Constitution in 1787 was officially remembered during the observance of Constitution Week, Sept. 17 to 24. The Government announced that it will install a "Shrine of American Liberty" in the lobbies of all new Federal buildings.

The shrines will be specially designed exhibition cases holding reproductions of the Constitution, the Declaration of Independence and the Bill of Rights, that we, and succeeding generations, may see, and remember.

Political Overtones

(Continued from Page 1)

This is how the most reliable dopers size up the Presidential situation at the moment.

They concede Stevenson the nine Southern and border States he carried in 1952. They place Texas and Florida in Adlai's column, while explaining that the race in Florida is close, that he is far from a sure thing there and that Ike might hold the Sunshine State. But in trying to figure out any combination of States that might give the Democratic standard-bearer the victory he is seeking, they count Florida for him.

Then they mark off Tennessee, Virginia, Oklahoma and Missouri for Adlai. Those 15 States, if he carried them all, would give him 167 electoral votes, 99 short of the number he needs to win.

The task of picking out the other States which might provide the necessary bloc of votes is a difficult one. Rhode Island, Arizona and New Mexico are likely prospects. They have 12 electoral votes between them.

That leaves Adlai still 87 votes short of his mark.

Where could they come from? Well, the experts now declare that they will not come from the farm belt. It now appears that the only State in the Middle West which Stevenson might carry is Minnesota which has 11 electoral votes, and it is doubtful.

If Adlai is to win, he must pick up at least 76 electoral votes in the Northeast and the Far West, and right now the picking doesn't look promising.

That is how the Presidential battle shapes up, as the contenders move into the final crucial stage of their race.

Ike Stronger than Party in Massachusetts
The picture on the State level in Massachusetts is puzzling. President Eisenhower unquestionably is stronger than his

party, with only a very few isolated exceptions.

Governor Hettler has given Sumner G. Whittier's campaign a noticeable lift with his hard-hitting speeches.

Until recently Hettler remained in the background of the gubernatorial contest, presumably because he was fearful of overshadowing Whittier. He apparently intends to take an increasingly active part in the fight the rest of the way, however, and there is little doubt but that he could sway its outcome.

Hettler and Foster Furcolo are to appear on the same platform at a big rally tonight. Some of the Democratic politicians are wondering if Furcolo may not be walking into a political booby trap. Hettler, of course, is the dominant Republican figure in Massachusetts, and most of the Democratic contenders are remaining warily away from him.

At this writing, however, the gubernatorial race appears to be very close. It still remains to be won and lost. Its result will be decided by what happens in the next 18 or 19 days.

Both President Eisenhower and Adlai Stevenson are scheduled to come to Boston during the closing stages of the campaign. The impact they make will affect the course of the gubernatorial race to some degree.

A big difference is that Ike is expected to generate strength to Whittier, while Adlai himself has declared publicly that he hopes to ride on Furcolo's coattails, a remarkable statement for a Presidential candidate.

If Ike makes his final campaign speech on election eve in Boston, as it is reported he may, when public enthusiasm and excitement will be at their very height, he might provide a tremendous finishing surge for Whittier and the entire GOP slate.

SPORTSMANSHIP?

Editor, Newton Graphic:
I attended the football game in Newton vs. Watertown on Oct. 12. I was simply amazed at the poor sportsmanship of some of our Newton students. The ones I'm especially referring to are girls.

Just after the half, these girls came over to the Watertown bleachers cheering yelling, and even swearing. A policeman was called and he sent them away. They still kept coming back and grabbing anything red or white out of some of the people's hands ripping them up, stepping and spitting on them, and yelling filthy words. Again a policeman sent them away.

We came to the game expecting to lose, which we did, and I believe if anyone was entitled to show poor sportsmanship it should have been us. I know we weren't perfect sports about it, but we didn't compare to

some of the Newton young people.

Our band marched out, ignoring the nasty remarks yelled at us. Just as we were boarding the bus, two members of the band were hit with tennis balls thrown by Newton students. Going down Walnut street the same girls were lined up with other girls and boys in a crowd of about 30, our bus stopped and we had to close our windows due to spitting and swearing from these people. Most of the "goings on" I could put up with but when they spit at the bus it made me think and hope that our Watertown students never show such signs of juvenile DELINQUENCY like some of your Newton girls. This does not refer to most of your girls or students, most of them had outstanding sportsmanship and I hope that someday Newton will rid themselves of the bad ones and get back the record of Excellent Sportsmanship they used to have. Watertown.

One of the things that makes this election difficult to figure is that there appears to be an extremely large amount of voter apathy for a Presidential year. Public interest and feeling are not as great as four years ago.

That usually is interpreted as boding well for the administration in power. It generally means that the people are complacent and are not aroused or intent upon throwing anybody out of office.

From all reports there are not as many enrolled voters in Massachusetts today as there were in 1952.

While the official figures are not available, those which have been obtained indicate that the voting lists are down in the Democratic cities and up in the Republican towns.

On the basis of all the political evidence, the Democratic registration drive was not the success it was expected to be. But it may be that it was more successful than appears on the surface. The explanation for the drop in the Democratic centres may be that there has been a sizeable migration of people from the cities to the towns in the past four years.

If a Democrat moves to a Republican town, is the shift likely to affect his voting habits? Often it does!

The cold figures on the voting lists offer more encouragement for the Republicans than for the Democrats.

In Greater Boston, at least, the strongest Democratic candidate for major office appears to be youthful Boston City Council President Edward J. McCormack, Jr., nephew of Congressional Majority Leader John W. McCormack and his party's nominee for Attorney General.

He is battling one of the sturdiest and most resourceful of the GOP veterans in Attorney General George Fingold who is standing for reelection to a third term.

The "golden boy" of the Democratic State ticket, the handsome, 33-year-old McCormack, a graduate of the U. S. Naval Academy at Annapolis and a naval veteran before he entered the Boston University Law School, McCormack is drawing terrific support from the young voters.

Fingold, who may be a Republican candidate for Governor in the future if he survives his present fight, is putting up a hard battle to retain the post he has held for the past four years. He and McCormack are meeting head-on in some sections where they both command great strength.

Both are energetic campaigners, and their clash is likely to develop into a two-fisted contest in its final stages.

Although it is overshadowed by the struggles at the top of the ticket, the lively battle being waged by State Auditor Thomas J. Buckley and Republican candidate Joseph A. Nobile is attracting considerable attention.

Ordinarily, Buckley places his name on the ballot and then waits for the votes to be counted on election night. But in this campaign Nobile is carrying the fight to him, and Buckley is more active than he has been in years.

The son of the first Italian-born physician licensed to practice medicine in Massachusetts, Nobile is extremely popular with the voters of Italian des-

To Institute K.P. Lodge Here Oct. 24

The Grand Lodge Knights of Pythias will institute a new Subordinate Lodge in Newton next Wednesday (October 24) at Noyes Hall, Andover Newton Theological School, Newton Centre. Grand Chancellor Israel N. Samuels and his board of officers will be accompanied by Melvin M. Ewen, Supreme Secretary of Cincinnati, Ohio.

Murray Onigman, Dr. Norman Stone, Max Paddock all of Newton, chairmen of the organization committee, assisted by Grand Secretary P. G. C. Walter G. Yetman of Wakefield expressed the following on presentation of the petition to the Grand Chancellor. "The Pythianism philosophy in the Newton Community, based upon brotherhood and friendship, will offer a medium whereby many of the residents can express the good will of neighborly assistance."

The original Rathbone Bible used by the founder of the Order, Justus H. Rathbone will be used to obligate the Charter members in Newton.

The Order Knights of Pythias was founded in the city of Washington, February 19, 1864 by Justus H. Rathbone a retired school-teacher and a group of 12 associates. Today more than 3,000 lodges exist in the U. S. A., and Canada and the order has numbered Presidents, William McKinley and Franklin Roosevelt as members.

As the first Fraternal Order chartered by an act of Congress and the first to require a U. S. flag and a Holy Bible to be displayed in its open conventions, it leads today in the promotion of Highway Safety and in Massachusetts the endorsement of helping underprivileged children through a Kiddie Kamp in Sharon. To date more than 10,000 children have been guests for a free two weeks during the summer season.

Following institution the Lodge will meet in Newton bi-monthly. Secretary Leon Kitzer, 50 Rangeley Road, Newton will handle all communications.

MRS. ROSEMARY CAHILL, the patient in bed, shows Mrs. Herbert G. Dunphy, Mrs. Edward P. Garland, Mrs. Worthing West, and Mrs. Gordon B. Gifford the type of hospital bed currently in use at the Newton-Wellesley Hospital. Mrs. Dunphy is general chairman of the Hospital Aid bridge parties to be held throughout Newton and Wellesley on Wednesday, October 24, while Mrs. Garland is Wellesley chairman. Mrs. West is Aid president and Mrs. Gifford is in charge of publicity.

WILLIAM S. BRINES, director of the Newton-Wellesley Hospital, demonstrates one of the new mechanical beds to be purchased from proceeds from the Hospital Aid bridge parties, while Mrs. Edward Garland, Mrs. Worthing West, Mrs. Gordon B. Gifford, and Mrs. Herbert G. Dunphy look on. Mrs. Garland compares the height of the present bed with the new model, while Mrs. Dunphy shows how easy it is to get in and out of the mechanical bed in a lowered position. The new equipment will be a major convenience for both patients and nurses alike.

Hospital Aid Bridge Parties To Be Held Next Wednesday

Mrs. Worthing West, president of the Newton-Wellesley Hospital Aid Association, announces that Mrs. Herbert G. Dunphy, general chairman of the Hospital Aid bridge parties to be held through Newton, Wellesley and Wellesley Hills next Wednesday, has completed the roster of her committee members. Assisting Mrs. Dunphy will be Mrs. Paul T. Babson of Wellesley; Mrs. P. Edward Eden of Newtonville; Mrs. Edward P. Garland of Wellesley; and Mrs. Lewis S. Pilcher of West Newton.

Mrs. Riley J. Hampton of Newtonville and Mrs. Robert E. Cook of Wellesley will have charge of tickets, while Mrs. Francis F. Munroe of Boston will be in charge of prizes; and Mrs. Robert E. Hall of Wellesley will be in charge of prizes; and Mrs. Robert E. Hall of Wellesley will handle refreshments. Publicity will be under the supervision of Mrs. Gordon B. Gifford of Waban.

Indispensable U. N.

As we celebrate this month, the eleventh anniversary of the United Nations, we realize that the U.N. was never more needed than now. Two events now taking place on New York's East River may indeed have consequences that affect us all. The eighty-one nation conference to set up an International Atomic Energy Agency connected with the U.N. is the largest ever held there, and it may be, from the viewpoint of world history, one of the most important. President Eisenhower has described the two-fold purpose of the Agency: to strengthen peace by assembling nuclear materials from national stocks; to make sure that these materials are used only for peaceful uses. Our United States delegates, James J. Wadsworth, has done a remarkable job in the negotiations that drafted the statute unanimously approved by a 12-nation group including the Soviet Union, India, and the chief Western nations. If the needed control and inspection safeguards can be agreed on at this conference, a new era of atomic cooperation may be at last in sight.

The immediate focus of world concern is the meeting of the

Security Council to consider the Suez problem. As predicted, Egypt will not accept the Suez Canal Users Association plan, protected as she is by both the Soviet veto in the Security Council and the support of the new Asian African members on the General Assembly. However, there is still hope of negotiation. Indeed it is now forecast that after the first week of open speeches in the world spotlight, the Council may be turned into a 12-nation conference to seek a negotiated settlement will be sought behind closed doors. If this should happen, the U.N. may once more succeed in overcoming the threat of force by its own powers as a center of moral force. For, as the New York Times has said, the U.N. is no worker of miracles. Through its agencies, it has dealt with the whole economic and social life of the world—with human rights, with the needs of refugees and the administration of trusteeships. It has done much to lift the standard of life in the realms of trade and health and food. "It has no ready answers except through its appeal to humanity's desire for peace and to principles of justice which all member nations have at

least in words accepted. Inside the U.N.'s walls and inside the Charter which they symbolize, all men are equal and all nations have inalienable rights."

Republicans Open Several Headquarters

John B. Stetson, Chairman of the Newton Republican City Committee, announced this week that the Republican City Committee and three of the Ward Republican Committees have opened headquarters in various sections of Newton.

In making this announcement, Mr. Stetson stated that the various headquarters would be open during the day and evenings and that the staffing would be handled by volunteers.

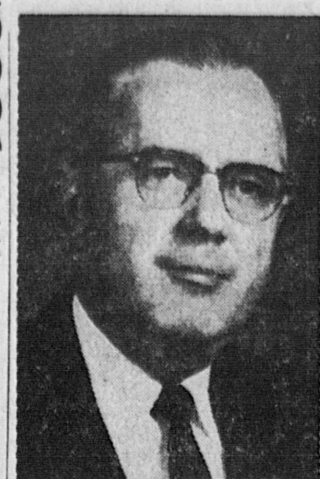

The Newton Republican City Committee has established headquarters in West Newton at 1298 Washington St., next to the West Newton Theater, Tel. No. Decatur 2-4528 and Decatur 2-4529, and headquarters in Newton Centre at 212A Summer St., opposite the Newton Centre Post Office. The telephone number for the Newton Centre headquarters is Lasell 7-9727. The West Newton location is under the direction of Douglas Danner and John Nixon of the Ward 3 Republican Committee and Wade Asaff of the Ward 4 Republican group. The program is being financed by the PTA and there will be no charge to the children.

JOSEPH P. FOLEY

Hear Talk On Juvenile Delinquency

The regular monthly meeting of Our Lady's Holy Name Society was held in the High School Hall Sunday.

During the course of the meeting the Society was addressed by Joseph P. Foley of Natick, Chief Officer of the Special Juvenile Probation District of Middlesex County. With the problems of delinquency being uppermost in everyone's mind, this was a splendid opportunity for fathers to hear a talk on this subject, and how the various communities are endeavoring to reach a solution. Mr. Foley is a graduate of Boston College with a A.B. Degree, and a graduate of Boston College Law School, with a LL.B. Degree. He has been associated with juvenile problems for the past ten years, and Chief Probation Officer for the past five years.

An invitation was also extended to the members of the Society who are interested in music to become members of the Parish Choir which is being reorganized under the supervision of John C. Sweeney, newly appointed organist and choir director. The choir meets in the high school on Wednesday evenings at eight o'clock.

Sanctuary To Reopen Sun.

The First Baptist Church in Newton, Newton Centre, will hold its first worship service in its renovated sanctuary Sunday morning. A new organ and a divided chancel have been installed.

The Reverend Russell H. Bishop, Minister, also announces that the church will play host to three Royal Arch Chapters of Masons Sunday. The Newton Royal Arch Chapter under Stanley C. Parker, High Priest, the Waltham Royal Arch Chapter, Francis W. Trussell, High Priest, and the Watertown Royal Arch Chapter, George A. Waite, High Priest, will be escorted to the service by the Gethsemane Commandery under the leadership of H. Austin Starr, Jr., Commander. The service will commence promptly at 11 a.m. and the public is cordially invited.

Curtis Cites Measures He Aided During Past 4 Years In Congress

Congressman Laurence Curtis declared today that he voted to broaden and liberalize social security and unemployment compensation and supported a bill to increase the national minimum wage to \$1 an hour.

He cited his stand on these measures in reviewing his record in Congress during the past four years and the actions he has taken to protect and advance the interests of the working men and women of his district.

At the same time he emphasized that the experience he already has gained in Congress will stand him in good stead during the next two years and will enable him to be of even greater service to the people of the 10th congressional district. "I feel that it is a great advantage to a district to have a Congressman who has acquired experience and know-how in the work of Congress," Curtis declared.

"With that experience and the seniority which goes with it, a Congressman is in a much better position to get results both for his district and the individual problems of his constituents," he stated. He said he is standing on the record he has made in Congress during the past four years. "I believe it is a good record—one that speaks for itself," Curtis added.

Supporters of Congressman Curtis, in urging his reelection,

pointed out that he had 16 years of service in public office before standing for election to Congress.

He served four years in the Boston City Council, 10 years in the two branches of the State Legislature and two years as State Treasurer before going to Washington.

As a member of the House Judiciary Committee, Congressman Curtis won the praise of several groups for his stand on civil rights. He worked in committee for a bill, which gave greater protection to the rights of colored people to vote in Southern States, and subsequently spoke for the measure on the floor of the House.

Curtis also participated in a fight for the adoption of liberalizing amendments to achieve a more fair and less discriminatory immigration law. In fact, he filed a bill to accomplish that objective.

"Those are some phases of the record on which I am standing for reelection and which I am submitting to the voters of the 10th congressional district," Congressman Curtis declared today.

"I am confident that it is a record of which they will approve after they have examined it," Curtis stated. "If they approve of the job I have done as their Congressman, I hope they will vote to retain me in office so that I may continue in the national House of Representatives."

Council of Churches Approve Services of Youth Director

REV. DONALD JUNKINS

Represented before the Executive Board of the Newton Council of Churches by youth

workers Jay Buell of Second Church in Newton (West Newton Congregational), and Philip Doster of the Church of the Messiah (Episcopal in Auburn-dale), the Council of Church Youth, a department of the Newton Council of Churches, involving 24 churches in Newton, received unanimous approval of their request for an appropriation for securing the services of a Youth Director.

Last spring, young people of 25 Newton Churches with Youth Counselors met for the purpose of organizing a Council of Church Youth with definite purpose in mind. Appearing before the Annual Meeting of the Newton Council of Churches in May, these two presented the proposed Council of Church Youth program. Enthusiastic endorsement and authorization to proceed was voiced by the senior organization. The matter having since been presented to the Religious

Education Committee has received the unanimous approval of this group.

A committee has been appointed to secure the service of the requested Youth Director. The committee's report will be presented to the Executive Board of the Newton Council of Churches at a meeting to which the Youth Leaders will be invited, and at which time the youth group's program proposals will be submitted.

Ernst O. Seyfarth, President of the Newton Council of Churches has announced that with reference to the cooperative participation of the Council in the Boy Scout program, Rev. Donald A. Junkins, a graduate student in Social Ethics at Boston University School of Theology, has been retained by the Council with the approval of Boy Scout Headquarters, for this, his second year, as Scout Chaplain for the Newton Council of Churches.

He will serve, as in the past, as Scout Chaplain for the Newton Council of Churches at Nobscoot Reservation, conducting the "scouts own" religious service on Sunday mornings, act as liaison man between the scout office and the Church Council, and assist scouts who, through their own individual churches are working toward their "God and Country" church scout awards.

Visiting Nurse Manual Is Distributed

A new Board Members' Manual, outlining the work of the Newton Visiting Nurse Association, was presented to board members at the opening fall meeting Monday morning, October 8 at the Association headquarters, 1900 Washington street, Newton Lower Falls.

Miss Katherine MacDonald, executive director of the Newton Visiting Nurse Association announced that the agency now has a full staff of eight graduate nurses available. The association maintains Well Baby conferences at regular times in various parts of the city and carries out health education classes in cooperation with other health agencies.

The new board member's manual was presented by Mrs. Newell Goldberg, who assisted in preparation of the book by Mrs. Matt B. Jones Jr., Mrs. James B. Palmer, Mrs. William Cochrane and members of the nursing staff.

...Major Timothy Jackson...

Read by Mrs. Holcombe J. Brown at ceremony held Oct. 10 by the Lucy Jackson Chapter, D. A. R.

We are here today at the grave of Major Timothy Jackson to pay tribute to a Revolutionary War soldier of Newton. This is a custom in our National Society, Daughter's of the American Revolution.

We have placed a bronze marker close to his stone which states that he was a Revolutionary War soldier and that it is placed by the Lucy Jackson Chapter, D.A.R.

Major Timothy Jackson was born in Newton in the original house built in 1670 by his ancestor Edward Jackson, who came here from London, England, around 1640.

This house is the present one located at 527 Washington street, corner of Jackson, Newton, and known now as the "Jackson-Homestead;" for in 1929 it became the property of the City of Newton, being given by a ninth generation descendant of the pioneer ancestor Edward Jackson.

Major Timothy was 18 years old when the Revolutionary War was started and immediately took his place as a Corporal in a Company of Minute Men who were ready for their part on the morning of the Lexington alarm. He was the only son of his family of mother and four sisters and the load and care of running the farm of over one hundred acres and keeping the home now devoted on the women. His father was dead.

The legend is that 21-year-old Lucy, the oldest of the sisters showed the strength and courage of the pioneer women of her day and with her mother succeeded in maintaining the home.

When the Founders of our D.A.R. Chapter learned the story of this brave young woman of Newton they deemed it fitting and worthy to name our

Chapter for her, the Lucy Jackson Chapter, D.A.R.

After the battle of Bunker Hill young Timothy was appointed Orderly Sergeant under Captain Fuller. The next year, in September 1776, he was on a Privateer but ten days later the boat was captured in a running fight with the British frigate the Peseus, when Timothy was wounded.

From then on he went through terrible experiences in prison ships: being impressed into the English naval service with ten other Americans and taken to London: used in four English ships where cruel treatment was experienced by all of them. But after the battle of Monmouth, July '78, he was then exchanged with others. He arrived home after being away a year and ten months. Before long Timothy settled in the family home as a farmer of 23 and three years later he married Sarah Winchester.

Major Timothy Jackson's record as a citizen of Newton is a very fine one. He served on the school committee: was in town and state offices: Adjutant and Brigade Major in the Militia: kept a town school in the district two winters: was Deputy Sheriff 10 years: selectman many years: Moderator of nearly all town meetings from 1795 to 1810 inclusive and representative to the general court 15 years in succession. All of these duties he most ably and faithfully discharged. (From "History of the Early Settlement of Newton" by Francis Jackson, page 501).

In 1811 Major Timothy Jackson was disabled, and died November 22, 1814. This sarcophagus that we surround marks his grave.

We, of the Lucy Jackson Chapter, D.A.R., are especially glad of this little ceremony to-

day, for Major Timothy Jackson is a relative of one of our members, Miss Louise Sherman.

Parking Main Subject of Meeting

Nonantum Business Mens Association held a well attended meeting October 8 at Columbus Hall.

The main topics of discussion were parking and off street parking. By a vote of the members, the committee on Municipal Affairs was authorized to petition the city for parking meters in the Nonantum Business Area.

Gerald Swartz informed the members that an off street parking area has already been selected by the city, subject to a public hearing in the very near future.

With so many improvements for the area now being planned by the Association the need of careful study for a long range plan was deemed necessary. This project has been taken over by Ralph Vitt who is a municipal engineer and very well qualified to assist the Association with its plans for a safe and more attractive village in the Garden City.

Future discussions will take place in regard to traffic lights, school patrols for the safety of the school children and the improvement of buildings.

Author of "The People's Padre" To Speak Here Sunday Evening

The Fall Rally of The Newton Council of Churches, its largest annual gathering, and open to the public, will be held this Sunday evening, at 7:30 p.m., at the Newtonville Methodist Church. In view of the eminence of the speaker, Emmet McLaughlin, author of the widely discussed book "The People's Padre", seating arrangements in the church vestry have been provided for an expected overflow audience.

After an opening service of worship to be conducted by Rev. H. M. Gifford, pastor, assisted by the Methodist Church choir, Emmet McLaughlin will address the group with reference to his own, and their, quest for freedom of religious thought and action.

The program is in keeping with the Fall Rally policy of the 24 church Council to each year present an outstanding speaker. The first Fall Rally in 1953 was held in connection with the publication and introduction of the now widely accepted Revised Standard Version of the Bible, at which time copies were presented to the Mayor, the Typical Church Family, the Newton Free Library, etc. The 1954 Fall Rally of the Newton Council of Churches featured the famous Dr. Frank C. Laubach, known as "The Apostle of the Illiterate", he having devised the Laubach literacy method, teaching tools used in 262 different

languages and dialects and in use in 91 countries, a system credited with having taught some 60 million people to read. In 1955 Rev. Kiyoshi Tanimoto, pastor of the Hiroshima Methodist Church, and known as the "Hero of Hiroshima" was the featured speaker, and at which time he first met Richard Nelson who was radio operator on the plane that dropped the fateful bomb.

Ernest O. Seyfarth, president of the Newton Council of Churches, and who will preside at this Fall Rally of 1956 has announced that the general public is invited to attend and all will be welcome. He further announced that the speaker, Emmet McLaughlin, will conduct a question and answer period, personally appearing in both the church and in the overflow hall for such purposes.

TV Personality To Entertain

Bob Munstedt, well-known radio and TV personality, will entertain at the annual Children's Night of the Friendship Guild of the Second Church in Newton Tuesday, October 23. Supper will be served at 6 p.m. by Mrs. Carl Hartbower, Mrs. T. Edwin Peterson and their committee. The program will be presented by Mrs. J. Leslie Sweetnam, chairman.

To Hold Free Square Dance Saturday

The Newton Centre Business Men's Assoc. is holding a Free Square Dance in the playground area of the Mason School tomorrow night (Friday) from 9 to 11:30 p.m.

During the evening prizes will be given out. They have been donated by the merchants of Newton Centre. It is necessary to be present to get the prizes.

The Caller for the dance will be Albert Haynes, social director and promoter of Early American Dances since 1932 for the late Henry Ford at Longfellow's Wayside Inn, Sudbury. Mr. Haynes is well known to many and his popularity is wide spread.

In case of rain, the dance will be held the next evening, Saturday evening, Oct. 20.

Temple Reyim

This Friday evening, will be the opening Sabbath Evening Services at Temple Reyim, West Newton. There will be a welcome and reception for new members of the congregation. Rabbi Harold D. Kastle, Spiritual Leader of the Temple, will preach on the topic of "Excuses". Cantor Manuel Zymelman will chant the service, accompanied by Harold Kaswell at the organ.

ELIOT CHURCH PHOENIX FAIR FESTIVAL TO BE NOVEMBER 15

Phoenix Fair Festival plans of the Eliot Church Woman's Association were announced at the luncheon meeting of the Association held last Tuesday at the Methodist Church in conjunction with the Women's Society of Christian Service of the Methodist Church, Newton Corners.

The Phoenix Fair Festival will open at five o'clock Thursday, November 15, with all activities scheduled at the Hunnewell Club, 84 Eldredge street, Newton. First on the program will be a Smorgasbord, served from 5:30 to 7:30 p.m. with Mrs. Forrest J. Ross in charge of dinner plans.

All shops and attractively stocked tables will be open for sales until 10 p.m. and as special attraction during the evening, the Eliot Circle will produce and direct the "Phoenix Follies." There will be fun and frolic for folks from 8 to 80.

Mrs. Richard Lovell is chairman of the Eliot Circle.

The Phoenix Fair promises to be a unique opportunity to shop for Christmas and holiday gifts with many beautiful and moderately priced items to be purchased. In the Six to Sixteen Sleep-wear Shop there will be pajamas—baby doll pajamas, tailored—dusters, boudoir and dorm pillows, teenage toys and nick-knacks, bull ties, ships and panties, bedroom slippers and many other items to attract the teenager. Mrs. Wilbur M. Hayes and Mrs. Julius L. Lasow are co-chairmen. Now is the time to plan Christmas shopping and find just the gift to delight your 6-16 year old come Christmas. Watch for further news of gift opportunities as the dates of the Festival and Fair approach.

On Friday, November 16, the program of the day includes a noontime Snack Bar, Afternoon Tea, and an Old Fashioned Ham and Bean Supper.

Jaycettes Plan '56-57 Activities

The Jaycettes (Newton Junior Chamber of Commerce Auxiliary) first meeting of the year, September 6, was held at the home of president, Mrs. Thomas Fazio. Plans for the year's activities were started.

September 12, a square at Grover Cronin's was graciously donated where pies, cakes, brownies, cookies, bread and preserves were brought in and sold. Twenty-five dollars was realized by the year's initial money making project which was given to the treasury for donations to community projects.

Mrs. Carleton Merrill and Mrs. Dixon Matthews gave a delectable cold ham supper in early August. August 29 Mrs. Edward Gartland and Mrs. Robert Vaughn gave a curried rice dinner, another occasion for unusual and excellent food and a get-together for all and a progressive dinner was given for members by Mrs. Mack Herren and Mrs. William Bowers, September 22. The dinners were given to make it possible for these members to earn ten dollars with an original one dollar to turn over to the treasurer in the fall.

On October 20 there will be a Sectional meeting of the New England States Institute of Junior Chamber of Commerce units at Hartford, Connecticut, at the Hotel Bond. We will be represented by Carleton Merrill, vice president to the men's section and Mrs. Thomas Fazio, vice president to the women's section.

The second regular meeting of the year was held October 4 for the Jaycettes at Mrs. Robert Vaughn's where the speakers of the evening were Mr. Hoff, Principal of the School of the Children's Unit at the Metropolitan State Hospital and Mrs. Dorrance, treasurer of the Friends of the Children's Unit. They outlined the work done at the institution and cited the needs to be met. A discussion followed on work to be done for them this year.

The annual Thanksgiving basket chairman this year will be Mrs. Carleton Merrill and a date was set for the Cooking Caper's party, November 5.

Newton Smith Alumnae

Newton Smith Alumnae will gather at the home of Mrs. Warner Eustis, 260 Franklin street, Thursday, October 25, at 6:30 p.m. for the first meeting of the season.

Following a short business meeting conducted by the Club's President, Mrs. Robert G. Fisher, the Speaker, Mrs. Charles Jarvis Hill, Professor of English, Author, and Assistant to President Wright of Smith College will address the group.

Newton Junior Stamp Club Being Organized

There will be meetings of the Newton Junior Stamp Club twice a month, on Tuesday, exact dates to be announced later, in the Newton Methodist Church Fellowship Hall from 7:00-8:30 p.m.

The purpose of this group is to teach the common sense approach to stamp collecting. This will be accomplished through discussions, demonstrations, and actual participation in the various phases of stamp collecting.

All young people of Newton, boys and girls, 8-16 years of age, interested in collecting stamps are welcome to attend. Dues (10c for each meeting attended) will be collected to partially defray the club operating costs.

Parents are urged to attend any and/or all meetings in order to build a better family relationship through a common hobby with their children. An effort will be made to provide transportation, where needed, through neighborhood pooling of facilities.

The only requirements of this club are that each member must have the following items:

1. Album (preferably world wide);
2. Stamp hinges;
3. Stamp tongs (needed by 3rd meeting);
4. Perforation gauge (needed by 3rd meeting);
5. Watermark detector (needed by 3rd meeting).

Further information may be had by calling: George Dewey, BI 4-3659 or Russ Sheeley, BI 4-2204.

Newton Art Association Picnic Sat.

The Newton Art Association is holding its Annual Painting Picnic at the farm of Mr. George Browning on Conant road, Lincoln this Saturday, October 20, and it is expected that a large group of enthusiasts, expert and not so, will gather for fun and instruction. From 10:30 to 12:30 there will be a professional demonstration.

Lunch hour is 12:30 to 1:30 and the club will serve hot coffee. In the afternoon the club's well-known teachers will be on hand to help anyone needing help.

Those wishing transportation, or willing to give it, will gather at the Parking Lot in back of the Newtonville Library on Highland street at 10:00 a.m. To find the farm, go to Waltham and leave it on Route 117. Go three miles, then turn right at the white Methodist Church on Conant road. One and a half miles on Conant road brings you to the place.

Guild of Saint Philip Neri Harvest Supper

The Harvest Family Supper at Saint Philip Neri Church will be at six o'clock, Saturday evening, October 27, in the church auditorium. The supper will be followed by an auction, beginning at eight o'clock, also in the auditorium.

Mrs. Augustus P. Castoldi and Mrs. Robert L. McCormack are co-chairmen of this event.

Countryside P.T.A. Has Open House

A highly successful and well-attended Open House was held at Countryside School Wednesday, October 3, where new and old faculty members were introduced, an informative and amusing speech was given by Dr. Charles O. Richter, Assistant Superintendent of Schools, on "The Problems of Staffing our Schools."

MRS. JOSEPH W. DYER

MISS LOUISE D. FAY, J. W. DYER ARE MARRIED

A reception at the Hotel Somerset in Boston followed the marriage of Miss Louise Dora Fay and Mr. Joseph Walsh Dyer, son of Mr. and Mrs. Joseph Dyer of Lowell. The wedding took place at 10 o'clock Saturday, September 22, in Our Lady Help of Christian's Church in Newton, and was performed by the Rev. Edward L. Gallagher, who also bestowed the papal blessing on the couple. The bride is the daughter of Mr. and Mrs. James J. Fay of Newtonville.

Given in marriage by her father, the bride wore a gown of white silk tulle with a square neckline, long sleeves and appliques of chantilly lace embroidered with iridescent sequins, and the bouffant skirt terminated in a chapel train. A matching lace headpiece held in place her fingertip length veil of silk illusion and white roses, stephanotis and a white orchid were combined in the bridal cascade bouquet.

Maid of honor was Miss Mary M. Gallagher of West Newton, and the bridesmaids were Miss

Patricia Costello of Brookline and Miss Karen Keefe of Roslindale, cousin of the bride. Mrs. John Shugrue, sister of the bridegroom, was an honorary bridesmaid.

John Shugrue of Lowell was best man for his brother-in-law. The ushers were Maurice Simoneau of Lowell and Dr. John Gorman of Washington, D. C.

The bride was graduated from Regis College in 1952. Her husband graduated from Keith Academy, Boston College and the Massachusetts Military Academy. After a wedding trip to the Maritime Provinces, the couple will live in Lowell.

MISS THELMA DOYLE WED TO GILES E. MOSHER JR.

MRS. GILES E. MOSHER, JR.

Ruby and white gladioli decorated the altar of St. Bernard's Church, West Newton, for the wedding of Miss Thelma Ann Doyle, daughter of Mr. and Mrs. Arthur W. Clarke of West Newton to Mr. Giles Edmund Mosher, Jr., son of Mr. and Mrs. Giles E. Mosher of West Newton. Rev. Daniel F. Quinn performed the double ring ceremony at 10 a.m. September 22. The reception was at Longwood Towers, Brookline.

The matron of honor was Mrs. Edward S. McGurk of West Newton, sister of the bride, and Miss Joan Koringin of West Newton, served as maid of honor. Miss Joan O'Donnell, Miss Dorothy Carroll and Miss Lois Anderson all

of West Newton, and Mrs. Roy Schorer of Barrington, Rhode Island, sister of the bridegroom, were bridesmaids.

Donald F. Vahey of Cambridge, cousin of the bridegroom, was best man and ushers were Roy Schorer, brother-in-law of the bridegroom, Richard Barker of Shrewsbury, John Grainger and MacGregor Fliske of West Newton, and Richard Buckley of Arlington.

Seated in the sanctuary at the service were Rev. James Mohan, S.J., Rev. John A. Saunders, and Rev. Richard Osterman.

After a trip to Montreal and Niagara Falls, the couple will live at 16 Byrd avenue, West Newton.

The bridegroom graduated from Newton High School in 1950 and Boston College in 1955 and is doing graduate work at Northeastern University and Boston College. He is employed by the Newton-Waltham Bank and Trust Company.

Mrs. Williams Is Married

The Rev. Walter R. Kraft officiated at the wedding of Mrs. Ruth F. Williams of Newtonville and Mr. Thomas Whiteside of Boston when they were married in the Dover Church in Dover, Saturday, October 6. Miss Jane F. Williams attended her mother and Howard S. Whiteside of Milton, the bridegroom's brother, was best man.

A small reception was given for the immediate families and close friends in Milton by Mr. and Mrs. Howard Whiteside and Mr. and Mrs. Richard C. Williams of Wellesley.

Predicts Record Halloween Event

C. Evan Johnson, Newton Commissioner of Recreation, whose department annually sponsors Newton's Halloween celebrations, and who has, himself, long been the all-over director of the Halloween activities, unhesitatingly states that the coming celebration will be the largest and most successful in the 15-year history of this remarkable, city-wide event. "My optimism," he said recently, "is well-founded. This year, we are holding 400 separate parties in 50 key locations throughout the city—more than ever before. And the total attendance of school children from kindergarten age through senior high school students, is expected to exceed 16,000, a number considerably above that of any previous year. These facts, coupled with the noticeable, stepped-up enthusiasm on the part of the 1600 men and women volunteers who are planning better-than-ever programs for the parties, clearly indicate that the 1956 celebration should break every record established during any of the 15 years since this annual, all-Newton enterprise was first launched. Everything," Johnson adds, "points to a wonderful evening for our children."

Mrs. Harry E. Thompson, Building Chairman of the party at the Warren Jr. High, says that it "is going to be an exciting event. Dancing from 7:30 to 10, to the music of Paul Allen's orchestra, with prizes galore." She reports, further, that there will be a Midway of games, under the direction of Mr. and Mrs. William Schenk; two hours of continuous movies, shown by Francis Tower; exciting tales of the Future, told by Miss Lou Sarkisian, a Sargent student; and lots of "wonderful door prizes will be given." Decorations, according to Mrs. Thompson, are being made by Warren Jr. students, under the direction of Mr. Hall, art teacher.

Dr. and Mrs. Harold Berk, Building Chairman of the Meadowbrook Jr. High parties, announce an expected attendance of around 570 boys and girls. The program includes dancing, a bazaar or carnival with booths, movies and surprise stunts. More than 150 parents volunteered to help with the festivities, the Building Chairman reported.

Mrs. George Goldberg, Building Chairman of the Weeks Jr. High parties, states that over 100 volunteer workers are planning two parties. The 9th Graders will have a dance, talent show and a carnival at the Newton Centre Woman's Club; the 7th and 8th grade boys and girls will meet in the Weeks auditorium and gymnasium, and plans include a Chamber of Horrors, carnival, dance and entertainment by their own school talent.

Linda Bailey, Publicity Chairman for the Senior High School

dance to be held at the Totem Pole Ballroom, says that "the Recreation Department is sponsoring this annual dance for high school pupils of both public and parochial schools, and as usual it promises to be lots of fun. Tickets," she announces, "are being sold at the amazingly low price of only 50 cents." Miss Bailey adds that "Dr. R. Emerson Sylvester, General Halloween Chairman and Mrs. Ragna Hovgaard, Recreation Supervisor are lending their all out support to make this the best time yet."

Over 400 boys and girls of the 1st to 6th grades, Spaulding School, are expected to participate in the parties starting at 6:30 p.m., report Louis Elman and Isadore Newman, Building Co-Chairmen. A House of Fun is planned, as well as a magician, and there will be movies, games and many surprises.

Mr. and Mrs. Leon Fenton, Building Chairmen of the afternoon parties at the Claffin School, and Mrs. and Mrs. Paul Bilezikian, Chairmen of the evening gatherings, state they expect about 250 children from the 1st through 6th grades. In the afternoon there will be a costume parade, games and a cartoonist; the evening activities will include games, stunts, a magician, a Western movie, and other features.

Mrs. Albert Firth, Building Chairman of the 9th grade party at the Hunnewell Club, and her Committee are planning a party for 150 students. The entire evening, she reports, will be devoted to dancing, with juke-box music.

Dancing will be the high feature, at the Waban Neighborhood Club party for 8th and 9th graders, states Mrs. H. Eugene Jones, building chairman. There will be an orchestra for square dancing, records of 10 top hits for popular dancing, group games, a Midway with about five booths, a Fortune Teller, and pictures will be taken of children with a Land camera for instant development. Prizes will be awarded to lucky dancers, to winners in the Midway and for games, and there will also be door prizes. Some very attractive prizes have been lined up, as well as large "mystery" prizes not being revealed at the moment.

Mrs. Marion E. Moriarty, Building Chairman of the Franklin School parties for children from the 1st to 6th grades, announces that the time of the festivities will be from 7 to 9 o'clock. The program planned includes games, songs, fun in rooms, movies in auditorium, prizes for everyone, and a Chamber of Horrors is being considered. Mrs. Moriarty states that the party for first-graders will be earlier than that of the other grades.

Around 365 children are expected to attend the Bowen School parties for Kindergartners and all grades through the 5th, report Mr. and Mrs. R. B. Purinton, Building Chairmen. No dancing is planned, but record players will be provided for each room. There will be separate room parties, cartoons, games, Bob Manetted, who is a "one man show," and the 5th graders will experience the delights of a Chamber of Mystery. Daniel Rufo, Building Chairman, expects about 150 of the Kindergartners through 6th graders at the Stearns School jollifications, which will run from 7 to 9 o'clock. Games, movies, a Chamber of Horrors, refreshments, and many surprises, are on the program.

A well-planned program has been settled for the Davis School parties, according to J. Ellis Bowen and Mr. and Mrs.

William Jones, Building Co-Chairmen. Around 250 boys and girls from the 1st through 6th grades are expected to participate. Featured will be a parade of "horribles" just before the party begins, headed by a police cruiser car. Following the cruiser will be a color guard.

In reporting on the Halloween program for the Underwood School, Evening Division,

Mrs. Raymond Wilbar, Building Chairman, and Mrs. John Coleman, co-Chairman, write that "approximately 220 children from grades 4, 5 and 6 are expected to attend. These 220 will be divided into eleven groups of twenty each. There will be eleven different activities, and each of the eleven groups, or teams, will rotate through these same activities, which stress individual participation. Games will be included in these activities, and prizes will be awarded to the winning teams at each grade level."

Orange and Black Extends Its Unbeaten Win Streak to Four

A powerful Newton High football team extended their unbeaten streak to four games last night when they walloped a game Watertown squad 33-6, before a Columbus Day crowd of 4550 fans. It was a crisp fall afternoon but the Orange and Black wasted no time in warming up their offense.

Watertown won the toss and received the kick-off with no return and took over on their 30-yard line. All-Scholastic Mike McLaughlin failed to move his team and Watertown punted to Pete Nelson. Cutting to the sidelines, the flashy half-back returned the punt 25 yards. Two line plunges and a jump pass by Charlie Vento moved the ball to the Watertown two-yard line. Nelson took a hand-off and belted over right tackle and put Newton out front 6-0. Newton's Manny Connerney playing his first game of the year split the up-rights and gave Newton a 7-0 lead. Plagued by a back injury and followed by a glandular infection, the hard driving half-back had failed to see service in the first three games. He made up for lost time, by playing a great offensive game.

Watertown grabbed the ball and marched right back for a score. McLaughlin put on a brilliant show in defeat and his running and passing was the only bright spot for the Watertown boys. Time and time again he would roam around his back-field searching for receivers while Newton linemen would chase and chase with no results. He slowed down mid-way through the third period and then the Tigers pushed Watertown around the field with ease. Tulio Inglesse broke behind the Newton defense and hauled in a 21-yard toss from McLaughlin for the score but the point was missed. The score

remained 7-6 into the second quarter.

Another great punt return by Pete Nelson and a series of passes from Charlie Vento moved the ball to the 31-yard line of Watertown and pass interference on Watertown gave Newton the ball on the 5-yard line. Brian Kenny carried to the one, and Vento bucked over on a quarterback sneak. The point attempt was wide and Newton led 13-6.

Speedy Fran Zolli broke through the Watertown defense and scampered 26 yards to set up Connerney's first T.D. Connerney scooted the end for a 6-yard sprint and the third Newton touchdown; he followed this with a perfect placement and Newton led 20-6 at the half.

Opening up on the ground, Newton fought its way into Watertown territory and then Connerney broke loose. He brought the crowd to its feet with a sparkling 35-yard jaunt and Newton led 27-6 when Manny followed his second touchdown with his third extra point. This gave Connerney 15 of the 27 Newton points.

Newton's strong defense held the Watertown team in check throughout the fourth quarter and added a fifth insurance score late in the quarter. Defensive back Teddy Goldthwaite intercepted a McLaughlin aerial and returned the ball 225 yards to the Red and White 311. Neil Buchanan, who had taken over the quarterback duties for Newton, fired a pass to sophomore end Vernon Rollins for the T.D. Rollins looks like a fine pass catcher and also did some kicking for the Tigers. Walt Bernheimer's attempt for

point was low and the game ended soon after with Newton on the long end of a 33-6 score.

Outstanding for the Tiger's was the defense of that forward wall, particularly Jimmy Yancey. Burt Katz, defensive back was injured, and his status for next week's game is doubtful.

Nevt Saturday, Bud Hawkes' Tigers invade Arlington for a big Class A game. Disregarding the ever-present possibility of an upset, Newton should win this one, but by a close margin!

Carr Nursery School News

Parents of children attending the Carr Nursery School were invited to a parents' meeting Tuesday, October 17, in the Carr School auditorium, Newtonville.

Mrs. Jack Marinsky, outgoing president, conducted a brief business meeting and presented the slate of officers proposed by the nominating committee.

Mrs. Mary Harris Kimball, the nursery school's teacher discussed nursery programming both here and in Denmark. With the aid of slides Mrs. Kimball collected during her recent visit to Denmark she explained the fundamental concepts of a good nursery school and the goals for which a nursery school teacher strives. Mrs. Kimball has been with the Carr Nursery School since its inception.

The Carr Nursery School is a non-profit school, organized

Noted Doctor to Give "Heart to Heart" Talk

Dr. Sam Levine, nationally re-
cognized heart specialist of Bos-
ton, and a resident of Newton
Centre, will be the guest speak-
er at a Men's Night supper and
program at the Newton Centre
Methodist Church tonight at
6:30 o'clock. He will speak on
"A Heart to Heart Talk."

Golden Jubilee Fair Oct. 26-27

The Golden Jubilee Fair spon-
sored by the Women's Alliance
of the First Unitarian Society
in West Newton will be held at
the church on Friday and Sat-
urday, October 26 and 27. All-
ance Fairs have been conducted
bi-annually for the last 50 years
to raise funds for the support
of Unitarian activities and or-
ganizations.

In the spirit of unity this
year's Jubilee is headed by a
committee of five, namely, Mrs.
Robert K. Burns, Mrs. Lang-
don W. Chandler, Mrs. Samuel
Nelson, Mrs. Harry E. Ray-
mond and Mrs. Chester W. Wil-
son, rather than by a general
chairman as in the past. With
this committee, co-chairmen will
coordinate all activities of their
respective table assignments.

Rummage Sale At Newtonville Methodist Church

A Rummage Sale will be held
at the Newtonville Methodist
Church, opposite the Newton-
ville Star Market, Friday, Oc-

VI and VII of the Women's So-
ciety for Christian Service are
sponsors for the event under
the leadership of Mrs. Fred-
erick W. Garrett and Mrs. Rob-
ert M. Vaughan, respectively.
If anyone has articles to be
picked up, or wishes more in-
formation call Mrs. John Mor-
ganthau, Bigelow 4-9150; Mrs.
Vaughan, Lasell 7-6705 or Mrs.
Garrett, Bigelow 4-8883.

Changed Schedule Is Announced

The addition of a seventh dis-
cussion group has been announ-
ced by Mrs. David Cooper, chair-
man of Discussion Units for the
League of Women Voters of
Newton. The new group will
meet in Newton Centre Wednes-
day nights.

"National Election Issues,"
covering such issues as the Na-
tional Economy, Foreign Policy,
Civil Rights, Conservation and
Leadership will be the basis of
discussion. Mrs. Harold Stein
is chairman of the committee
which has been doing the nec-
essary research, in preparation
for these meetings.

To permit League members to
attend the United Nations Day
birthday dinner Wednesday
night, October 24, the two units
which would ordinarily be held
on Wednesday night have been
scheduled for Tuesday, October
23. The changed schedule of
unit discussion groups is as fol-
lows:

Mornings at 9:45 to 11:30 a.m.
Wednesday, October 24: In
Newtonville Library.

Thursday, October 25: In Oak
Hill at the home of Mrs. Arthur
Karol, 25 Old Farm Road.

Thursday, October 25: In
West Newton at the home of
Mrs. Charles Worthen, 121 High-
land street.

Evenings at 7:45 to 9:45
o'clock.

Tuesday, October 23: In New-
tonville, at the home of Mrs.
Jeremiah Berman, 58 Prescott
street.

Tuesday, October 23: In New-
ton Highlands at the home of
Mrs. Joseph Schaffer, 26 Rock-
ledge road.

BY SUE B. STACEY

The Double Door, this year's
senior play, has been in rehear-
sal now for a week. The plot
centers around Victoria Van
Bret, selfish socialite, who strug-
gles to dominate her sister, her
half brother, and the Van Bret
multi-millions.

The cast is as follows: Linda
Fay, Avery; Barry Bograd, Tel-
son; Linda Bailey, Louise;
Brian Havey, William; Mary
Anne Cushing, Anne; Jane
Little, Carolyn Van Bret; Karla
Feinzig, Victoria Van Bret; Jo-
seph Borrows, Mr. Chase; Steve
Richmond, Martimer Neff; Chris
Marsh, Rip Van Bret; Irving
Krasner, Detective Sulley;
Arthur Levin, Lambert.

Several N. H. S. teachers are
among those teachers who from
September 15 until December
will be housing twenty one for-
eign administrators and teach-
ers. Coming from Asia, Europe,
and South America, these visit-
ors have come to see the theory
and practice of the American
schools.

Barbara Whiting, homeroom
226, was one of thirty high
school students to go to Greece
this past summer as a part of
the American Field Service, a
program designed to promote
good will between nations. In
Greece, Barbara lived in the
small village of Halendri, which
is six miles from Athens, with a
Greek family. As a follow-up to
this very eventful and exciting
trip, Barbara is speaking at
various Women's Clubs, Boy
Scout groups, and Rotary Clubs.

Miss Ziegler of Wheaton Col-
lege, Dr. Garland of Northeast-
ern University, Mr. Glimp of
Harvard University, Professor
Thresher of M. I. T., Mr. Tay-
lor of Newton Junior College,
Mr. Mitchell of Newton High
School, and Mr. Darling of
Northeastern conducted a col-
lege assembly for seniors on
September 26.

"Art relating to other depart-
ments" is the theme for art ex-
hibits at N. H. S. in 1956 and
1957. Throughout the year Miss
Miles and her art classes will
display their own work and
that of other artists. These ex-
hibitions will be in the two
glass cases on either side of the
front hall of Building III.

Dick Minear, who graduated
from N.H.S. last year, has been
awarded an honorary scholar-
ship at Yale University for his
academic and other achieve-
ments at Newton High. Harry
Brockington, another graduate
of N. H. S., has been awarded a
freshman scholarship at Brown
University.

Rummage and Food Sale Tuesday

The West Newton Community
Centre's fall rummage and food
sale will be held next Tuesday
from 7-10 p.m. at 429 Cherry
Street, West Newton. Under the
sponsorship of the Centre
Building Association, proceeds
from the sale will go towards
further furnishing and equip-
ment of the building.

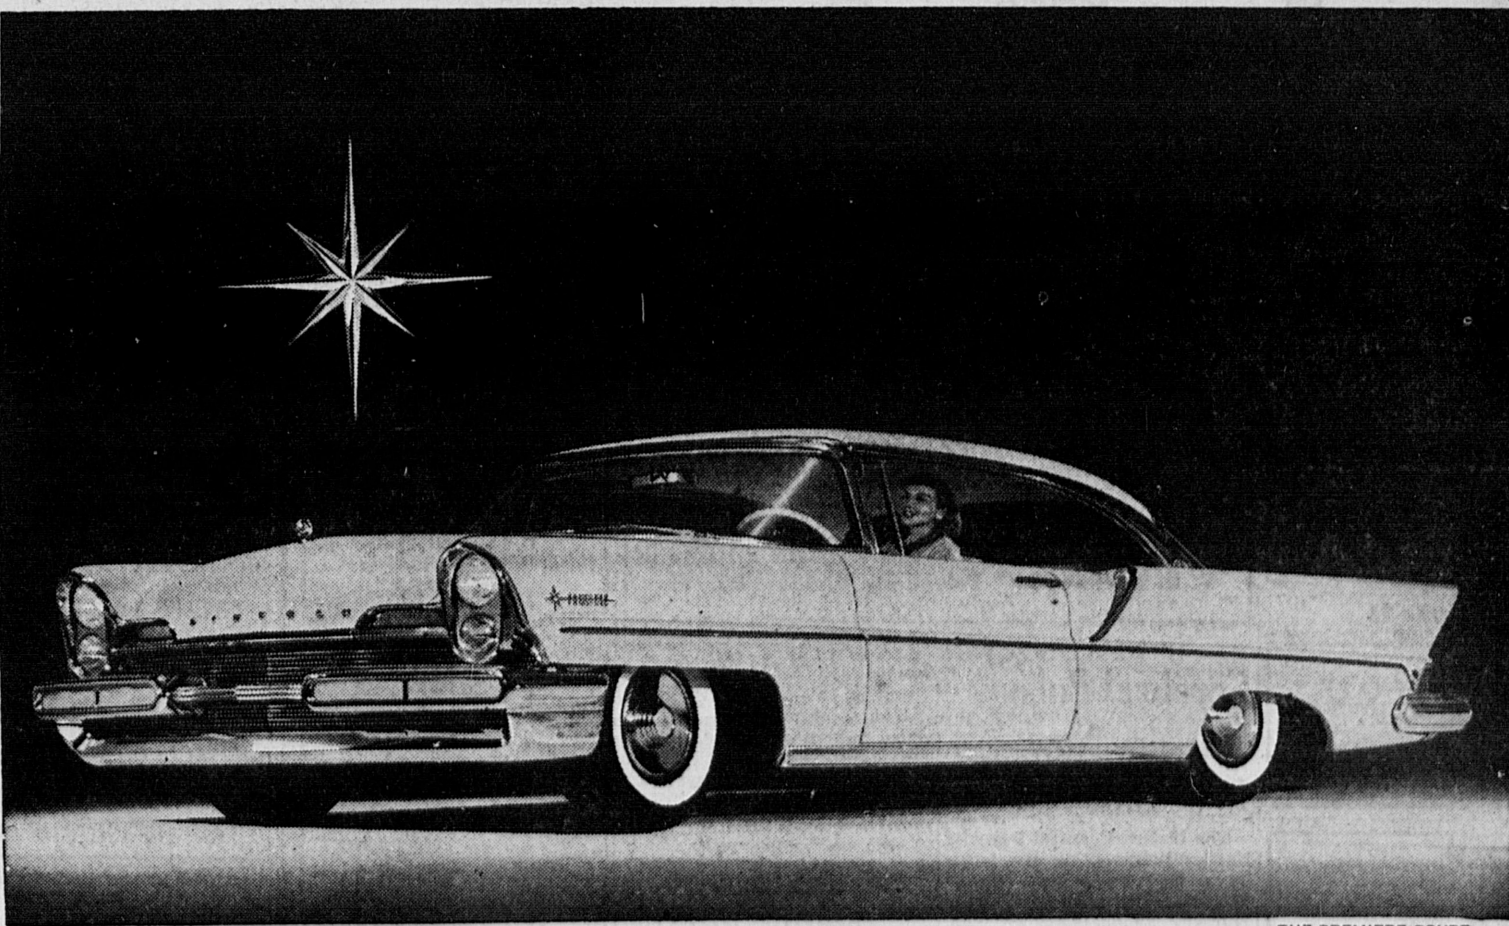

Under the leadership of Mrs.
George D. Sprague, board mem-
bers and friends of the Centre
are collecting the usual excel-
lent selection of articles that
will appeal to all ages. Mrs.
Sprague's committee includes:
Mrs. Robert J. Walsh, Mrs. Lew-
is S. Pilcher, Mrs. Arthur W.
Senecal, Mrs. Loomis Kinney,
Mrs. Richard A. Winslow, Mr.
Archibald G. Barron and Mr.
Maxwell P. Gaddis.

Delicious home-made foods in
great variety will be on sale
under the chairmanship of Mrs.
Henry B. Shepard, ably assist-
ed by staff members Mrs. Grace
A. Lepore and Miss Regina
Lynch. Again this year, there
will be a coffee and doughnut
bar where shoppers may re-
fresh themselves, with several
friends of the Centre in charge.

Food Sale

A food sale will be held on
the lawn of the Newtonville
Methodist Church Saturday, Oc-
tober 20 at 10:00 o'clock, spon-
sored by the Methodist Youth
Fellowship. There will be plenty
of delicious home-made food.

Franklin School P.T.A.

The first meeting of the 1956-1957 Franklin School P. T. A. had a capacity crowd in attendance. Piano selections by Miss Mary-ellen DeStefano, a former pupil, preceded the formal opening of the meeting.

President McGourty introduced her board and committee chairmen to the parents and asked everyone who is interested to volunteer for the various committees.

The meeting was turned over to Ray Lund, principal of Franklin School, who introduced the faculty.

Mrs. Manuel Taylor, program

chairman, then introduced the guest speaker of the evening, Dr. Franklin T. Hawkes, from the Department of Education for the Commonwealth of Massachusetts. Dr. Hawkes gave a very interesting and stimulating report on the Little White House Conference. Dr. Hawkes named four educational objectives that were the outcome of the Conference. After a very enlightening talk Dr. Hawkes ended with a poem. Mrs. McGourty thanked the guest and adjourned the meeting at 9:35 p.m. The refreshment committee, under the leadership of Mrs. Marjorie Townbridge and Mrs. Natalie Kell, served coffee and eats to over two hundred parents.

Claflin School PTA

An open house for parents and teachers, October 15 started the season for the Claflin School PTA. Mr. and Mrs. Lawrence Sullivan, president of the PTA, welcomed all the parents and teachers and invited them to take an active part in the school's activities. Harry V. Anderson, principal, greeted all and introduced the new members of the school staff.

Plans for the Halloween parties for the different age groups at the school were outlined by Mr. and Mrs. Leon Fenton.

Mrs. William Simons, chairman of the Children's Activities Committee, announced that a group of five programs will be presented for the children at the school this year. The first, late in October, will be "Woodland Fears, Real and Imaginary", presented by the Museum of Science. A series of two concerts under the auspices of Young Audiences Inc. will follow in the Spring, the Children's Theatre, a Harvard-Radcliffe dramatic group, will present two entertaining plays.

The Thrift Shop chairman, Mrs. Harold Simmons, reported that the Thrift Shop is now open at the school every Wednesday morning.

The Newton Community Club Evening Division held their second meeting October 9, at the Hunnewell Club.

Mr. John Light, the well known diver, showed movies and explained the techniques of deep sea diving.

Mrs. Edward Cagney was in charge of the meeting.

Mrs. John Ryan had charge of refreshments with Mrs. Percy Trundle and Mrs. Catharine Gilman assisting.

The club is having a Charity Ball November 3 at the Auburn-dale Club, 283 Melrose street, Auburndale. Music will be furnished by Joe Velardi. Co-chairman is Mrs. Robert Daniels; social chairman, Mrs. Robert Burns. Tickets for the dance may be obtained by calling Mrs. Burns at LA 7-2055 or Mrs. Daniels at LA 9-417. Tickets will be sold at the door.

The Club meets the second Tuesday of each month from September through May at the Hunnewell Club.

Mount Holyoke Alumnae Fund Drive Now On

Mrs. Henry C. Kneppenberg, Chairman of the Mount Holyoke Alumnae Fund Drive in Newton, and Mrs. Sheldon Dunlap, class agent for the Class of 1908 attended the Alumnae Fund Conference held at Mount Holyoke College from October 5 to 7, to open the Alumnae Fund Drive for \$250,000, which will continue through November 15.

On Monday evening October 8, a group of solicitors, who will personally contact all Newton Alumnae and present the needs of the College to them, met at the home of Mrs. Kneppenberg for dessert and coffee.

Newton Community Club

Thursday, October 25 is the date set for the Newton Community Club's popular annual "Scholarship Bridge Party" to be held at the Hunnewell Club. Dessert will be served at 1:30. There will be both door and table prizes, and home-made candy will be for sale. The Community Service Committee of the club, Mrs. Carlton L. Shaw, chairman, will sponsor an "opportunity table," at which unusual gift items will be sold.

In charge of arrangements for the party is Mrs. J. William Quigley. Assisting her are Mrs. F. Crockett Brown, candy sales; Mrs. Allan I. Hatfield, table decorations; Mrs. William G. Ayres, table prizes; Mrs. Freeman C. Howes, door prizes; Mrs. George J. Appel, coffee; Mrs. Frank Lombardi, dessert; Mrs. John L. Snider, waitresses; Miss Margaret F. Magoley, president of the club, will be the head hostess.

Reservations should be phoned in to Mrs. Donald MacKenzie, BI 4-3572. All proceeds from the sale of tickets goes to the club's scholarship fund, with which, each year, the club helps a girl graduate of Newton High School to go to college.

Compass Club

The Compass Club of Newton will hold its semi-monthly meeting this Friday in the club rooms at the Newton Highlands Workshop. Mrs. Matthias J. Flaherty and Mrs. Raymond W. Baisdell are the hostesses for the day. Following the business meeting members will enjoy an afternoon of bridge.

"Assignment-Children" To Be Featured

There will be a regular Board Meeting of the Newton Federation of Women's Clubs next Monday, October 22, at 10:15 a.m. in the Lower Hall of the Newtonville Library. All members are cordially invited and are urged to bring their friends.

Rev. Charles Engvall of Medford, State Chairman of UNICEF will show the film, "Assignment-Children", featuring Danny Kaye. Mr. Engvall will speak about UNICEF and the work being done. There will be a question and answer period followed by a coffee hour.

Notes On Newton Emblem Club No. 8

Mrs. Julia Harrison, president of the Newton Emblem Club No. 8, conducted a short business meeting Monday, October 8, at Elk's Hall, Newton Corner, to make way for the testimonial honoring Mrs. Bertha Dunne (Bertha Neagle), treasurer and past-president of the order. For eighteen years Mrs. Dunne, a native of Newton, has held office in the State Association of Emblem Clubs, being assistant Marshall and Trustee.

Arrangements are being made to have a clothing drive for the benefit of the Waltham Mental Institution. Also toys

are to be made and collected to send to Lakeville Sanatorium for the children for Christmas.

The next meeting of the Newton Emblem Club will be held Monday evening, October 22. A talk on the history of printed textiles and a block-printing demonstration will be given by Mrs. Mary F. Russo. This will be an open meeting and friends and guests are cordially welcomed.

On Monday, November 5, at 8 p.m. another open meeting will be held. This is to be a Turkey-Bridge Whist party in addition to the turkeys donated by Mrs. Ann Doucette and Mrs. Julia Harrison, there will be many other fine prizes. A good opportunity to get an early start on your Thanksgiving dinner. Come and bring your friends along.

WHY ME YOUR AGENT?

So you are thinking of placing your insurance "over the counter" with direct writers so you can save a few dollars, and ask me, your agent, "Why not?"

I'm glad you asked.

You and I are not exactly strangers. As your agent, I see you often. I see you at Kiwanis; we chat together, we have coffee or a coke with the gang at the drug store; we meet at community affairs; and we patronize each other in business as members of the same community.

What has this to do with my being your agent?

Well, over a cup of coffee the other morning, you were telling the gang about your vacation, and how someone broke into your place and stole several things. You were bemoaning the fact you had no insurance to cover it, when I said, "Sure, you do, Bill. You've forgotten that when I sold you that package policy I said it included theft, which you never had before."

Then Tom was reminded of the time some one broke a window in his place, and of how, when he thought he had no coverage, I told him, "Tom, whenever you have something like this happen,

regardless of what, please let me know, because you may be covered—as in this case. The glass is covered in the package policy you decided on."

Then Joe remembered the time he came home to find that vandals had broken into his place, ripped the upholstered furniture, and thrown catsup all over. We checked the package policy he bought from me last year, and we found he was covered.

And Pete told of the time a woman in his wife's bridge club sprained her ankle on the stairs, and told how the Medical Payments in the policy I sold him covers a guest's expenses.

There are thousands of local agents just like me, all over the United States and Canada, who represent the company. If you had an automobile accident a thousand miles from home, you'd find one of us within a telephone's reach to assist you, twenty-four hours a day—not just during store hours.

COULD ALL THIS HAPPEN "OVER THE COUNTER"? I THINK NOT. YOU NEED ME; I NEED YOU; AND WE NEED EACH OTHER IN OUR COMMUNITY.

Cerebral Palsy Nursery Now In Session

The United Cerebral Palsy of Newton-Wellesley-Weston, located at 309 Washington street, Wellesley Hills, opened their Nursery School Monday, September 17.

The school is being operated on Monday, Wednesday, and Friday mornings, from 9:00 a.m. to 11:15 a.m.

The specific purposes of the Cerebral Palsy Nursery School are: 1. To introduce your child to school activities, 2. To give association with other children, 3. To gain a feeling of some independence from the child's family, 4. To improve coordination in speech, play habits, and other skills.

The children enjoy such activities as block building, puzzles, stringing beads, peg boards,

sandbags, story-telling, clay, listening to records, etc.

If any parent of a cerebral palsy child is interested in sending their child to the Nursery School, please contact Sue Studley, director of the Nursery School, at WE 5-6812.

Pilgrim Fellowship

The Comrades of Pilgrim Fellowship (high school group of the First Church in Newton, Congregational) will participate in a nation-wide Workday For Christ this Saturday.

The Comrades will begin workday with a breakfast after which they will start out to do odd jobs, such as window washing, raking leaves, etc. They will also have a paper drive.

On Sunday night the youth group will entertain their parents with an evening of fun and fellowship starting with dessert at 7 o'clock.

Mostly Donkeys and Elephants

By ROBERT LESBERG

It is always interesting to take note of how other people see us and this certainly applies in politics as well as in personal life. The New York Times recently summarized briefly for their readers the political situation in Massachusetts for the forthcoming election and their general conclusion was that the Democratic ticket was definitely in the lead and that the Republicans had better start running scared. Their findings were based on three major items which we here, in Massachusetts, are certainly well aware of, and which, if followed to their ultimate end, should produce an effect here in Newton that will see a Democratic upset. The items were as follows:

Item 1. Foster Furcolo's tremendous primary vote which saw him completely overwhelm Thomas Buckley, (a heretofore magical name in Democratic primaries), in the city of Boston as well as in all other sections of the state.

Item 2. The cold fact that Sumner Whittier does not have the wholehearted backing and support of a united Republican party. It has been made quite clear that party leaders such as former Republican State Chairman Elmer Nelson of Milford and Governor's Counsellor Bruce Crane of the Berkshires, among others, just do not have the heart for a campaign that might conceivably make Whittier the governor of the commonwealth.

Item 3. The tremendous Democratic registration drive headed by former State Senator Joseph J. Mulhern of Boston, which has resulted in an unprecedented registration of new Democrats and which even now is still gaining momentum and will continue until the last day of registration. This method of registration, incidentally, which was conceived by Mulhern and which is being put in effect by him and his assistant, Attorney Herbert Fenderson, is now being duplicated throughout the country.

If the above three items are true, as represented by the New York Times, then their effect might certainly be felt here in Newton. There are many Republicans in the city who feel that Furcolo's record of accomplishment as a congressman and the general tenor of his intellectual capacity to appreciate the problems of the commonwealth certainly outweigh Whittier's propensity for cutting super-market ribbons and making banquet circuit appearances. Democratic registration is up in Newton and should go even higher before the drive is concluded. Couple these with the fact that the local candidates for the House are conducting a real meet-the-people campaign; add the stature of Jackson J. Holtz' campaign for Congress, which should propel an unprecedented number of independents into the Democratic column; and you have the makings of a Democratic upset in the City of Newton.

Now that Governor Muskie of Maine has snipped Ike's coat-tails down to size, it would be interesting to see if the local Republican candidates can hold their own all by their lonesome selves.

Army Recruiter Is Assigned To This City

Master Sergeant Robert L. Jensen, Commander of the Army recruiting station in Waltham, announces that under a re-zoning plan instituted in this area, M/Sgt. Albert E. Gilman, of the Waltham recruiting staff, will be the Army recruiter assigned to the city of Newton.

Sgt. Gilman will be at the Civilian Defense Building at 430 Walnut street in Newtonville between the hours of 2 p. m. to 4 p. m. each Tuesday afternoon.

Many young men now in high school or those attending college are advised to avail themselves of the opportunities that are presently open to them under the new reserve forces act. In many instances, men will be able to fulfill their military obligations while attending high school and college thereby enabling them to start on their civilian careers without interruption.

Motorists Need To Use Caution In Fall Months

Morning and early evening driving at any time can be difficult due to increased traffic, bright sunshine and thousands of young and old pedestrians walking to and from work or school.

However, during the fall and winter, the difficulties increase due to condensation or frost on the windshield limiting the visibility. Many drivers just use the windshield wipers and expect the defroster can clear the rest of the windshield. Many defrosters take time to heat up, and the motorist has driven up to a mile before the window is clear. Making turns either left or right under these conditions is extremely hazardous.

Inexpensive patented scrapers and rubber squeegies may be obtained at any service station, automotive or hardware store, or even an old rag could wipe off condensation or dust.

Keep your windshields and windows clear and clean and your ability to see and avoid a possible accident is much greater.

Miss Solimene Named Official At Conference

At the annual meeting of the Massachusetts Conference of Tuberculosis Workers, held at Chatham, September 21 and 22, Miss Norma Solimene, Executive Director of the Newton Tuberculosis and Health Association, was elected to a two-year term as corresponding secretary of the conference. Members of the conference also elected Miss Solimene to serve a two-year term as a member of the state-wide tuberculosis association public relations steering committee.

Other Newton residents who attended the conference include Miss Frances Foley, Health Educator, and Mr. Thomas Browne, Director of Rehabilitation, both of the Middlesex Health Association.

The featured speaker at the annual meeting was Rep. Francis Harding, who told the gathering of professional tuberculosis workers about some of the politics involved in the development and passage of the bill sponsored to create the new Massachusetts Rehabilitation Commission.

Member-Families To Be Welcomed

One hundred sixty two new member-families will be welcomed by Dr. Albert I. Gordon on behalf of Temple Emanuel of Newton into membership.

This marks the largest number of new families who have enrolled in Temple Emanuel since its founding.

The total membership in terms of families is now 1300. At this service, Dr. Albert I. Gordon will speak on "Family Life In A Changing World."

An Oneg Shabbat honoring these families will take place at the conclusion of the service, in the Community Hall of the Temple Emanuel.

Sisterhood Of Temple Reym

Wednesday evening, October 24 at 8:15 p.m. the Sisterhood of Temple Reym, 321 Chestnut street, Newton, will hold its general meeting. Mrs. Edward Rosenwald, Sisterhood president, will preside.

Program chairman for the evening, Mrs. Albert J. Sinofsky, Law and Social Action chairman, will present a most stimulating and worthwhile evening. The Sisterhood has invited all the menfolk to attend.

Snack for the evening will be provided by L. Cooper, Executive Secretary of the N.A.A.C.P. Mr. Cooper has worked very closely with groups and organizations interested in the passage of legislation to improve the status of minority as well as majority groups in the Commonwealth. He will discuss the various issues involving minority groups. A question period will follow. The invocation will be delivered by Rev. William B. Brown, Minister of the Church of the Nazarene, 22 Central street, Newton.

Newton Art Association

The Oct. 18 meeting of the

Newton Art Association will be held at the Newtonville Library at 8:45 p.m. Mr. James Bonnar, program chairman will present Mr. Sam Thal who is one of

New England's well known artist, teacher and art critic. Mr. Thal will criticize and discuss pictures painted by members of the association, pointing out

the good composition and possible ways of improvement. On Saturday, Oct. 27, the association will hold its annual Fall painting picnic, which will

be held at the George Browning farm in Lincoln with the following schedule, 10:30 to 12:30 out door painting, 12:30 to 1:30 lunch, bring your own but hot coffee will be served by the association, 1:30 to 3:30 instruction for those who desire, by club member teachers.

Mr. and Mrs. Edward M. Schlosberg (Beverly Promer) of Natick, announce the arrival of their first child, Linda Sue, September 17. Grandparents are Mr. and Mrs. Louis Schlosberg of East Boston and Mr. and Mrs. Robert Promer of West Newton.

Voting Record of Rep. Rawson Is Exceptional

Newton Representative George E. Rawson has been recorded as having voted in each of the 212 roll calls in the 256 session of the Massachusetts House of Representatives which prorogued last Saturday.

Since the checking of House roll calls was instituted in 1949, there have been 1654 such calls, in all but two of which Rawson has been recorded as voting. He has not missed any since early in 1949, when he was unavoidably absent because of funerals.

Coffee Hour to Honor Cong. and Mrs. Curtis

A reception, in the form of a coffee hour, honoring Congressman Laurence Curtis and Mrs. Curtis, will be held at the home of Mrs. Louis Feldman, 556 Ward street, Newton Centre, Tuesday morning, October 23.

The public is cordially invited to attend this reception and further details may be secured by calling Mrs. Feldman at Bigelow 4-5204.

Joint Services

Dr. Ray A. Eusden, minister of the Elliot Church will preach at the 9:30 service on Sunday and Dr. Paul Uhinger at the 11 o'clock service. These services will be held in the Newton Methodist Church.

Feather Drive 26% of Total

Newton's 1957 Red Feather drive has reached the 25.8 per cent mark in its climb toward its \$300,000 goal. As of Tuesday night, the first report night for the Residential division, the total for five of the seven campaign divisions stood at \$77,096.22.

Second Report Night in all village headquarters is tonight (Thursday). A third report night is scheduled for Monday, October 29, in this year's effort to "Sweep Clean by Halloween."

The Newton drive got underway last Thursday night with a Dutch Treat Kick-off Dinner in Newton High School gymnasium. Jesse Owens, immortal track and field star, was keynote speaker. Other sports celebrities who spoke included Jimmy Piersall of the Boston Red Sox, Francis "Chick" Morris, former Chicago Bears' back, and Miss Tenley Albright, Olympic skating champion.

Captains of the various athletic teams at Newton's parochial and public schools were honored. Members of the Newton High School track team were also guests of the Kiwanis and Rotary clubs of Newton. In his talk, Owens told the young athletes that sports were not everything in life and urged them to be good students. Having a trade or profession, he emphasized, helps make a person a better citizen. Mayor Whitmore, Jr., introduced the principal speaker, Curt Gowdy, voice of the Boston Red Sox, was master of ceremonies.

Reformation Sunday to Be Observed Here

The 439th anniversary of the Reformation will be marked in services of worship in the 24 member churches of the Newton Council of Churches this Sunday.

Designed to focus attention on Protestant history and heritage with a theme of "the continuity of the Christian church in the Protestant tradition," Reformation Sunday observances commemorate the date in 1517 when Martin Luther posted his historic arguments against indulgences and for what he considered a right understanding of repentance on the door of the Castle Church in Wittenberg, Germany. Reformation Sunday is a reminder to Protestants that the roots of the Protestant message are deep in the centuries of Chris-

tian and even pre-Christian history. Dr. R. A. Eusden, pastor of Elliot Church (Congregational) in Newton, Rev. Paul Uhlinger, pastor of the Newton Methodist Church, and Rev. R. W. Woodroffe, Jr., of Grace Church (Episcopal) Newton, have announced that, as for a number of years past, their three churches will unite in a Community Reformation Service at 11 a.m. The service, this year, will be held at Grace Church, and participating will

POLITICAL OVERTONES

Democrats Privately Feel that Eisenhower Will Win ... Whittier-Furcolo Fight Seen Extremely Close Contest ...

Even stalwart Democratic politicians now privately concede that President Eisenhower has won his fight for reelection and that little doubt remains concerning the probable outcome of the Presidential race.

The Democratic tide, which last month's election in Maine indicated is running with some force, seemingly is making little impact on the Eisenhower campaign.

Adlai Stevenson has waged a better campaign than he did four years ago. He has a united party behind him. But he is running against a man of immense personal popularity.

The polls and samples of voting sentiment that have been taken show clearly that Ike is just too strong to be beaten. Nothing, of course, is certain in politics but it obviously would take a tremendous shift to change the trend of the race for the Presidency.

In Massachusetts political attention and interest are now shifting to the battle between Foster Furcolo and Sumner G. Whittier for the Governorship and the clash between Edward J. McCormack, Jr., and George Fingold to determine which of the two will serve as the State's next Attorney General.

Party Programs Complete for Halloween Celebration

Everything is ready for the school children's Big Night next Wednesday evening. Committees have completed programs for the 400 separate parties to be held for more than 16,000 boys and girls of all grades from kindergarten through senior high.

From a survey of the programs planned, it is evident that this year's committees have hit a new high in developing activities for every age level. In great measure, the stepped-up enthusiasm and co-operation of the 1956 committee members is due to the effective administrative ability of Dr. R. Emerson Sylvester, general committee chairman, who has shown such a deep and sincere interest in the coming celebration, and has given himself so generously to the requirements of his exacting position, that the entire Halloween organization has been inspired and has responded with the determination to make this year's event the best ever. Although Dr. Emerson is a busy physician, he has not hesitated to devote every spare moment to this city-wide enterprise which he believes to be so worthy and so valuable to the children, the parents and the City as a whole. With the spirit shown by Mr. Sylvester and his 1600 committee members, it appears certain that the 1956 Halloween celebration is destined to write a new, glowing page in Newton's history.

Many reports from Building Chairmen have been received by Mrs. Ragna Hovgaard, general program chairman, all indicating that only a few minor details remain to be settled. From these reports are the following brief excerpts:

Mrs. Marion E. Moriarty, Building Chairman of the Franklin School party says that "the program is all settled." Suitable games and stunts for all grades are planned, with prizes, as well as singing and movies in the auditorium.

About 370 boys and girls of the 3rd through 6th grades, Hyde School, will attend the 7 to 9 o'clock party, reports J. Levinson, Building Chairman. An exciting evening is forecast, including a thrilling Chamber of Fun.

Mr. and Mrs. Raymond Wilbar and Mr. and Mrs. John C.

Coleman, building chairmen of the Underwood School evening gatherings, state that workers on their committees number upwards of 64, and that all these workers will be costumed. Between five and eight additional workers will have charge of the Den of Horrors.

Over 450 pupils, from kindergarten age through 6th grade, will participate in the parties at the Ward School, according to Mrs. Robert Talkov, Building Chairman, who adds that all plans are settled. She also announces her First Aid committee, headed by Dr. Olga Werner, for the afternoon affairs, and Dr. Robert Talkov, for the evening.

The Spaulding School will entertain 370 children from the 1st to 6th grades, reports Louis Eisman and Isadore Newman, building chairmen. Movies, a clown, a magician are included in the program, as well as a Fun House which will feature some brand-new, spine-chilling stunts.

LACK OF FUNDS MAY SAVE CITY FROM A TOLL ROAD EXTENSION

Report Contends Freeway Is Not A Remote Possibility

Lack of funds presently available to the Massachusetts Turnpike Authority may prove a determining factor in preventing construction of the East-West Toll Road extension over the Boston & Albany Railroad right of way through Newton and into Boston. That was the ray of hope contained in a report of progress submitted Tuesday night at City Hall by Mayor Howard Whitmore's committee of 80 citizens headed by C. Raymond Cabot, chairman.

Commenting on this angle the report stated:

"The committee has gathered a mass of data and information based on financial reports and the study of other toll road operations. It recognizes that much lies within the field of guess work and speculation as to whether the operation of toll roads and particularly our own will continue to be an attractive one from the investment point of view. Conditions in 1956 are not those of 1952. The forecasts and estimates of traffic and use may vary very greatly. All of this has particular bearing on whether the terms of the Trust Agreement as to the issuance of additional bonds can be met.

"It is the opinion of the Section (a sub-committee of the whole) that as of now, sufficient private financing is unlikely to be available for an eastern extension, and that whether or not the Turnpike Authority can meet the legal requirements for using any surplus left after completion of the 'Initial Turnpike' for the 'Remaining Portion,' very little surplus actually will be available, which, of course, means further financing before further construction, that within six months, engineering studies of traffic potential and construction costs will be on hand in such shape that a different conclusion might possibly be reached, that within two years the performance of the Initial Toll Road will have given a definite answer."

In commenting on this phase of the situation, Mayor

Blood Assurance Program In Oak Hill Is A Success

Early in August when most Newtonites were still in the whirl of vacations, the progress of the Red Sox, and the next cookout, the Oak Hill Park Association was hard at work plotting another project. Termined The Blood Assurance Program, it involved getting members of the Association to donate pints of blood through the Red Cross Blood Donor Program. The purpose: to insure that blood would be available if any resident in Oak Hill Park needed it. Being largely a young married community, with children, the need could and often does arise among five-hundred families. And the parents of these young couples will also be provided for. What prompted The Blood Assurance Program was two emergencies, but such will not be the case for next year. A team of forty-five workers

began a house to house canvas with a goal of 125 pints of blood. The program reached its climax last Thursday, from 12:45 p. m. to 7 p. m. at Memorial School, when 164 neighbors answered the call.

Mrs. Donald A. Cameron, Jr., 44 Hanson road, Chairman of the Program, commented, "Some industries and organizations have conducted such programs, but this is the first time a Blood Assurance Program has been done in a Newton village. It really was quite an easy thing to do, we're a very active group. The Red Cross did a wonderful job in transforming the gymnasium at the school into a blood donor center. My sincere thanks go to all who made our goal possible, as well as the members of the Committee: Mrs. A. Morrison Dow, Jr., Mrs. Edward Kaplan, and Mrs. Irving Sherer."

CAKE DIGGER—David A. Young's excavation activity on the occasion of his first birthday indicates he may follow in Dad's footsteps. Pop, John E. Young, is with the Massachusetts Department of Public Works, and lives with Mrs. Young and the future highway engineer at 2313 Washington street, Newton Lower Falls.

Head of Sacred Heart College to be Honored

Newton College of the Sacred Heart will honor its newly appointed president, Mother Gabrielle-Husson, R.S.C.J., tonight (Thursday evening) when representatives of the student body, all officials of student government or college clubs, will perform a play written by a member of the senior class. Students and faculty will observe the President's Holiday officially on Friday.

The play was written by Miss Mary Winslow of Washington. — SACRED HEART —

City's Share of MTA Deficit \$15,442 Less Than Year Ago

Taxpayers of this city will gain under the new Metropolitan Transit Authority assess-

ment based on a traffic poll recently completed. The traffic count, ordered by the State Legislature last year, was designed to reapportion costs for the MTA service by the actual number of riders boarding cars and buses in each of the 14 communities served.

Newton's assessment will be decreased \$15,442 annually. This city's old rate was \$51,231, based on a traffic census formula set up in 1941. Its new figure will be \$35,789.

Each year, the deficit incurred by the MTA is split up among 14 communities directly served by its trolleys and buses. Although a new formula has been asked for making the traffic count, the new figure was obtained in a traffic count that followed the old formula.

Authorize Study of Junior H.S. Plan

A study of the curricula and guidance, articulation, and interpretation and public communication results of the junior high schools in this city, with particular emphasis on the Day Junior High School, was voted by the School Committee at its meeting Monday night.

It is designed to examine the ways in which a specific junior high school fulfills its function as defined by educators, school officials and the expectations of its own community. The study was proposed by Charles Brown, a teacher at Day Junior High School.

Parents and other citizens of the Newtonville section of the city will be asked to fill out questionnaires and respond to interviews as part of the study. Practically all phases of the school program are to be studied with an eye toward trying to determine if the junior high system is actually necessary as opposed to the elementary to high school program still in use in many communities.

At this same meeting, Dr. Harold B. Gores, superintendent of schools, gave the com-

Ho-Hum, It Will Be Great to Get That Hour Back

Been feeling tired all summer long? We have too but cheer up, we'll get that hour's sleep back again that they took away from us in the early Spring.

Which is a way of reminding you that Daylight Saving will come to an end early Sunday morning.

So, before you retire Saturday night, be sure to set your clocks back one hour so that you will be in step with the rest of the country come Sunday morning when you arise to resume your activities.

You're right, that lost hour's sleep will sure feel good to get back again.

Mayor Stresses Need To Obey City Laws

Newton residents who put leaves in the streets, sidewalks or gutters or who burn leaves without a Fire Department permit are lawbreakers, Mayor Howard Whitmore, told members of the Community Council at a recent meeting.

Mayor Whitmore, a former community council member, told those present about the problems of keeping the city clean and beautiful during the present rapid expansion.

"Leaves are the biggest headache," Whitmore declared. "The city has purchased three additional leaf grinders making a total of five. There is an ordinance which prohibits putting leaves in the streets and sidewalks."

A Navy lieutenant was all set to serve as technical advisor for Ziv Productions' forthcoming "Men of Annapolis" series. Then it was learned that the Army had a colonel doing the same job on "West Point Story" (also from Ziv). Wheels turned fast, and now the Annapolis story has a new advisor — a full-fledged Navy captain. Incidentally, Ziv is flying 100 actors, actresses and production personnel each month to West Point for on-the-spot shooting at the military academy. The rest of the scenes are done right in Hollywood, using duplicate sets.

Myrna Loy, who is no stranger to Washington political circles, becomes a United States Congresswoman for her first telefilm in five years, General Electric Theater's "Lady of the House".

Billy Halop, whose performance as the meanest Dead End Kid will never be forgotten, gets a chance to switch roles in John Nesbitt's Telephone Time series. He'll play the chaplain of the 101st Airborne Division who jumped into the Battle of the Bulge to bring solace to the troops, then was captured by the Nazis.

There are so many wonderful new shows this season, as well as returned favorites, that every home needs to have them all available on a top quality set. Whatever make or model you may be set on buying, the chances are we'll have it for you. See us for quality merchandise and service.

Drive-

(Continued from Page 1)

Franklin N. Jaschner, campaign chairman, described the formation of the Ten Plus Club as an integral part of this year's drive. Members will be those contributors who give to the Newton drive at least ten per cent more than a year ago provided the gift was more than one penny per each of the 277 agencies. Residential workers started their calls last Sunday in observance of "Red Feather Sunday."

Surprise element of the kick-off meeting was an interruption by Robert DiBona, Boys' Club member, while he presented a club-made wooden gavel to Anthony Jauregui, president of Newton Community Chest.

For the fifth consecutive year, the Newton Police Department oversubscribed its quota. Report was made first day of drive to J. Philip Berquist, chairman of Municipal Employees division. At the same time, Mr. Berquist stated his division had raised 45 per cent.

W. Walker Cowles, chairman of the Advance Gifts division, reported an attainment of 50 per cent of his division's goal by the time of the Kick-off meeting. Total money reported at the same juncture in last year's drive.

Prior to the Kick-off meeting, Jesse Owens made a whirlwind tour to three of the Red Feather

agencies in Newton serving youngsters: Newton Boys' Club, Newton Y. M. C. A. and West Newton Community Centre. He received honorary membership certificates from the youth agencies. He completed his tour with a visit to Mayor Whitmore at City Hall.

Milton Cook was dinner chairman and assisted by Mrs. Riley Hampton, Mrs. P. Edward Eden, William Ziegler and Charles E. Chase.

Invocation was given by Rt. Rev. Walter J. Furlong, pastor of Our Lady Help of Christians. A prayer of dedication was delivered by Rev. Frederic Groetsma, minister of Newton Highlands Congregational Church. Benediction was said by Rabbi Murray I. Rothman of Temple Shalom of Newton.

Centre will be the speaker, talking as her subject, "Noughts or Crosses". The general theme of World Community Day observances around the world this year has been expressed in the Biblical phrase, "For the sake of my brethren, my kinsmen." Mrs. Manley has lived and worked with her husband, among the Christians of India for many years. She served on the National Board of the Y.W.C.A. in India; was President of the University Women of India, a group composed of both Indian and foreign women; and was Principal of an Indian Boys' High School, the first woman to hold such a position which she accepted only on the understanding that she would turn the administration over as quickly as possible to a native Indian Principal. She is the wife of an eminent Baptist missionary, just retired, who was formerly President of the American Baptist Seminary in India.

Mrs. James Burns, President of the United Church Women of Newton, will preside at the World Community Day Service, and Mrs. Homer G. Bean, Spiritual Life Chairman, will conduct the devotions. Hostesses from the First Baptist Church will be Mrs. Robert B. Swett, Chairman, Mrs. William M. Breed, Mrs. James H. Burns, Mrs. Fred B. Cutter, Mrs. Norman K. Gottwald, Mrs. Giles Martin, Mrs. Newton A. Merritt, and Mrs. Russell C. Tuck. The coffee hour will be in charge of Mrs. P. Edward Eden, Chairman, Mrs. Ronald W. Adams, Miss Elizabeth Chase, Mrs. Rhoda L. Chase, Miss Myrtle Dennison, Mrs. Gifford N. Hartwell, Mrs. Wendell R. K. Mick, Mrs. Esther H. Westgate, and Miss Amy Ann Tyler.

Donations of items needed by Church World Service—especially blankets, sewing materials, and good clothing—will be welcomed at this meeting.

Of all wells drilled in the United States since 1859, about 75 per cent have proved productive.

Party-

(Continued from Page 1)

About 75 pupils from the 7th grade will gather at the Union Church, from 7:30 to 10 o'clock, state Mr. and Mrs. Esmond S. Rich, building chairman. Games of all kinds are planned, and both square and ballroom dancing will be featured. Records will provide the music, with a caller. A Midway of stationary games will be an added attraction; and a photographer with a Polaroid Land camera will be on hand for candid "snaps."

Close to 500 of the 1st to 6th graders will participate in the Cabot School celebration, reports Mrs. Elzra Herskovitz, building chairman. In addition, she says parties will be held in the kindergarten rooms during the last hour of both morning and afternoon sessions, with room mothers in charge of games and refreshments.

The Oak Hill School party will entertain over 300 boys and girls of the 1st through 6th grades, states Milton Paris, building chairman. He says that special attention has been given to the Chamber of Horrors, and that a good deal of equipment has been acquired and that several good new ideas are being incorporated in this particular feature.

The Davis School 1st and 6th grade pupils, to the number of 250, will have their party from 7 to 9:15, according to J. Ellis Bowen and Mr. and Mrs. William Jones, building co-chairmen. A group of fathers will direct the Chamber of Horrors, headed by Anthony J. Farrington and Max Greenberg.

Mr. and Mrs. Arthur Dexter, building chairman of the Carr School gatherings, state that the children of the kindergarten and 1st grade will meet from 4 to 5 o'clock, and the 2nd through 6th graders from 7 to 9. There will be participation games in the classrooms, films in the auditorium, where a skit will be featured, afterwards. This program, also, is complete.

About 440 kindergartners through 6th graders will take part in the parties at the Countryside School, report Mr. and Mrs. Bernard S. Todrin, building chairman, with the kindergarten and 1st grade meeting from 3:30 to 5 p.m. The highlight of the afternoon party will be seven 6-minute reels of first-run Walt Disney cartoons, obtained through the personal efforts of Aaron Holtzman.

Mr. and Mrs. John B. Higley, building chairman of the Mason-Rice Schools event, expect an attendance of more than 525 kindergartners through 6th graders. The afternoon party, for the smaller children, will include, among other stunts, a Punch and Judy show. The older groups will meet from 6:45 to 9, and many surprises have been arranged.

Mrs. Morton Myerburg, building chairman of the Oak Hill School Halloween, says, regarding her parties that "some of last year's most popular acts will be repeated for the children, together with several new, outstanding entertainments."

Mr. and Mrs. Robert B. Purinton, building chairman of the Bowen School gatherings, expect 365 children from kindergarten age through the 5th grade. They report plans complete for an unusually good program. Recent additions to the committee are: Mrs. Badger, Mrs. P. Connolly, Mrs. S. Small, Mrs. H. Anderson, Mrs. V. Mitchell, Mrs. W. Gans, Mrs. T. Meaney, Mrs. A. Lippman, Mrs. Tucceri, Mrs. B. Sacks, Mrs. C. Hally and Mrs. C. Cheney.

The Warren Jr. High party at the Normandie Room, will be attended by around 300 boys and girls, state Dr. and Mrs. Annis G. Asaff, building chairman. There will be dancing, with music provided by an orchestra, also a variety of games. Prizes will be offered for both the dancing and games featured. The building chairman report that the party will be noteworthy, adding that "Everyone, both the committee chairman and their committee members have done an outstanding job of careful planning and have cooperated 100 percent."

the Fire Dept. and they cannot be burned on newly surfaced streets.

"The city is considering buying second-hand burlap bags to be sold at cost and will be picked up with the regular collections. They are undecided as to the places for distribution."

Other problems, the mayor said, concern: papers which collect against fences around commercial areas such as filling stations, and the debris on parks, playground and school yards. Whitmore said he is planning to send a letter to each home informing the people of the ordinances and asking their cooperation.

During the general discussion period which followed these suggestions were made.

1. Posting of signs calling attention to penalty for disposal of trash.

2. Have trash containers placed along Commonwealth Ave. and other strategic places such as business sections, bus stops, and school areas with signs explaining the ordinances (and fines which would put teeth into the ordinances).

3. Tell people where they may deposit leaves if they wish to cart them away themselves. They may take them to the Pine Street dump or the incinerator on Elliot street or call the Street Dept. for other locations.

4. Have the Mayor send a letter to every household—like a fireside chat—periodically.

Other communities to receive a higher assessment this year, in addition to Boston, are Brookline, Cambridge, Somerville, and Revere.

Mrs. Kenneth J. Waite, President of the Federation of Women's Clubs, explained about the Community Achievement Awards sponsored by the General Federation of Women's Clubs and Sears Roebuck Co., in which any Woman's Club may enter for prizes.

Albert Beisel, president of the Community Council opened the meeting with a few words in memory of the Council's past president, Dr. Leo Barry.

In Auburndale, Rev. Sydney Adams, Executive Secretary of the Newton Council of Churches and pastor of Centenary Methodist Church, has announced that his church and the Auburndale Congregational Church, Rev. Eugene Meyer, pastor, will join with the Church of the Messiah (Episcopal) in the latter's church building this Sunday, at 7:30 p.m., at which time the service will be conducted by Rev. F. W. Hupp of the Church of the Messiah. The public is invited to attend this service which will feature exhibition of the forceful and provocative motion picture film "Martin Luther" which has been proclaimed in review as "a great portrayal of vital religious experience".

Toll Road-

(Continued from Page 1)

Whitmore said: "Perhaps we could get a freeway built first. I feel this is so."

In this conclusion the Committee is in accord and stated: "The committee strongly feels that a freeway whatever the route, would be preferable to a toll road." And, "while the Turnpike Authority was established in 1952 it was 1955 when the enabling statute was amended and not until August of 1956 were any of the important questions answered directly by the Authority. Neither at that time nor since have any of the answers necessary for final determinations by the City been forthcoming."

Summarizing its findings to date the report stated that "certain conclusions were reached by the sub-committees," as follows:

1. The relative impact of land takings cannot be determined with absolute certainty, but there is subtended to the Committee report a tabulation of estimates covering the several plans or routes.

2. It is impossible to express the blighting effect of a toll road in absolute figures. The effect on nearby residences is obvious, as well as on churches and business property.

3. From a standpoint of road location, any toll road would have a seriously adverse effect on Newton; a freeway would be more favorable, but the impact of trucking traffic and its avoidance of toll roads is a factor which must be considered.

4. The complete Charles River route should be studied in greater detail, having due regard to the benefits which may accrue to Waltham and Watertown as well as Newton.

Mayor Whitmore, elaborating on the possibility of a freeway into Boston being constructed, said:

"I have asked the Department of Public Works whether they have the funds available for 10 percent of the cost" should the federal government supply the rest under the federal road plan, and "I have asked Secretary Weeks of the U. S. Department of Commerce for an estimate of the time required to provide the federal funds necessary to build such a road."

Political Overtones

(Continued from Page 1)

Both contests shape up as very close. They will be won and lost in the 12 days between now and election.

If President Eisenhower winds up his campaign in Boston on election eve, as it is expected he will, he unquestionably would give the Republican State ticket a big lift. Indeed, that presumably would be one of his purposes in coming here.

It is extremely unlikely that Adlai Stevenson on his visit here can provide anywhere near the help for the Democratic candidates for State offices that Ike will give to their Republican opponents.

During the past week the gubernatorial contest between Whittier and Furcolo has emerged from the polite stage and evolved into a rugged, two-fisted battle that is causing a rising pitch of public interest.

Furcolo without any question is a strong contender. He lost two years ago to Senator Leverett Saltonstall by a scant 28,706 votes, and he has built his political fences skillfully and thoroughly since then. The Longmeadow man is a good campaigner and an excellent speaker. He will roll up an exceptionally heavy vote in western Massachusetts, and he appears to have a potent organization working for him in Greater Boston.

Governor Herter has taken off his coat, rolled up his sleeves and gone to work for Whittier in an all-out drive to turn the tide for the man who has served under him as Lieutenant Governor for the past four years.

At times it has appeared that Whittier and Furcolo might even be pushed into the background while Herter and ex-Governor Paul A. Dever renewed their old political enmity. The guessing is that Herter and Dever will clash in a head-on collision before election day because Dever is supporting Furcolo as vigorously as Herter is backing Whittier.

One factor which the political experts haven't yet been able to assess with any assurance is the strength Whittier has stored up during the past four years through his personal contacts with voters in all parts of the State.

Furcolo has been campaigning since early last winter, but Whittier has been aiming for the Governorship for four years. He has been in the tiniest village in the Commonwealth, and he has met the voters in every one of the State's 351 communities.

What that will mean in terms of votes in the ballot boxes a week from next Tuesday remains to be seen, but Whittier could have a reservoir of strength that isn't apparent on the surface.

This observer believes that Furcolo and Whittier are running a pretty close race as they come down the home stretch. Whichever one is leading is not in front by much. Furcolo undoubtedly is being helped by the Democratic tide that apparently is rolling. Whittier should draw some strength from President Eisenhower.

Right now their contest looms as a tossup.

Two Strong Candidates for Atty General

A great many Democrats believe that Acting Mayor Edward J. McCormack, Jr., nephew of Congressional Majority Leader John W. McCormack, is the strongest man on their party's State ticket.

A good many Republicans regard Attorney General George Fingold as the sturdiest contender on the GOP slate.

Both groups could be right. However, the fight for Attorney General usually follows the trend of the gubernatorial race. Only once in the last quarter of a century have the voters chosen a Governor of one party and an Attorney General of another.

Most of the experts today rate McCormack a slight favorite over Fingold, while at the same time emphasizing that the complexion of their battle could change in the next 12 days.

A handsome, clean-cut young man of the stamp of the late Maurice J. Tobin and frequently referred to as the "golden boy" of the Democratic ticket, McCormack has demonstrated both excellent ability and real qualities of leadership during his service in Boston's municipal government.

McCormack is presently serving as Boston's Acting Mayor and is running the State's capital city while Mayor Hynes is

in Europe with a Crusade for Freedom team.

The two issues on which Fingold has attacked him are his youth and his relationship with Congressman McCormack. Both actually could be assets to McCormack, who at 33 already has earned a reputation as an excellent attorney.

Fingold is a seasoned, resourceful campaigner, the veteran of the Republican ticket and the only member of it standing for reelection to a position he now holds. He has been Attorney General for the past four years and also served as an Assistant Attorney General under Clarence A. Barnes.

It is safe to say that Fingold has never before faced an opponent with the strength, stature and striking personality of McCormack. Whether he can fight off McCormack's challenge is something that time alone will determine.

Cronin Has Real Opposition in Furbush

Back in 1948, as former President Truman was about to address an overflow crowd at a colorful rally in Mechanics Building, an energetic, chunky young man kept shouting for "three cheers for Harry."

When the demonstration finally subsided, Truman asked who the cheerleader was. The persons near him weren't quite sure who he was except that he was "running for something."

It subsequently developed that he was Edward J. Cronin, the candidate for Secretary of State, and he was swept into office by the Democratic tide which was running so strongly that year.

Cronin had a comparatively easy time retaining the office in 1950, 1952 and 1954, even though he became involved in several controversies, once when he became the first Secretary of State ever to have an automobile furnished him by the Commonwealth, another time when he insisted on the right to park his car on the sidewalk behind the State House. He backed down from that stand only after threats to tow the machine away.

This year Cronin appears to have a real fight on his hands. His GOP opponent is able, hard-working Senate President Richard I. Furbush who is popular with Republicans and Democrats alike.

In the entire history of Massachusetts Furbush is the only man ever to serve three terms and six years as president of the State Senate, a testimonial both to his leadership and the esteem in which he was held by his colleagues.

Furbush has been one of the soundest politicians on Beacon Hill. He presided over the Senate sessions with a firm hand yet had a reputation for fairness in both parties. He is considered the strongest candidate Cronin ever has faced. Their clash could prove to be an extremely close one.

Bitterness Marks Curtis-Holtz Battle

Tones of extreme bitterness this week marked the hectic battle between Congressman Laurence Curtis and former Assistant U. S. Attorney Jackson J. Holtz in the 10th congressional district.

Holtz supporters last week distributed a pamphlet purporting to show the voting record of Congressman Curtis and listing issues voted upon back to 1947. Curtis blasted back by accusing Holtz of employing deceit and deception. Curtis pointed out that he didn't go to Congress until January, 1953.

Followers of Curtis and Holtz believe that both men are stronger than they were in 1954 when they waged a close race, from which Curtis emerged the victor by a narrow margin.

Of the two, Curtis has had the greater opportunity to strengthen and entrench himself since he has been in office and in a position to serve his district and win new friends for himself.

Lively Fight for Lesser State Offices

Other lively fights for the lesser State offices are being waged between Charles Gibbons and Robert F. Murphy for the Lieutenant Governorship and between Joseph A. Nobile and Auditor Thomas J. Buckley for the office of State Auditor.

Gibbons is one of the most ebullient, fast-moving members of the Republican "team." He is strong in his own right, and he adds strength to the GOP ticket. Murphy was the Democratic nominee for Governor two years ago.

"The Commonwealth of Massachusetts was the pioneer in the development of probation in the United States." This statement introduces the section devoted to probation in the Westwell report, a special study completed in June, 1955, to recommend changes relative to reorganization of the correctional system of Massachusetts. When submitting the probation legislation, the Governor said, "The legislation which I submit to you today is in my opinion the most far-reaching step in the field of penology which has ever been proposed in the Commonwealth." Among other things, "it would integrate our entire probation system and place it on the kind of professional basis which is essential if we are to avoid the incarceration of thousands of first offenders for whom proper guidance and supervision in the community is more needed than punishment."

The Westwell report came into being after the attention of our citizens was focused on certain defects in our penal system, following the four-day riot in

the Cherry Hill Section of Charlestown prison in January, 1955. At that time, Governor Herter appointed a committee of nationally known penologists, with Dr. Nils Wessell, president of Tufts University, as chairman. Among other things, the report points to some of the weaknesses of our present system of probation. Poor salaries for probation officers and inequalities in the salary scales are not attracting the highest quality of trained personnel. In the past, some of these appointments were made for political reasons. The report also notes that the case loads of probation officers, in most instances are too heavy.

Probation is a system whereby a judge may place a person found guilty of a crime under the supervision of a probation officer, appointed by the court. The probation officer in his relationship to the offender, acts as supervisor, adviser, and, hopefully, as a friend working toward the goal of rehabilitation.

Experienced penologists agree that the treatment of offenders on an individual basis is desirable, and that good probation practices provide a means to that end. The future stability of family and community life is directly involved in the way we handle those who come into the criminal courts. Many of these individuals are youthful—the future parents of our community. Anything we can do to return the offender to the role of a responsible and useful citizen is a good investment. This is obvious when we realize that it is estimated that the cost of maintaining one person in a correctional institution could be ten times the amount necessary for adequate and effective probation services.

The League of Women Voters has supported recent legislation to improve and strengthen the system of probation in Massachusetts. This week, the Newton League has been studying and discussing the subject of Probation at six unit meetings, under the direction of Mrs. Stanley Lewenberg, Social Welfare Chairman.

LETTERS

IT CAN HAPPEN

Editor, Newton Graphic:

As the Presidential election swings into the home stretch, there are many predictions as well as positive outcome of the results, which is typical every four years.

It is possible, although it is rather remote, that the House of Representatives could pick the President if we wake up on Nov. 7 and find that an indecisive election has been decided by the voters.

If that could happen if the President should lose next month 10 states he carried in 1952. These states are California, Florida, Illinois, Pennsylvania, Minnesota, Tennessee, Texas, Virginia, Massachusetts and Rhode Island. These states will have 179 electoral votes. Subtract 179 from 442 electoral votes which the President received four years ago, he would have only 263, three less than the required majority. If Stevenson carries these 10 states in addition to those he took in 1952, it would give him 268, or two more than enough. But if he failed to carry South Carolina, which has 8 electoral votes, he would not have enough.

According to political doers, an election by the House of Representatives could be a political catastrophe that might end in a deadlock, and all of us would be searching for the books, to find out where we do go from there.

Newton Centre Woman's Club

Mrs. Harry A. Wansker, President of the Newton Centre Woman's Club, entertained recently at the Wellesley Country Club honoring the members of the Executive Board and committee chairmen. Luncheon was served to thirty guests who were seated at one long table. The table was attractively decorated with fall flowers and autumn foliage.

Tuesday, October 23, the Membership Committee, Mrs. John W. Watts chairman, honored new members at a tea given in the reception room of the clubhouse. Presiding at the tea table were Mrs. Wansker, president, and Mrs. Amos E. Kent, vice-president. Among the guests were the club officers, members of the executive board and the sponsors of the new members. The honorees were Miss Cecil Hollis, Miss Alice T. Smith and Miss John M. Ayer, Samuel H. Back, W. Donald Boyd, John T. Callahan, Ann G. Casanave, Charles H. Day, Jr., Robert G. Duffield, Stephen Lee Eakman, David D. Fletcher, W. Franklin Fullerton, Jr., David E. Goldich, Milton Grayson, Daniel V. Griffin, Stewart L. Holmes, Wason M. Hyde, Ray S. Jones, John M. Milne, James H. Newman, Robert B. Purinton, Howard Silbernagel, Gerald A. Stanchfield, Edward J. Sullivan, Ross L. Trenholm, and James R. Willey.

History indicates that the battle for Lieutenant Governor will follow the pattern of the fight for the Governorship. Only once in the last 12 elections has there been a departure from that rule. That was in 1944 when Maurice J. Tobin was elected Governor, and Robert F. Bradford won the Lieutenant Governorship.

If Whittier wins the Governorship, the likelihood is that Gibbons will be the next Lieutenant Governor. If Furcolo gains the Governorship, Murphy probably will go into office with him.

DEATHS

HENRI GANTEAUME

More than 150 persons, including his associates and leaders in the building industry, attended services held last Thursday for Henri D. A. Ganteaume, 73, of Newton, noted industrial designer, at the Waterman Funeral Chapel, Kenmore square.

Rev. Archibald L. MacMillan, pastor of the Scotch Presbyterian Church, officiated. Interment was in Newton Cemetery.

Mr. Ganteaume was a founder and partner of the engineering firm of Ganteaume & McMullen, and was the designer and builder of scores of major buildings throughout the country. He was especially known for his work on newspaper plants.

His firm is the architect for the new Boston Globe building now under construction on Morrissey boulevard, Dorchester.

GEORGE H. HAIGH

George Harry Haigh, 65, of 21 Roland street, a lifelong resident of Newton Highlands, died of a heart attack last Friday morning at his home after a two-week illness.

An electrical machinist at Gamewell Company, Newton Upper Falls, he was a member of Dalhousie Lodge of Masons and the Sons of St. George. He was educated in Newton schools.

Funeral services were held in St. Paul's Episcopal Church, Newton Highlands, Monday afternoon at 2 o'clock. Rev. John M. Balcom officiated and burial was in Newton Cemetery.

Rainbow Mothers' Club

The Rainbow Mothers' Club held a very successful telephone bridge on Thursday, October 18, under the chairmanship of Mrs. Edmund Trowbridge, vice president. Parties were held at the homes of Mrs. Albert Belmont, Mrs. John Benson, Mrs. Harry Brown, Mrs. William Clay, Mrs. R. A. Elliott, Mrs. Frank Farwell, Mrs. Walter Greymount, Mrs. Albert Johansson, Mrs. Curtis Legge, Mrs. Aaron Loomis and Mrs. David Loveland. Also Mrs. G. Stanley Lowden, Mrs. Nelson McKenzie, Mrs. James Mitchell, Mrs. Richard Pine, Mrs. Robert Price, Mrs. Carlton Reeves, Mrs. A. Johnstone Shaw, Mrs. Edmund Trowbridge, Mrs. Harry Whittemore and Mrs. Miles Woodworth.

Guests were served dessert and coffee preceding the bridge game. Prizes were awarded for grand slam to Mrs. R. W. Remington and Mrs. Morgan Jennings, and for little slam to Mrs. H. G. Morgan and Mrs. Leonard W. Goguen. Mrs. Herbert L. Dodge won the prize for high score and Mrs. Asher E. Sylvester for low score.

Many members who were unable to participate in the bridge playing donated gifts to increase the proceeds, as this is the only fund raising event of the year for the Club.

Evening Alliance

The October meeting of the Evening Alliance of the W. Newton Unitarian Church was held Thursday night, October 11th, at the home of Mrs. Erwin Salzer, 737 Chestnut street, Waban. Following a short business meeting presided over by Mrs. John Stackpole, Reverend John O. Fisher gave a brief talk on comparative religions. Questions and informal discussion by all members followed the talk. Refreshments were served by Mrs. Salzer and co-hostess Mrs. Carlos Samour.

A Plastics Toy Party is planned for the Nov. 8th meeting of the Evening Alliance, which will be held in the Alliance Room of the Parish House at 8:00 o'clock.

Beth El Sisterhood

The Beth El Sisterhood will hold its second meeting on Thursday evening, November 1. New members are cordially invited. The Beth El Congregation is located at 561 Ward street, corner Commonwealth avenue, Newton Center.

Herter, Jr. Waging Vigorous Campaign For Council Seat

CHRISTIAN A. HERTER, JR.

Former Representative Christian A. Herter, Jr. is waging a vigorous campaign this week for election to the Governor's Council from the sprawling third councillor district which extends across the entire width of Massachusetts from Rhode Island to the New Hampshire line.

The son and namesake of the

Governor, who has built his own record of public service and is standing squarely on his own feet in his bid for a seat in the Executive Council, was drawing strong support from members of both political parties.

One of the most promising young leaders in the Commonwealth, the younger Herter is a graduate of Harvard College and the Harvard Law School and in private life is an attorney.

He resigned from a position as general counsel for the Foreign Operations Administration in Washington earlier this year to return to Massachusetts and stand for election.

Herter is a combat veteran of World War II. He served five years in the army, enlisting as a private and being discharged as a major. He saw action with an armored tank division in France and Germany and was in the thick of the fighting as U. S. troops forced back the Nazis.

While in the Massachusetts Legislature, ex-Representative Herter won a reputation as a sound authority on legislation. He supported a number of measures of benefit to the working men and women of the Commonwealth.

ONE OF NEWTON'S most prominent residents, Ernest G. Angevine, lawyer and civic and social leader, who has been named chairman of the Newton Fund-Raising Drive of the Massachusetts Chapter, Arthritis and Rheumatism Foundation. Under his direction, volunteer workers will launch a Dec. 2-Dec. 8 door-to-door solicitation in this city. The Massachusetts chapter is aiming at a \$300,000 goal, state-wide, in an effort to stamp out the crippling, Arthritis.

Mason Rice School P. T. A. Open House And Book Fair

The Executive board of the Mason-Rice School, Newton Centre, met Monday evening, October 8, at the Mason School. Plans for the coming year were discussed and highlighting these events will be the first P.T.A. meeting of the season to be held at the Mason School November 13, at 8 p. m. for an "Open House" evening. This meeting will feature also a fabulous Book Fair where parents can purchase books for their families and friends.

On October 16, a highly successful Kindergarten Mothers' meeting was held. Mrs. Halcyon Carroll, a clinical psychologist in the Division of Instruction in the Newton Public Schools spoke on "Some Techniques in Discipline" and a coffee hour was under the auspices of the P.T.A. Hospitality Committee.

The following Committee Members are actively engaged in planning an outstanding year for the P.T.A.: Walter Muther, President; Ernest Dietz, 1st Vice-President; Miss Lillian Kenna, 2nd Vice-President; Mrs. Jack Yoffe, Recording Secretary; Mrs. John Billinsky, Corresponding Secretary; Mr. and Mrs. David Morse, Treasurers; Miss Ruth Burgess, Assistant Treasurer; Dr. and Mrs. David Kopans, Program Chairmen; Mrs. Theodore Pearson, Membership; Mrs. Raymond Smith, Ways and Means; Mrs. Russell Griffin, Thrift Shop Co-Chairman; Mrs. Howard Shuman,

Hospitality; Mrs. James B. Dealy, Civics; Miss Ruth Cannon, Rice School Teacher; Mr. and Mrs. E. Philip Levine, Rice School Parents; Miss Florence Packson, Mason School Teacher; Mr. and Mrs. William O'Brien, Mason School Parents; Library, Mrs. George Hite; Publicity, Mrs. Elliot Stone; Scholarship, Mrs. Peter F. Coogan; Members-at-large, Mrs. Martin A. Arslanian, Mrs. Paul McCaniel; and Mrs. Abbott Spear, Nominating Chairman.

Women Voters Meet German Newswoman

Mrs. Seymour S. Getter, president of the League of Women Voters of Newton, recently entertained Mrs. Margarethe Cohausz of Dusseldorf, Germany, a journalist brought to the U.S. by the League's Carrie Chapman Catt Fund, and by the U.S. State Department.

While in Newton, Mrs. Cohausz also attended a League unit discussion on "Probation." She will spend 90 days touring this country to learn about the political training and activities of American women, as well as their participation in other civic affairs. In the employ of the American consulate in Dusseldorf, she frequently lectures to women's groups on America.

Teen-Age Girl Badly Beaten By Assailant

The assailant of a teen-age girl near Fairway drive, West Newton, last Saturday evening about 10 o'clock has not as yet been apprehended although the police department is still investigating the assault.

According to the police, the girl was rather badly beaten up, receiving two black eyes and other injuries.

According to the police, the attacker made a get-away without anyone getting a good look at him although, on hearing the girl's screams, a resident of the area ran out to go to her assistance but the girl, too, had hurriedly left the scene.

It is believed that the attacker, if not a man, was a good sized youth and the police are proceeding along this line of investigation in an effort to apprehend the individual.

W. N. Women's Educational Club

Mrs. Percival Waters of 11 Hunnewell street, Wellesley Hills, will be hostess for the first meeting of the season of the Hobby Class of the West Newton Women's Educational Club on Thursday, October 25, at 2 p.m. The leader, Mrs. Joseph F. Spillane, will take up the question of what Hobbies the class wishes to pursue for the coming year.

Babson Group To Sponsor Blood Drive

The Veterans' Club of Babson Institute of Business Administration will sponsor a blood drive on behalf of the Red Cross on Wednesday, November 7, at the college.

The quota for this year's drive is 200 pints of blood, which will be donated principally by Babson students, with all Wellesley area students invited to join with Babson in the effort.

B&A to Drop Its Agent In Waban

In an effort to cut expenses by \$4,000 a year, the Boston & Albany railroad has filed notice it will eliminate its station agent at Waban.

In a communication to the Department of Public Utilities, the railroad said a caretaker will open and close the station and tend the fire in the winter months.

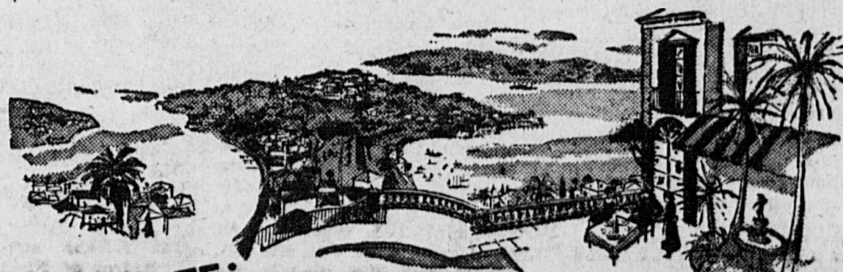

Presently the station agent is on duty at Waban Mondays through Fridays from 7 a.m. to 4 p.m.

A spokesman for the DPU said approval must be given before the agent's job is dropped. The DPU is currently "investigating" the matter, it was reported.

No public hearing is customarily held on such proposals "unless there is a protest," it was explained.

Until the DPU gives its permission to drop the agent, the spokesman said, the notification "will be held in abeyance."

The Parent-Teacher-Student Association of Newton High School will hold its first meeting of the school year 1956-1957 tonight at 7:45 p.m. This meeting is to be held in the Newton High School Auditorium is designed to provide an opportunity for discussion of the questions most parents want answered. After a brief general meeting, each member of the PTSA will join one of the seven discussion groups.

Harry M. Myers, President of the PTSA, will preside at the general meeting. Each discussion group will be led by a parent, a teacher, and a student. The major topics for discussion are: effective study habits, vocational opportunities after graduation, the four year college and university, the junior college and special schools, scholarship opportunities, and "the question box"—for those whose questions do not come under any of the first six topics.

The purpose of the PTSA is to bring the home closer to the school by including students in the organization. The officers are Presidents, Mr. and Mrs. Harry M. Myers; Parents' Vice-Presidents, Dr. and Mrs. Ernest Kuebler; Teachers' Vice-President, Mr. Frederick Holmes; Students' Vice-President, Nancy Stearns.

All Newton Music School

A flute has been presented to the All-Newton Music School by the Parents' Association, Mrs. Mabel Worth, director of the School announced following the first fall meeting of the board of the Parents' Association.

Officers of the Parents' Association of the All-Newton Music School for 1956-57 will be Mrs. Ernest F. Dietz, President; Mrs. Jack Bloom, Vice-President; Mrs. Erich Arenberg, Secretary; Mrs. Forrest Goldsmith, Treasurer.

The purpose of the Parents' Association is to provide assistance to the School by encouraging discussion regarding relationships of pupils, parent and teachers, to interpret the role of the School to the community and to raise money for scholarships and other needs of the School.

The group provides two scholarships at the School. Two evening meetings for parent-teacher discussion have been scheduled for early in February.

The All-Newton Music School is a non profit organization located at 398 Walnut street, Newtonville. It is a Red Feather Service and a member of the National Guild of Community Music Schools.

Ward P.T.A. Sponsors Concert For Children

More than 150 eager children of the first, second and third grades of the John Ward School were charmed last Thursday morning as they listened to the program of the Trio Concertante. This highly enjoyable concert was the first in a series to be presented to the children by the Ward P.T.A. through Young Audiences Inc., a national organization dedicated to bringing the best in music to school age children.

The pianist, Mr. Claude Frank, introduced the selections in a delightfully informal manner and Miss Madeline Foley, noted concert cellist, thrilled the children with a wonderful cello solo and her explanation of the sounds of the cello. The Trio Concertante, all professional musicians, played music by Mozart, Ravel and Dvorak. Mr. Werner Toranowsky, violinist, led the discussion period to which the children responded with enthusiasm and curiosity. To most of the children this was their first experience at a live concert.

Officers of the 1956-57 P.T.A. at Ward School are: Henry Marcus, president; Herbert Cohen and Mrs. Leopold Beck, vice-presidents; Mrs. Joseph Rodman, secretary, and David Lurensky, treasurer.

Highland Rebekah Lodge

District Deputy President Ethel M. Wetmore, assisted by her District Deputy Marshal Eugene Prescott, installed the officers of Highland Rebekah Lodge Wednesday, October 17.

Officers installed were Mrs. Jeanie Day, P.N.G., as Noble Grand; Mrs. Elvina Harris, as vice-grand; Mrs. Lucy Murray as Recording Secretary; Mrs. Grace Chamberlis, N.N.G., as Financial Secretary, and Mrs. Elsie Roberts, P.N.G., as treasurer.

A committee of P.N.G. served a very delicious collation after the meeting.

40th Anniversary

Mr. and Mrs. August Ziller of 84 Auburndale avenue, West Newton, observed their 40th wedding anniversary October 14.

After taking a trip to Philadelphia and Valley Forge for three weeks, the couple returned home and were given a surprise party by Mrs. Ziller's two brothers and a sister.

The party enjoyed a delicious roast beef dinner and the happy couple were presented a bouquet of forty roses and several electrical appliances.

The bride's maid at their wedding, her sister, Mrs. K. Blackstone, and her brother, H. Singer, who was best man, attended the 40th anniversary reception.

Countryside P.T.A. Halloween Activities

Wednesday, October 17, at 8:00, the Executive Committee of Countryside P.T.A. met at the school to hear reports from the various committees.

Among the different items of business discussed, the delegate to the Human Relations Council, Mrs. Robert Becker, reported that a workshop is planned this year around a display at the Museum of Fine Arts entitled "The Family of Man".

Mr. and Mrs. Bernard Todrin, chairmen for the children's Halloween parties to be held October 31 in the school gym announced that plans have been completed, and that the kindergarten and first grade groups were to attend from 3:30 to 5:00 p.m., and that the second through the sixth grades, from 7:00 to 8:30 p.m.

It was agreed that Countryside P.T.A. become a sponsor for the Cub Scouts.

Miss Anne Fahey, principal, announced that grade level meetings would be held on the following dates: Kindergarten, October 24; First grade on November 7; Second grade on November 28; Fourth grade on December 5; Third grade on December 12.

The next fund-raising undertaking is to be a book and record sale, the exact date to be announced later.

Mr. and Mrs. Yale Goldman, chairman of the P.T.A. Halloween Dance, have planned a costume party for this Saturday, from 8-12. There will be door prizes, refreshments, and dancing to Guy Ormandy's band. Admission is \$1.25 per person.

Countryside P.T.A. extends a cordial invitation to the P.T.A. groups of Memorial, Oak Hill, Spaulding, Bowen, and Hyde Schools to join in the fun.

Local Community Club Musicales

The chairmen of the music committee of the club announces a delightful program by two young talented artists, Alotha Doolittle, soprano, who has received highest awards and has sung with the Boston Symphony and Arthur Feidler at The Pops, and Tan Crone, pianist, who is a native of Holland and whose playing has captivated everyone. She has been honored by the Prince and Queen Juliana of Holland, has received many scholarships, and has played with Symphony orchestras and at concerts throughout Europe.

The musicale is at the home of Mrs. Maurice W. Dennison, 132 Farlow road, Newton, and proceeds will go to the Boys' Club of Newton.

Newtonville Garden Club

The next regular meeting of the Newtonville Garden Club will be held on Thursday, October 25th, at 10:15 a.m. in the Newtonville Library Hall. After the business meeting there will be a Fall Flower Show with arrangements by all the club members. Mrs. Stanley G. Kindred will serve as hostess.

MR. and MRS. WALTER J. KEANY

MISS JANET REGAN WED TO MR. WALTER J. KEANY

Snapdragons and cymbidium orchids decorated the altar of St. Bernard's Church recently for the marriage of Miss Janet Louise Regan, daughter of Mr. and Mrs. Carl Joseph Regan of West Newton, and Mrs. Walter Joseph Keany, Jr., son of Mr. and Mrs. Walter Keany, Sr., of Dedham. The wedding took place October 12 with the Rev. J. Desmond O'Connor, Chaplain of the University of New Hampshire, officiating at the seven o'clock candlelight ceremony. The bride's father gave her in marriage, and a reception followed at the Maugus Club, Wellesley Hills.

The maid of honor was Miss Carlotta Gay Regan, sister of the bride, and a student at the University of New Hampshire. Mrs. Susan Curtin Malloy of Waltham and Miss Doris Marie Fredian of Weymouth were bridesmaids. Donald O'Neil of Dedham served as best man. The ushers were William Hickey and Richard Fitzhenry, both of Dedham.

Both Mr. and Mrs. Keany are graduates of the University of New Hampshire. The bridegroom prepared at Rivers Preparatory School and is a member of Theta Kappa Phi fraternity. The bride is a member of Chi Omega sorority. After a tour of New England and New York State, the couple will be at home in Wolfboro, New Hampshire, where Mr. Keany is professor of history and football and basketball coach at Brewster Academy.

On Friday evening, November 2, at eight o'clock, The Little United Nations Glee Club of Morgan Memorial, a boys' choir of forty voices, will give a musical program at the Newtonville Methodist Church, Walnut street near Washington street, Newtonville. Admission is 75c for adults, 50c for students. Proceeds will be used for the work of The Adult Bible Class.

Following the program there will be a social hour with refreshments for students and members of the choir.

Lincoln-Eliot School Plans Halloween Party

Plans have been made by the Lincoln-Eliot School for the annual Halloween Party October 31. Kindergarten pupils will be entertained from 2 to 3:30 p.m. the afternoon of October 31 with grades 1 through 6 from 7 to 9:00 p.m.

Mr. and Mrs. Hubert W. Corliss, Halloween committee chairman, will direct the planned activities and welcome guests. A committee of parents will be present in each classroom to form play habits and activity during the party. Cartoons, movies, and competitive games will provide most of the evening program. Youngsters are urged to dress in costume but exercise safety measures to prevent injury. It is hoped that parents will accompany children to and from school. Refreshments will be served at the conclusion of the party.

Similar parties are being planned in all the schools throughout the City of Newton and sponsored by the Recreation Department.

Temple Shalom Youth Group

Rabbi Murray Rothman presided over the installation of the following officers for the Spots, senior youth group at Temple Shalom: Jerry Isenberg, president; Bonnie Bean, Elinor Yudin, and Leon Elson, vice-presidents; Margie Shepard, treasurer; Elaine Solomon, secretary; Ruth Shepard, Mimi Shaw, Leonard Shaw, Judy Balkin, Lee Dorson, and Robert Stearns, executive board.

A supper dance initiated the year's activities. The following members of the Sisterhood prepared and served: Mmes. Stearns, Stellar, Grant, Rigshaupt, Shepard, Bott and Morrison.

Membership in the Spots is open to all who have been confirmed or who are in the Temple's Confirmation class, or who are now in the tenth, eleventh or twelfth grades of high school.

Arthur Klein is director of youth activities at Temple Shalom and supervises the activities of the Spots.

Temple Emanuel Couples' Club

The Temple Emanuel Couples Club of Newton will have a "French Cafe Night" in the Community Hall at 385 Ward street, Newton Centre, October 28 at 8:30 p.m. A well known local Mambo dance band will be featured, and there will be dance contests with prizes awarded. It will be an open meeting at a charge of \$3.00 per couple.

The complete board for the 1956-57 year is as follows: president, Helen and Irving Berk; 1st vice-president, Helen and Herbert Greenblatt; 2nd vice-president, Bobbi and George Mulhalls; treasurer, Dorothy and Buddy Goldberg; financial treasurer, Shirley and Seymour Silver; recording secretary, Thelma and Simon Siegel; corresponding secretary, Gloria and Jack Kramer; board members, Selma and Leonard Fried, Mildred and Leon Proshon, Beatrice and Samuel Tall; publicity, Jeanette and Herbert Norman.

Room Mothers Appointed By Carr P. T. A.

Room mothers have been appointed for the Carr School, Newtonville, and in that capacity serve as liaison to the parents of the students in each classroom. For Mrs. Hunt in Kindergarten, morning and afternoon, Mrs. Joseph Mascia and Mrs. Charles Gilley, respectively. For Mrs. McQuaid, Kindergarten, afternoon session, Mrs. Norman Rubin has been chosen. All other grades are represented as follows: Grades, Mrs. Ashton, Mrs. Campbell, teachers; Mrs. Leonard Mersky, Mrs. Charles Harris, parents. Grades Two, Mrs. Chernoff and Miss Donohue; Mrs. Carmen Lupo and Mrs. Albert Fischler. Grades Three, Miss Murphy and Mrs. Sables; Mrs. Joseph Farina and Mrs. Murray Glickman. Grades Four, Mrs. Black and Mrs. Cronin; Mrs. Heinz Lettau and Mrs. Francis Charlton. Grades Five, Miss Ravesi and Miss Slamin; Mrs. Hyman Post and Mrs. Louis Antonellis. Grades Six, Mrs. England and Miss Vava; Mrs. Michael Lourie and Mrs. Benjamin Sandler.

Hallowe'en Party plans under this year's capable committee are shaping up quite well. Some excellent suggestions have been received and accepted by the committee. Arthur Dexter, chairman, and Mrs. Arthur Dexter, co-chairwoman, are ably assisted by Mrs. Verna Sawin, Mrs. Dorothy Jigger, Lou Beckman, Jack Murphy, Bernard Rainville, and William Sellers.

P.T.A. wishes to announce to all Newton residents that during National Education Week the classrooms at the Carr School will be open to the public as well as parents Thursday, November 15 from 9 a.m. to 12 noon. Don't miss this opportunity to see our school system in action.

Memory Expert To Entertain Newton ORT

The first meeting of the Newton Afternoon Chapter of Women's American ORT will be held Tuesday, October 30 at 8:00 P.M. in Brookline at the Hampton Court Hotel, 1223 Beacon Street. This meeting will be of great interest to everyone and a cordial invitation is extended to all husbands and friends of members, by Mrs. Milton Graham, President of the Newton Afternoon Chapter.

Ronald Prinn, noted memory expert, who studied under Dr. Bruno Furst, will be introduced by Mrs. Paul Levine, Program Chairman. Mr. Prinn has planned a very interesting and entertaining evening for us.

"Mellah," ORT's award winning film, which was shot on location in Casablanca, Israel and Switzerland, will be shown. The characters are not actors, but real people portraying themselves.

Mrs. H. Goldman, Chairman of Hospitality, and Mrs. Ida Gerler, Co-chairman of Hospitality, will serve refreshments.

Day Junior High School P.T.A. Meeting

The first P.T.A. get-together at the Day Junior High School was held October 9. A "Back to School Day" took place with parents following the same program that their boys and girls have throughout a given day. Later a reception was held for ten new teachers and the Grade Seven teachers who are meeting all the incoming pupils in this year's Seventh Grade. A food sale was also held for the benefit of the Day P.T.A. fund.

The following parents are officers and committee chairmen of the P.T.A. for the 1956-1957 school year.

President, G. Dana Sprague; vice-president, Mrs. Janet Margolin; executive secretary, Mrs. George Taylor; recording secretary, Mrs. Robert Wik; treasurer, Leon Huston.

State Title Gets A Severe Blow As Arlington Tips Newton 12 to 6

Any chance that the Orange and Black might have had for the state title went up in smoke last Saturday afternoon, as Newton suffered a heartbreaking 12-6 defeat at the hands of a determined Arlington team.

Newton's coach Bud Hawkes played into the hands of the Spy Ponders by requesting eleven minute periods instead of the usual ten minute quarters. This backfired, when Arlington which is a great second half team, scored the winning touchdown with 18 seconds remaining.

Newton lost the flip of the coin, and kicked to the Arlington thirty. On the third play from scrimmage, quarterback George Limerick broke loose for a twenty yard jaunt. Capt. Dick Patterson took over the running chores and in three carries moved deep into Newton territory. Keeping his team strictly on the ground, with the ball on the Newton ten, Limerick fired a bullet-like pass into the end zone which was

hit pay dirt. A 22 yard pass to Johnny Beggs, was followed by two line plunges. On the next play, speedy halfback John Connerney, broke away with great blocking and raced nineteen yards for the score. The try for point was partially blocked and the half ended with Newton on the long end of a 6-0 score. Arlington, which has always been great in the second half this year, came roaring back to tie the game.

With fullback Dick Patterson smashing through the Tiger line, Arlington covered 83 yards in eleven plays. With the ball on the thirty-four yard line, as result of a Statue of Liberty play, Limerick faded back and fired into the end zone to Jim Surette. The point was wide, and the score was 6-6 at the close of the third period.

With time running out, Arlington got the ball for one last try. Limerick time and again handed off to his workhorse Patterson, and big Dick rolled over the Newton linemen for yardage. In three successive carries, he moved the ball to the Newton eleven. A big hole on the left side, enabled him to punch to the six, and then to the two. With eighteen seconds left, he ripped over left guard and into the end zone for the winning score. The point was wide, and Arlington had knocked the Tigers out of the Class A race with a 12-6 upset.

Arlington completely dominated play on the ground as they outgained the Tigers 172-128 yards. Six completions in eleven attempts were good for 52 yards. Newton gained 62 yards through the air all in the first half, as they completed 4 for ten.

Newton's offense had plenty of chances to wrap this one up, but failed. Pete Nelson and Brian Kenny were playing with injuries, as defensive back Burt Katz sat out the game. It was a tough loss for the Tigers, who now prepare for the Medford Mustangs. Records would indicate a Newton romp, but statistics can lie.

With six sophomores seeing action on the varsity this is an inexperienced but game football team. They battled powerful Chelsea to a 0-0 tie, belted Somerville 20-6, and tied Everett 0-0 in three of their better games. They have a great center in veteran George Flynn, and of course their fine fullback Bobby Dell Isola. Dell Isola, the coach's son, is a 172 lb. back who is a fine runner and kicker. Two fine ends, Maguire and Hill give Medford a fair passing attack. This could be close, but if the Tigers shake off the loss at Arlington they

should return to their winning ways.

Chest X-ray Is Extended To Tonight

Because of the inclement weather the first of this week, the Newton Tuberculosis and Health Association has announced that it will extend the free chest X-Ray survey for adult residents through this evening (Thursday). The survey, originally scheduled to end last night (Wednesday) is being held at the Hawthorn Play-ground which is just off Water-town street. All adults who desire to have chest X-rays are urged to take advantage of this survey.

Says Experience Essential In County Position

Disbursement of a \$4,400,000 budget throughout Middlesex County in 1957 demands a keen insight in County management and calls for commissioners on the board of three members who have experience in dealing with heads of departments throughout the third largest county in the United States, Commissioners H. Herbert Applin and William G. Andrew, Republican nominees for reelection, stated today.

Commissioner Andrew is the veteran member of the board, having served both as chairman and member for the past 12 years. He was a former district attorney in Middlesex County, a practicing attorney for many years, and a top vote getter for the Republican party.

Commissioner Applin has been a member of the board for the past four years, acting as chairman for the past term of two years. He has served in town office in Watertown as selectman for three successive terms.

Commissioners Andrew and Applin have stated that Middlesex County presently is debt free, and developments in the interest of the county's future are now well into the planning stages. The betterment of working conditions among the 1,000 employees in the county will be one of the important projects to be studied in 1957.

"Miranda" Now Being Presented

"Miranda," an English fantasy, will be the first production of the 1956-1957 season presented by the Newton Players. Three performances will be given at the Beethoven School, in Waban, Thursday, Oct. 25, Friday, Oct. 26 and Saturday, Oct. 27, at 8:30 p.m. Directed by Maude Graham Higgins, the cast includes Mrs. Samuel W. Carnwath, Miss Rita Cushing, Mrs. Frederick G. Fisher, Jr., Miss Constance Linberg, Mrs. F. Wynne Paris, John H. Breen, Elio Centenari and F. Wynne Paris.

The Players' Workshop Craftsman, under the supervision of W. Hunter Perry, Jr., are assembling the stage settings and properties for the comedy.

NEXT SUNDAY has been set aside by the National Foundation for Muscular Dystrophy as Neighbor Fund Sunday. Shown going over the plans with Norman E. Moore of Newton, executive director, are Mrs. Annis Assaff of Auburndale and Mrs. David Miniz of Newtonville, general chairmen of the fund drive. The goal set for Newton is \$12,000.

High School Activities

One again the Newton High School Halloween Dance will be held at the Totem Pole. Newtonites will celebrate Halloween on October 31 from 8:00 p.m. to 12:00. Since Halloween comes on a school night, "A minimum amount of homework will be assigned on Wednesday so that all pupils will have the opportunity to attend the party." These encouraging words were spoken by Miss Curtis, Acting Principal at Newton High School. As usual, the Newton Recreation Department is sponsoring the High School Halloween celebration.

Dr. R. Emerson Sylvester, General Chairman; Mrs. R. Hovgaard, Recreations Supervisor; Mr. Davis, Dr. Peltier, Mr. Anderson, and Mr. Boyd, faculty advisors; Barry Sacks, General Chairman; Bessie Whitmore, Hospitality Chairman; Judy Brown, Ticket Chairman; Linda Bailey, Publicity Chairman; and Alan Martin, President of the Associates, are working to make this year's Halloween party a great success.

The Senior Play will be presented at the Newton High School auditorium Friday afternoon, November 16, and Saturday, November 17. Mr. Spink, the dramatics coach, says, "The rehearsals are coming well, and the students are working hard." Student directors of Double Door are Dick

Lakin, Nancy Wilbert, and Rayna Meshorer.

Handel's *Messiah* has been chosen as this year's Christmas Vespers' theme, and the A Capella Choir has already begun practicing. Although the *Messiah* is of considerable length and difficulty, Mr. Merritt, the choirmaster, is certain the group is justified in undertaking this great classic.

Named to the Dean's List at Pembroke College in Brown University are: Jane Albertson, Mary Pattern, Jane Arnold, Abbe Robinson, and Nancy Wernick, all of whom were graduated from NHS.

The first meeting of the Newton High School PTSA will be held on October 25 at 7:45 in the Auditorium.

Newton Center

Miss Deborah Barus, director of social service at Massachusetts Memorial Hospitals and Miss Helen Sandstrom, executive director of Rebecca Pomroy House were among the speakers at a luncheon of the New England Committee of International Social Work held October 19. Ray Johns of Newton, president of the New England Committee and executive secretary of Boston YMCA, presided at the luncheon.

Protection At The Polls

At this time, we are all very much aware of our privilege and right to vote. This right is surrounded and protected by safeguards. This protection begins on the local level with the selection of local Election officials, representing the two major parties.

Did you know that . . . Six Election Officers should be present when polls are opened?

Election Officers are asked to attend a meeting where they are instructed as to the procedure at the polls?

Election Officers receive \$17 for their work on Election Day?

People who count the ballots (after 8 p. m.) are paid \$8.00?

If a voter spoils his ballot, he may obtain two others, one at a time, upon returning each spoiled one to the Ballot Clerk?

The law prescribing an X to be made by the voter is directory, not mandatory? If the Election Officers are able to determine the intention of the voter, the vote is counted, regardless of the mark.

A voter may vote in person, although he has filed an absent voting ballot? Voting lists are checked before absent voting ballots are counted.

There is a police officer in attendance at every polling place? The police officer in attendance is given the key to the ballot box when it is opened?

The police officer holds the key to the ballot boxes until the polls are closed?

State Supervisors may witness the conduct of an election or challenge voters?

In Newton, most of the work connected with elections is handled through the City

Clerk's office?

Some cities have paid or unpaid separate Election Commissions which conduct elections and set up election procedures?

Newton has an Election Commission to certify nominations, voting lists?

You may be qualified to become an Election Officer?

For most of us, the only difficulty we may encounter in voting is finding the time to get to the polling place. For those involved in helping us to exercise our right, the difficulties are many; inaccuracies must be removed from voting lists, qualified election officials must be secured and instructed, counting votes is lengthy and difficult.

What can we do to improve things. For further information on this vital subject, we suggest that you contact the City Clerk's office.

Elected to Serve On Student Board

Three students from the Newton area were among those recently elected to serve on the seven-member Student Council at Newton Junior College during the 1956-1957 term.

Receiving the greatest number of votes among the 15 candidates was Diana Joyce, second-year liberal arts and honors student from Newtonville. She was a candidate for reelection, having served last year as secretary of Student Council.

Other local students elected were Robert M. Flynn of Newtonville, and Michael E. Flynn of Newton.

DISCUSSING PLANS for the Temple Emanuel year book to be published on Chanukkah are, left to right, Joseph G. Deitz, president of Temple Emanuel; David Short, chairman of board of trustees, and Mrs. Lewis Sherman, Sisterhood president, who is serving as general chairman for the year book.

EXECUTIVE POSTS were announced recently by Liberty Mutual Insurance Company for William R. Newton, left, of 54 Gammons road, Waban, named manager of the Business Risks Department, and Parker M. Morrell, of 26 Farquhar road, Newtonville, appointed director of the Business Lines Sales Department.

Furcolo Stresses Qualifications In Bid For Gubernatorial Seat

Foster Furcolo, Democratic nominee for Governor, this week stepped up the tempo of his campaign with a series of major addresses on television and at rallies throughout the State.

While pointing to numerous issues and hitting at the voting record of his opponent, Furcolo also urged voters to select their candidates on a basis of background and qualifications, and particularly by noting their past record of performances in the public interest.

"I feel that any man running for public office should stand for his own program," Furcolo said.

Charging his opponent with claiming credit for accomplishments of the Republican administration, the former Congressman and State Treasurer took issue with his opponent's constant "talk of measures or programs that, in the first place he did not propose, and in the second place often did not have a vote — one way or the other — upon such measures."

"I have never claimed as mine the work of anyone else, and I have never claimed credit for

something that some other governor did," Furcolo said.

Described as "one of the nation's eight rising leaders" by a national magazine, the Democratic gubernatorial nominee stated the case for electing a governor with experience on both the Federal and State levels.

Furcolo cited his qualifications as a Democratic gubernatorial candidate, including four years in the United States Congress and two and a half years as State Treasurer and Receiver-General.

"I believe that my federal experience will be helpful if I am elected Governor," he stated. "Many of our problems of today — those of aging, health, housing, highways — are a combination of Federal and State programs. It is important that we have someone with Federal know-how in the Governor's office," he said.

Furcolo said that the office of State Treasurer which he held from 1952-1954 dealt with more important problems of the Commonwealth "than virtually any" other office, except the Governor's and possibly the At-

orney General's."

He said that under his administration as State Treasurer, the Commonwealth enjoyed a Triple A financial rating, but that this rating had dropped since his leaving office, resulting in a higher interest paid by the State.

"He said he has had considerable talk about veterans," Furcolo said, as an example. "Well, it's interesting to note that he actually had a vote, not once but twice, against a bill to provide civil service preference for Gold Star Mothers."

"He voted against a bill to establish a 50-cent minimum wage and against a bill setting up the framework for a 65-cent an hour minimum wage," Furcolo said. "He has voted against increasing old age assistance to \$2.50 a week more, and against a bill providing for necessary medical care for citizens over 65 confined to a hospital and receiving old age assistance."

"And he voted against establishing a Consumers' Council, which would have given people direct representation on such matters as gas rates, electric light rates, transportation rates, bus rates, and things of that nature. He voted to kill such a Consumers' Council, and there are many other such votes," Furcolo said.

Foster Furcolo was endorsed recently by U.S. Sen. John F. Kennedy and praised as possessing a record of public service "marked by ability, energy, and a fine grasp of State and national issues."

Curtis Says Opponent Uses "Decit, Deception In Pamphlet"

Congressman Laurence Curtis last night accused his opponent of using "decit and deception" in circulating pamphlets "which purport to show I voted in Congress six years before I was a member of that body."

Curtis, who is standing for reelection in the 10th congressional district, declared the pamphlet enumerates several bills voted on by the Republican and Democratic members of Congress from 1947 to 1956. He pointed out that he did not become a member of Congress until 1953.

"This pamphlet is supposed to show the 'right' and the 'wrong' votes of Congressional members, according to the viewpoint of one political group," Curtis asserted. "On the inside of the pamphlet asterisks are placed to indicate the years when I was not a member of Congress, but the pamphlet is misleading and deceitful."

He asserted his opponent is listed in the pamphlet as being a former member of the Massachusetts House of Representatives. "That is correct as far as it goes," Curtis stated, "but the truth is this man served only one session of the House. He did not even complete one full term. He resigned."

Curtis said his opponent also lists himself as a member of the Massachusetts Commission to Investigate Subversives. "The fact is," Curtis declared, "that my opponent resigned from that commission before it conducted even one hearing or started its investigation."

"Unfair and deceitful tactics by my opponent will not fool the voters of the 10th district," Congressman Curtis declared. "My record is sound. I have been in Congress two terms. I am asking to be returned for a third term. I was State Treasurer in 1947 and 1948. I served three terms in the Massachusetts Senate. I served two terms in the Massachusetts House of Representatives and two terms in the Boston City Council."

"I have served as assistant United States Attorney at Boston. I was secretary to U. S. Supreme Court Justice Oliver Wendell Holmes upon my graduation from law school. I am a naval aviation veteran. I am past State department commander in Massachusetts of the Disabled American Veterans, past national senior vice commander of that organization and a member of the Amputee Vet-

McCormack Pledged Support For Attorney General Office

The complete, enthusiastic support of State Representative Joseph D. Ward of Fitchburg and Governor's Councilor Endicott (Chub) Peabody was pledged to Acting Mayor Edward J. McCormack, Jr., in the latter's campaign for the office of Attorney General in an unusual TV program this week.

The appearance of the three men on the same program brought together three powerful vote-getters who had sought the Democratic Attorney Generalship nomination which went to McCormack in the State primary.

Representative Ward and Councilor Peabody sharply criticized the conduct of Attorney General George Fingold in office and declared that by his bungling and incompetence he had disqualified himself for voter support.

Representative Ward attacked what he termed Fingold's "insatiable hunger for headlines," his "continual interference and harassment of faithful District Attorneys, far better qualified for their duties than the man who harassed them," and his "phony raids" which only obtained "sensational scare-heads."

The Fitchburg legislator termed Fingold "a crime-buster who has yet to bust a crime."

"During the four years he has served the office of Attorney General," declared Ward, "he has failed to dissolve a single crime syndicate. He has failed to obtain the conviction of a single racketeer of any stature or notoriety."

He said Acting Mayor McCormack had demonstrated far more ability to serve the Commonwealth as a real lawyer of all the people.

"You," he told McCormack, "will be far more concerned with the real duties of this

office. Your sterling record as a public servant proves that. There are many things which need correction in that office. I am certain that you will meet the challenge."

Councilor Peabody declared that Fingold has been "grossly lax" in his failure to protect the human liberties so vital to our American way of life."

He cited the manner in which Fingold and his office handled the case of Frances L. Duarte, 19-year-old Nantucket girl, illegally sentenced to an indeterminate sentence at the Framingham Women's Reformatory.

"I was amazed and shocked by the manner in which this case was handled by the Attorney General," the councilor told his audience. He declared that only the intervention of the State Supreme Court and a decision by Supreme Court Justice James J. Roman had prevented a gross miscarriage of justice.

He said that if the wishes of Fingold and the Attorney General's office had been carried out the girl would have been held illegally in prison for a long time to cover up bungling.

"I believe," he told Acting Mayor McCormack, "that you will make a great Attorney General. You already have demonstrated your sincerity of purpose and your desire to serve all the people and to protect the rights of all the people, not just the big and the powerful and those able to hire high-priced lawyers."

Mr. McCormack assured Representative Ward and Councilor Peabody and his listeners that, "I will consider it part of my duty to scrutinize all proposed increases in utility rates, whatever their nature and to oppose vigorously and strenuously those that are not justified."

Toastmasters Club

Officers were installed by the Newton Toastmasters Club 833 at the Beaconsfield Hotel last Thursday evening at its regular dinner meeting.

Robin Willis, area governor and member of the Wellesley club, installed the new officers and acted as master-of-ceremonies. The officers are: Charles Scipione, Jr., president; Joseph H. McPherson, Jr., educational vice-president; John Gwynn, administrative vice-president;

George S. Bissell, secretary; Thomas E. Crosby, treasurer; C. Gerald Murdy, sergeant-at-arms.

Ladies present at the meeting included the wives of the members and a delegation from the Newton-Waltham Toastmasters club. Each was presented a corsage.

Elmer Ross of Newton demonstrated the use of a catalyst in the chemical reaction and made an analogy between the effect of a catalyst on the reaction and the environment on a boy's character.

Installed 2nd V. P. of Safety Engineers

Robert Clair, 205 Homer street, Newton Centre, assistant vice president of the Liberty Mutual Insurance Company, was installed Tuesday, as second vice president of the American Society of Safety Engineers.

The Society, a professional organization of safety engineers, is dedicated to upholding the standards of the profession and using its abilities for human service in the nation, the state and the community.

Mr. Clair has been associated with safety engineering since

1920, when he was personnel manager of the Boston Woven Hose and Rubber Company. In 1924 he became director of safety for the Checker Taxi Company of Boston. He has been with the Liberty Mutual Insurance Company since 1926.

A long-time member of the American Society of Safety Engineers, he attended, as a charter member, the first meeting of the Society's Boston Chapter in October, 1924. He was elected to two consecutive terms as general chairman of the Boston Chapter, beginning in 1947, and has served on many chapter and national committees. For the last two years he has been national vice president for the Eastern Region of the Society.

Mr. Clair pioneered in the making of traffic surveys, participating in two such projects in 1925.

He collaborated in designing the first air raid protection plan for industry and business during World War II, and also collaborated in writing in 1943, the first industrial plan for the employment of physically handicapped persons.

A graduate of College of the Holy Cross, Mr. Clair also has done advanced work at the Boston University College of Business Administration and Suffolk Law School. He has written many articles on accident prevention and has lectured at a number of universities, at conferences and other meetings.

Also, he has been active in the work of the National Safety Council and the American Standards Association.

For the last three years he has been president of the New England Nephrosis Foundation Inc., a charitable fund-raising corporation.

Fall Convocation

At Theological School, Newton

Several hundred clergy from all parts of New England attended the day-long presentation of the historic Greene and English lectures given last Wednesday at the annual fall convocation of Andover Newton Theological School at Newton Centre.

Principal speaker at the services was Rev. Browne Barr of Yale Divinity School, who in delivering the John M. Greene Lectures, stressed the need for clergymen to think and work in terms of the many problems today confronting human existence.

Second keynote speaker for the day was the Rev. James Mullenburg of Union Theological Seminary, N. Y., who presented the Stephen Greens Lectures.

To Mr. and Mrs. Ashley D. Burt, Jr. of Newton, a son, Anthony Stephen Burt, born October 18 at Newton-Wellesley Hospital. Grandparents are Mr. and Mrs. Ashley D. Burt of Newton and Mr. and Mrs. Raymond F. Bohman of Gardner at Highland Farm, Vt.

Trojan Club

Plans Benefit

Yule Dance

The Trojan Club of Brookline, a sports club organized 26 years ago for grammar school boys in Brookline and including Newton, has planned its 12th annual Christmas Eve formal dance, to be held at the Sheraton Plaza, with all proceeds this year channeled to the Boston Association for Retarded Children, Inc.

Michael Sulkin of 89 Montrose street, Newton, president of the club whose 60 members range in age from 14 to 17, made the announcement last Thursday. He added that the group hoped to be able to turn over a check for more than \$100 to aid the Association.

Ruby Newman's orchestra and Al Drootin's Jazz All-Stars have been engaged to provide continuous music for the affair.

General chairman for the dance will be Jerry Wyman, of Waban, who is vice president of the club. Committee chairmen include the following from Newton: Walter Bernheimer, advertising-book layout; Martin Goldberg, orchestra; David Gilman, invitations; Bruce Seveling, printing; Richard Salow and Barry Wish, publicity.

Other officers of the club are Barry Sacks, treasurer; Leonard Bernheimer, secretary; and Gerald Burg, corresponding secretary.

Newtonians

Harvey Karp of 32 Warren street, Waban, is playing the part of the "honest engineer" in the Hovey Players' melodrama, "Love Rides the Rails" to be presented at the Boys' Club on Exchange street in Waltham, November 15, 16 and 17. Mr. Karp is also working for the Newton Community Fund and is on the Newton Recreation Committee for the Halloween Party at Beethoven School in Waban.

Joseph Ryan Is Named Trustee at Meeting

Joseph Ryan of 23 Locksley road, Newton Centre, vice president and sales manager of O'Brien Distributing Company,

Inc., Charlestown, was elected a trustee of the Bay State Society for the Crippled and Handicapped, Inc., at its 13th annual meeting held Tuesday in Worcester.

Ryan, who has been a member of the corporation of the Bay State Society, was Greater Boston chairman of the 1956 Easter Seal campaign.

At the same meeting, Miss Ruth Burns, assistant vice president of the Newton-Waltham Bank and Trust Company was reelected treasurer of the society.

Civil Defense Programs Are Being Issued

Chief of Police Philip Purcell, acting director of the Department of Civil Defense of the city, stated this week that during the next few days every family in Newton should receive a copy of the Federal Civil Defense program entitled "Home Protection Exercises". These pamphlets are being distributed by the Boy Scouts of Norumbega Council.

Father-Daughter Breakfast Sat.

The first father-daughter Red Feather Breakfast sponsored by the Camp Fire Girls of Newton will be held this Saturday morning, at 10 a.m. at the Newton Y.M.C.A. Planning Committee members are: Mrs. Francis

tributed by the Boy Scouts of Norumbega Council.

Chief Purcell said that every householder should examine it thoroughly as much valuable information is contained therein. Precautions for survival in the event of enemy action are clearly set forth.

Any householder who does not receive a copy of this booklet within the next week should contact Newton Civil Defense Headquarters at 430 Walnut street, Newtonville, or call DEatur 2-3330.

In behalf of the citizens, Chief Purcell extended his thanks to the Boy Scouts for the excellent assistance in distributing the pamphlets and the Girl Scouts for their equally fine work in preparing the literature for distribution.

College Club Plan Now Available at Savings Banks

Parents, looking for a way to avoid the burden of a heavy cash outlay when the time comes to send their children to college, can do much to overcome the problem by enrolling them in the College Club—newest self-planned savings service of the Savings Banks in this city.

In announcing the installation of the College Club at these Savings Banks an official said recent surveys show the average college graduate earns

their Democratic opponents under by a large margin.

\$74,000 more in a lifetime—88% more—than the average high school student. He said our ever-improving living standards, coupled with the demands of an increasingly competitive economy and the trend toward specialization in job requirements, more than ever emphasize the importance of a higher education as a stepping-stone for better living and successful employment.

The only sure way for the average family to acquire the cash needed for future college bills is to plan ahead with a savings program designed for this specific purpose. The College Club, he says, offers a plan that can be fitted to any family's income, started with whatever the family can afford, and added to with any amount at any time.

Open Muscular Dystrophy Drive Sunday

The State Chairman, Attorney General George Fingold, of the National Foundation for Muscular Dystrophy Fund

Drive, announced today that Sunday, October 28, shall be known as Neighborhood Fund Sunday. Committees have been formed in the various cities and towns so that neighbors will be called upon by some members of the committee for contributions to carry out the Muscular Dystrophy program that is now going on at the Children's

Medical Center. In announcing this, Attorney General Fingold reminded the people that only recently he had the honor of giving a check for \$8,750 toward this outstanding cause. It is expected that the people will extend a helping hand and enable their Neighborhood Committee to make this drive a success.

TRUSTEE—William A. Daniels of 57 Oakwood street, Newtonville, secretary of the Farrington Manufacturing Company of Needham, and member of the board of directors of the newly organized Needham Chamber of Commerce, who has been elected a trustee of the Boston Evening Clinic. The 30-year-old non-profit clinic serves working people and others in the evening at convenient cost. Mr. Daniels has been with the Farrington company for 44 years. He married the former Dorothea Mason. The couple has two children, a daughter, Mrs. Kendall W. Fisher of Newton, and a son, William, a graduate of Dartmouth College in the Class of 1940. William served with the U. S. Air Force during the last war and was in charge of transport weather service in the North Atlantic. He left the service in 1945 with the rank of lieutenant colonel.

Foreign Students at Junior College

Four multi-lingual foreign students are among the 122 day division students enrolled at Newton Junior College this year.

Pursuing varied courses at Newton's publicly controlled college, now entering its eleventh season, are Zabello Mississian of Lebanon; David Rousseau of Le Cateau, France; Monique Lombard, of Geneva, Switzerland; and Vincent Finelli of Salerno, Italy.
